Beginning in March, in addition to "Entry-Level Computer Basics," the Tribal Library will be adding a session on "Entry-Level Internet Basics." This new tutorial session builds upon the basics of computer usage and is a good way for those with very little or no knowledge of Internet technology to be introduced to the topic. Afterwards, further questions can be answered or topics reviewed and clarified; 2 and 4 p.m. timeslots are available but are limited to a maximum of two people per tutorial, so sign-up is first-come, first-served. If you are interested in knowing more about our "Computer Basics" or "Internet Basics" guides, or would like to sign-up for one of the tutorial sessions, call the Tribal Library at 503-879-1488.

For those of you who are long-distance or independent learners, the Library also has hard copies of tutorial materials on hand to give out or mail to interested individuals.
