New hunting rules: please read carefully

RESTRICTED AREAS: Approximately 1040 acres of Reservation land have been set aside as a wildlife enhancement area. The entrances to roads 206 and 212 along the Wind River access road are gated year round to restrict vehicular traffic in the enhancement area. Only Natural Resources' vehicles are permitted beyond these gates for management purposes. Hunting in the Wildlife Enhancement Area is permitted, but the hunter is required to pack out on foot. **The penalty for any gate access violation is a two year suspension and forfeiture of all current hunting tags.**

DISABLED HUNTERS ARE DEFINED AS IN THE OREGON STATE REGULATIONS: "Disabled hunters are categorized 2 ways: 1) A disabled hunter is a person who is permanently unable to be mobile without the assistance of a wheelchair; 2) A visually impaired hunter is a person whose central visual acuity does not exceed 20/200 in the better eye with best correction or if that persons visual acuity exceeds 20/200, has a limit to their field of vision such that its widest diameter subtends an angle no greater than 20 degrees."

ISSUANCE OF TAGS (TRANSFERRED): Tags for any given hunt will be issued one at a time. If a member is eligible for a hunting tag and has had an additional tag transferred to them by an Elder or a disabled member, the member will be issued only one of these tags at a time. The tag must be filled and reported before the next tag is issued.

FISH & WILDLIFE COMMISSION ACTIONS:

- The commission changed the rules to allow any muzzleloading weapon, including those with closed ignitions and scope sights, in hunts for game mammals where **centerfire weapons** are legal.
- Clarified the rule regarding compound bow let-off in holding weight to accept standards as measured by Archery Manufacturers and Merchants Organization (AMO).
