On the following pages you will find the personal statements and remarks submitted by the Tribal Council candidates for the 1996 election. Smoke Signals publishes these statements every year in an effort to provide information to those voters who live outside of the Grand Ronde area or are unable to attend the Candidate's Forum.

We hope all eligible voters will use these statements to help them make an informed and thoughtful decision on who they believe would best represent the Tribe and its members by serving on Tribal Council.
