

ENROLLMENT REPORT

☐ DECEASED MEMBERS TO REMAIN ON OFFICIAL MEMBERSHIP ROLL

Dear Fellow Tribal Members and Friends,

Last months enrollment article on deceased members has caused mass confusion, and I apologize for any misunderstanding.

TRIBAL MEMBERS WHO ARE DECEASED WILL ALWAYS BE LISTED ON THE OFFICIAL MEMBERSHIP ROLL. The official membership roll includes the 1954 termination roll, which our Tribal Restoration Act designated as our Tribes' "base roll". The 1954 roll had members listed 1 through 862. When restoration was received, the new enrollee's were issued roll numbers which began with 863, and as of now, end at 2417, our current membership total.

Since the reservation lands were approved, I have been providing statistics for future planning. Without removing the deceased members from the "working roll", the statistics submitted would be inaccurate.

Please understand that your family members who are deceased WILL NOT be wiped out of the present or future tribal records. They were listed by their roll number, but designated as deceased.

If a member who's number 4000, passed away, their roll number would be listed as #D4000. Please contact me if you wish more information in regard to removing deceased members from our roll. Also please let family members know that the deceased are removed from the "working roll" for statistical purposes only.

I am required to report deceased members to the Bureau of Indian Affairs. Before the B.I.A. is notified of any deaths, the Enrollment Committee verifies that the documentation has been submitted, or that the names of members believed to be deceased have been published in accordance with the C.T.G.R. Enrollment Ordinance.

The Enrollment Committee recommends that the Tribal Council approve members names to be designated as deceased. The names of deceased Tribal Members will not be submitted to the B.I.A. without Enrollment Committee review, and Tribal Council approval.

It is required to report any change on the membership roll. Documentation that is acceptable as proof that a member is deceased includes:

1. Death Certificate
2. Mortuary records
3. Hospital records
4. Obituary notices from newspapers.
5. B.I.A. records
6. Written, signed statement from a relative, giving date of death.
7. Written, signed statement from someone who attended the funeral or saw the grave marker, and can provide the date of death.

Last month I had listed the following members as possibly deceased. If you can supply a date of death, please send the form below to me. It is for the benefit of the whole tribe for the enrollment office to keep

current records. YOUR HELP IS GREATLY APPRECIATED. The possibly deceased members are listed as by name and birthdate as appears on the base roll.
