New handbook rules for Fish and Wildlife Department

The following is a list of new rules the Fish & Wildlife Committee has adopted for the 1995-96 hunting season. Please read them carefully.

Failure to follow the rules will result in tribal violations.

••Any person under the age of 18 must have their parent/guardian co-sign for his/her tag. No tag will be issued without a parent/guardian signature.

••All tags must be picked up seven days prior to the beginning of the hunt (except general deer). There will only be one letter sent out to each of the drawing winners. This will be your only notification. If your tag is not picked up by the appropriate date, it will be re-issued to the next person on the list.

••All Hunter Return Cards must be returned to the Fish & Wildlife Department ten (10) days from the last day of said hunt. There will be no warnings or extended deadlines. Failure to return cards will result in tribal penalties.

••Eligible tribal member's must complete a transfer form in order to transfer a tag to another tribal member. Forms must be filled out completely by both parties before tag will be issued. Forms can be obtained from the Fish & Wildlife Department.

Annual elk drawing held on August 7

The Fish & Wildlife Committee will hold it's annual elk tag drawing on August 7, 1995 at 5 p.m. at the Tribal Community Center.

Drawing Rules:

••Only one application per category. Multiple applications will result in all applications being invalid for the individual.

••All applications must be completely filled out and turned into the Fish & Wildlife Department by 12:00 noon on August 7, 1995.

••Tribal members must select their preference for the first or second season elk hunt. The preference must be circled on the application form. If no preference is selected or both circled, the application will be invalid.

••Those interested in the bow elk hunt may also submit an application for general elk, but their name will be withdrawn from the general elk if they draw a bow tag.

••Bow and general elk season tag applicants may also apply for the control/damage hunt of their choice.

••General elk tag winners will also be eligible for a control/damage elk tag.
