

## Tribal Recycling Depot Now Open!

Grand Ronde residents will no longer have to chart their recyclables to McMinnville or other towns. A community drop-off recycling depot is now open behind the Public Works building on 25500 Grand Ronde Road. In response to tribal member interest in local recycling, a recycling depot has been established for the Grand Ronde community's use. The depot will be smaller but similar to the City Recycling drop-off depot in McMinnville. You can recycle used newspaper, magazines, corrugated cardboard, glass, tin cans, aluminum cans and plastic bottles and milk jugs. Signs at the depot clearly label the various bins. All contributions to the depot are voluntary. No deposit will be paid and no fee will be charged. City Recycling of McMinnville will collect the materials and sanitize the containers weekly. You may already be familiar with City Recycling's drop-off program. If not, the guide below explains the requirements of their systems.

**Newspaper:** Slick ads may be recycled with the paper. Please do not mix with cardboard, paper bags or magazines.

**Magazines:** Must be slick, shiny, coated paper only. Catalogs are O.K. **Don't mix with newspaper.**

**Corrugated Cardboard:** No wire or plastic. Waxed cardboard cannot be recycled. (No cereal boxes, milk cartons

or shoe boxes.) Recycle brown paper bags with cardboard.

**Glass Bottles & Jars:** Food and beverage bottles and jars only. Caps must be removed. Labels must be left on. Sort by color (clear, green, brown) into separate bins. **No broken glass,** window glass, light bulbs, pyrex, ceramics or dishes.

**Tin Cans:** Remove labels, top and bottom. Rinse clean and flatten. Household cans only. No appliances or scrap metal.

**Plastic Bottles & Milk Jugs:** Check the neck, threaded necks (or screw tops) only. Discard lid, rinse and flatten. You do not need to remove labels.

Establishment of a community recycling center has been a goal of the Tribal Recycling Team for sometime. Dakota Whitecloud, who serves on the Recycling Team said, "It's a good place to have the depot. Public Works is a secure location and also easily accessible." "It's about time," commented tribal member and Grand Ronde resident Jan Michael Reibach. "It's a good idea. It makes sense that Indians would want to recycle and protect the environment."

Special thanks go to Mike Larsen and John Mercier for their help and support of the project. The hours of operation for the depot are 8:00 a.m. to 6:00 p.m. The area will be patrolled by tribal security to ensure that this community service is not being abused. If garbage dumping occurs on site, the depot will have to be closed.

## Wedding Celebration

*The happiness of a smile;  
The embrace of a  
friend or loved one;  
The gathering of friends and family;  
The union of two people  
in marriage;  
Love in itself.*

*Please join us as we celebrate the  
union of our lives;  
In the Spirit of our  
Great Grandfather;  
In the Traditional Indian way;  
Joined on this day are  
Aleta R. Roy and Deitrich D. Peters  
By Don Moccasin*

*The ceremony will take place in  
Grand Ronde Oregon,  
on the Reservation.  
Friday the 8th day of August  
1997 at 8:00 P.M.*

*There will be a reception following the  
wedding ceremonies,  
at the community center.*

*Please R.S.V.P. as we would like to  
accommodate as many as possible.  
Home address  
1520 Jackson S.E.  
Albany, Oregon 97321  
Day time phone 926-5387  
(Drug and alcohol FREE)*

## "To a Special Person"

We would like my niece Angie Fasana to know how very proud we are of her. On May 24 we attended to her graduation from Lewis and Clark Law School. She worked very hard for this accomplishment. She set her goals high and then did it! Through all of this she still attended all family functions, got married, had a daughter, and tried to live as normal a life as possible. She also attended all Education Committee meetings, as she is the secretary. We could go on forever of all reasons why we think she's special. But most of all she is and always has been a great niece. Always willing to help. We still see her as the little girl in pigtails smiling. Best of luck. We love you, Uncle Roy and Aunt Dar.

## Birthday Wishes

**A VERY HAPPY BIRTHDAY TO MY VERY SPECIAL GUYS!!**

Eric Sabin 9 years old June 21st,  
Anthony Sabin 8 years old June 25th  
Love You Two Always, MOM

HAPPY BIRTHDAYS IN JUNE  
My Nephew Sammy Long  
My Sissy Nichole Long  
My niece Pamela Traum  
Happy Birthday to all of you  
Love Val, Lennis, Eric, Tony, and Gary

## Our children's' wellness

### DID YOU KNOW:

**By the Time Teenagers Reach the Age of 17...**

- 68% can buy marijuana within a day.
- 62% have friends who use marijuana.
- 58% have been solicited to buy marijuana sellers.

- 58% know someone personally who uses acid, cocaine, or heroin.

- 43% have a friend with a serious drug problem.

- 40% have witnessed the sale of drugs in their neighborhood.

- 42% find marijuana easier to buy than either beer or cigarettes.

- 79% have friends who smoke.

- 79% have friends who are regular drinkers; 34% know someone with a serious drinking problem (notice the incidence of serious drug problems is greater than serious drinking problems).

- Less than 1 in 3 attend a drug-free school.

- Only 1 in 3 are willing to report a drug user or seller in their school to school officials.

- 49% of these "boomer" parents tried marijuana in their youth. **Kids Exposed to Smoke are Sick More Often...** Children exposed to smoke in their homes have more colds, flu, bronchitis and pneumonia and miss 7 million more school days than others kids, a major study shows. Researches for the federal Center for Disease Control and Prevention, Atlanta, interviewed the parents of 17,488 children ages 1 to 10.

"Secondhand smoke exposure has

never been studied in such a large number of children before. This is the first nationally representative sample," says David Mannino of CDC. Based on their sample, representing 33.7 million children, Mannino estimates 10.5 million (31.2%) are exposed to cigarette smoke in the home daily and another 2 million (5.8%) are exposed less often.

Results show that 10.5 million children are exposed to smoke every day.

- They miss 28 million school days, a third more than kids not exposed to smoke at home.

- Have 1.7 million more colds and acute respiratory infections, 10% more than unexposed kids.

- Have 102 million days of restricted activities, such as missing sports practice after school, 21% more than exposed kids.

- Secondhand smoke is the third leading preventable cause of death in the U.S. behind direct smoking and alcohol abuse.

- Each year 53,000 Americans die as the result of exposure to secondhand smoke.

- Tobacco smoke contains more than 50 chemicals that have been identified as carcinogens (cancer-causing agents).

- Sidestream smoke contains 2.5 times more carbon monoxide than direct smoke. And it contains more small-diameter particles, which are more likely to become embedded in the lungs.

- up to 33% of childhood asthma in the U.S. is due to exposure to tobacco smoke

- Exposure to parents' smoke is a major cause of Sudden Infant Death Syndrome (SIDS).

## Birth Announcement

Cassidy Lynn ST. George was born on May 21 and weighed nine pounds, one ounce. She was 20 1/2 inches long.

Proud parents are Rebecca J. Pearsall ST. George and Matthew ST. George. Grandparents are Ed and Sherry Pearsall, and great-grandparents are Betty and Bob Garrett. Cassidy has a big sister — Haley Elizabeth. Congratulations to the whole family!
