

EDUCATION OPPORTUNITIES

What is an internship?

An internship (full-time/part-time) is a real-world experience related to your career goals and interests. Internships can be what helps you stand out in your job interviews after college. Most employers look for a combination of formal education and experience. Not only are you gaining valuable hands-on experience, you are also networking and making connections to professionals in your future career field. CTGR Higher Education encourages students to explore internship opportunities to supplement their college education. ■

We enroll families, not just students. It is our belief that the only way for the language to live and flourish is for it to be learned and used in the home by the whole family.
