

*On The Rivers  
by #705*

*Take your shoveled teeth to school  
Don't chew the baby's food  
Adapt, adapt or go extinct  
Use your shoveled teeth to smile the lie*

*Where are you from  
Where can you go--  
Put the baby on your back  
And go along the trail*

*The eel slips between your hazel shool  
The berries don't bloom, the fish are dead  
The deer have run away*

*Adapt, adapt or go extint  
Take your shoveled teeth to town  
Make them spit the lie*

*The econiche has killed your soul  
Stuffed-slift-Hard trophy  
It's hidden in their allie*

*Evolve, evolve  
Take your shoveled teeth  
And inhale the mutant world*

From Horner Museum Collection
