

CTGR TERO seeking construction workers and Indian-owned businesses

The Tribal Employment Rights Office (TERO) is growing a list of Tribal member construction workers who are interested in obtaining job assignments on construction projects. In addition, TERO maintains a list of Tribal and Indian businesses (IOBs). IOBs are certified by TERO to become eligible to participate in contracting opportunities.

TERO preference requirements apply to all construction projects on the Reservation and a need for workers and contractors experienced in the building trades will create opportunities for employment and economic benefit.

Also, construction workers are needed for heavy highway construction on projects throughout the region. CTGR and ODOT negotiated an agreement that provides hiring preference to Indians who are dispatched to projects through TERO.

Those with experience in the construction trades will have immediate opportunities for employment. In addition, those seeking to begin careers in the construction trades may be eligible for training opportunities available, including on-the-job training and apprenticeship assignments.

Applications and current training events are available at www.grandronde.org/tero. TERO is located at 9615 Grand Ronde Road, Grand Ronde, OR 97347 (located on the second floor in the Adult Education building). For more information, call 503-879-2188. ■
