Free MBA Program at Wake Forest University

The Master of Art in Management program is designed specifically for liberal arts majors only. The MA degree program is a 10-month intense study of the basic functional areas of business. After graduation and working for approximately two years, all MA graduates are eligible to apply to Wake Forest as part of the MA/MBA joint degree program and get the MBA in one year. The new Dean, Steve Reinemund, has created a new scholarship for diverse students pursuing the MA degree called the Corporate Fellowship.

The Corporate Fellowship provides full tuition and a \$21,000 stipend to cover living expenses. Additionally, each Corporate Fellow will participate in a practicum. The practicum has two components: educational and professional development. Each student will be assigned a mentor who is a high level executive with their sponsor corporation. The mentor will oversee an educational project covering four of the functional areas of business using their own corporation as the subject.

For more information, contact Derrick S. Boone, Ph.D., Associate Professor of Marketing, at 866-925-3622.

Oregon launches toll-free Adult Learner Resource Line

The state of Oregon has launched a toll-free Adult Learner Resource Line (1-877-84U-4NOW or 1-877-848-4669) and Web site (www.OregonOpportunities.gov) for Oregonians interested in returning to college, or enrolling for the first time. Funded through a \$1.4 million grant from the U.S. Department of Education, the Adult Learner Line is specifically for Oregonians ages 25 and older who are interested in going to college, but need some help and direction on how to enroll, seek financial aid and generally navigate the process. The Adult Learner Line and Web site are just one component of the College Access Challenge Grant Program funded last year through the federal government, which is directed at increasing awareness of and access to postsecondary education in Oregon.

The Adult Learner Line and Web site are supplemented by other Oregon-based resources, such as OSAC's financial aid Web site, www.GetCollegeFunds.org, which helps Oregonians understand the types of aid available to them, deadlines for applying and other college-related information.
