

Tribal Vice Chair Reyn Leno is shown here with a white-tailed deer he shot during a hunting trip on the Rocky Boy's Reservation of the Chippewa-Cree Tribe on Nov 19. The location is in the Bear Paw Mountains near Haver, Montana.

Leno will contribute some of the meat to the Elder meal site, he said. The Chippewa-Cree Natural Resources Department sold him the tag.

Leno was accompanied on the trip by Mark Johnston, Health Executive Director for the Tribe, Dave Fullerton, manager of the Social Services Department, and Leno's son, Shonn Leno, Parks and Recreation specialist.
