This health careers exploratory program will begin at Willamina High School in October 2005. The MY Health Club will begin Thursday, October 6 during lunch (classroom to be announced). The program offers students a chance to explore careers that match personal interests and talents along with providing information on financial aid and hands-on activities, including field trips to local hospitals and Oregon colleges.
Careers in health are a great way to create an interesting, solid future while serving the Native American Community. Look for announcements at school and join us to build your future!
