Transportation will be provided from the CTGR Adult Education Building - we will be leaving at 7 a.m.

For more information and to sign-up, call 503-879-1478.

Need assistance with scholarships?

Are you looking for scholarships and don't know where to start? Do you need assistance with your scholarship applications and/or personal statements? If so, contact the Tribal Scholarship Office at 1-800-422-0232, ext. 1345, or e-mail luhui.whitebear@grandronde.org.

Careers in Natural Resources or Environmental Sciences

The University of Idaho is recruiting Native students to their Professional Science Master's Program (PSM) in Natural Resources and Environmental Science. The PSM is an innovative interdisciplinary degree that prepares graduates for science careers in business, government or nonprofit sectors, and focuses on sustainability science as it applies to natural resources and the environment.

The University of Idaho has six \$25,000 NSF fellowships to award, and is very eager to have American Indian applications. You can see more about the program at www.uidaho.edu/cogs/psm.aspx

For more information, contact:

Stephen Mulkey, PhD

Director, Environmental Science Program

University of Idaho

Free MBA Program

The Master of Art in Management program is designed specifically for liberal arts majors only. The MA degree program is a 10-month intense study of the basic functional areas of business. After graduation and working for approximately two years, all MA graduates are eligible to apply to Wake Forest as part of the MA/MBA joint degree program and get the MBA in one year. The new Dean, Steve Reinemund, has created a new scholarship for diverse students pursuing the MA degree called the Corporate Fellowship.

The Corporate Fellowship provides full tuition and a \$21,000 stipend to cover living expenses. Additionally, each Corporate Fellow will participate in a practicum. The practicum has two components: educational and professional development. Each student will be assigned a mentor who is a high-level executive with their sponsor corporation. The mentor will oversee an educational project covering four of the functional areas of business using their own corporation as the subject. For more information, contact Derrick S. Boone, Ph.D., Associate Professor of Marketing, at 866-925-3622.

N.W. Native Club

Hello my name is Jeremy Bailey I'm the president of the newly formed N.W. Native Club at Chemeketa Community College and I'm also a Grand Ronde Tribal member and I'm encouraging Native students to stop by the Multicultural Center and introduce themselves to me. The mission is to enhance the intellectual, social, cultural and economic values of our Native students. The many contributions of the Native community needs to be shared with our campus community.
