Grand Ronde Health and Wellness Center institutes Broken Appointment Policy

In an effort to make medical services more efficient, the Grand Ronde Health and Wellness Center (H&WC) has approved and instituted a broken appointment policy for medically-related appointments at the H&WC. To qualify as a broken appointment a patient must either not show up for their appointment, show up more than 10 minutes late or give less than 24 hours notice of cancellation. When any of these events occur, the patient is notified in writing. After the third broken appointment in a six-month time frame, the patient will not be allowed to schedule routine appointments. However, they will be offered a "sit and wait appointment" – the chance to sit and wait for an opening with a provider. This probationary period will last for six (6) months. The H&W has a process for reminding patients of appointments and strives to notify patients of appointments the day before.

The broken appointment policy is very important as broken or missed appointments create unused time in a provider's schedule, which is inefficient financially and leads to barriers to accessing care. Ultimately, a broken appointment policy exists to improve access to care for all patients and is critical to providing responsive, cost-effective health services. ■
