## ENROLLMENT REPORT

Dear Fellow Tribal Members and Friends;

Because few applications were completed in the last month, our tribal membership is still 2273. When an enrollment application is received, I write to the applicant, and explain that a waiting period is necessary before their file is approved and their roll number issued.

Each completed application is reviewed by the Enrollment Committee. The Committee makes a recommendation to the Tribal Council to approve or reject an applicant. The Tribal Council then acts on the recommendation and a roll number is issued.

An Enrollment Committee meeting is called when there are two hours of reviewing ready. As there are nine Committee members, it would be unfair to call them in for just a half hour. Because of the delay between completion of an application file and the issuing of a roll number, I will verify a client's eligibility when requested.

Each applicant is enrolled by their legal last name. If I get a call for a verification for a client who is listed on the membership roll as Sam Smith, but the call is for Sam North, I would verify him as non-enrolled. The most common occurrence of an incorrect last name is for step-children. Please give their legal last name for tribal verification.

All name changes must be justified by the Enrollment Committee and approved by the Tribal Council. Please contact me for assistance. The Tribal I.D. cards are issued daily. I recommend a call ahead just to make sure that an issuing officer is present. The issuing officers are myself, Greg Archuleta and Joann McClary.

If you are a relative have not received a letter from the Tribal Chairman with a roll number on it, please check with me. You may not be enrolled, and may be denied benefits. If you have questions on the enrollment procedure, please call or write to me in care of this office.

Sincerely,  
Margo George

## WEIGHT LOSS CONTEST

The Weight Loss Contest was held from January 4, to February 29, 1988 through the Tribal Office. The contest consisted of a packet of information for each contestant to follow while participating in the contest, the packet contained information in regards to weight charts, checklists for week by week progress, and ideas for better control of weigh. Each contestant weighed in at the office every Monday between 8:30 and 5:00. Their weight was then recorded under confidentiality, the contestants made up names so that their real names were not used on the charts with the information in them.

The contest had nine contestants consisting of: Tony George, Joann McClary, Shelley Hanson, Carol Terp, Al Terp and Tammy Fry, with the other three contestants being left un-named. The contest co-winners were Tony George and Tammy Fry with both of them obtaining four stars/points each. The points were awarded as follows: 1 point/star for each person reaching their personal goal of not more than 2 pounds a week, -1 point/star if they did not weigh in on Monday, and 0 points/star if they lost more than their personal goal. The total amount of weight lost was 33 3/4 lbs.

If any tribal members are interested in looking at the contest packet to try the material on their own, can contact Bonne Martin or Tammy Fry at the Tribal Office. We have a weekly list of individuals that weigh in every Monday so if you are interested, please contact us.

## FISH & WILDLIFE

The Fish and Wildlife Committee has set up the following guidelines for the distribution of Salmon expected to take place in June.

- 1) Persons picking fish up for another tribal member must have a signed note from the person.
- 2) Two pounds of fish will be given for each tribal member in the family.
- 3) The fish will be distributed on a first come, first serve basis.

The Tribe is expected to receive 2000 pounds of subsistence salmon sometime in June. Further information will be published in later editions of Smoke Signals.

The Fish and Wildlife Committee is looking for tribal members interested in being Hunter Safety Instructors for youth between the ages of 12 to 18 in the Grand Ronde area.

The instructors would need to pass the State's Hunter Safety Certification Test and would be involved in planning and implementing Hunter Safety courses.

The Committee hopes to supplement the state required materials with actual hands on activities for the students in the rifle and bow hunting areas.

Tribal members are encouraged to get involved in the activities. The Hunter Safety Program will be discussed in more detail at the Committee's next meeting on April 19th, at 6:00 p.m. at the Tribal Office. Interested Tribal members are encouraged to attend the meeting. For more information, call Greg Archuleta at 879-5211.
