## Tribal members invited to take survey in July

Tribal Council invites all Tribal members to participate in the 2015 Social and Economic Survey being implemented in partnership with Portland State University.

The survey provides valuable information that will be used to guide future decisions that benefit Tribal members. Your input is critical and helps Tribal Council determine your priorities, develop strategic plans, and develop grants and budgets for services that are important to you and your family.

This year, the Social and Economic Survey and the Tribal Housing Survey are combined, so you will only be asked to complete one survey.

The survey can be taken online now at [www.CTGRMemberSurvey.com](http://www.CTGRMemberSurvey.com) or on paper by mail. An invitation with more details was mailed out to all Tribal members the week of June 15. Everyone is encouraged to complete the survey online as soon as possible to promote sustainability and to increase your chance to win up to \$1,500.

If you complete the survey, you will be entered into a random drawing to win one of 15 cash prizes, including 10 \$100 prizes, five \$500 prizes and one grand prize of \$1,500. If you complete the survey online by July 3, 2015, you will be entered into the drawing twice, doubling your chances to win ■

### ATTENTION ALL RESIDENTS WHO HAVE CTGR TELEPHONE SERVICE

If you have an emergency and need to dial "911" you must first dial a "9" (9911). The only calls that do not require that you dial a 9+ are those made from the CTGR extensions within the CTGR campus and/or those who use CTGR Tel for their home phone service. ■

## Patient Portal open for business

Clients of the Grand Ronde Health & Wellness Center now have a 21st century avenue through which to handle their health care needs.

The Patient Portal, a secure, confidential and easy-to-use website, opened for business in early February.

"The Patient Portal gives a patient and their family 24-hour access to their medical records," said Darin Riggs, Tribal Clinical Applications coordinator. "Patient Portal uses the latest encryption technology to deliver secure communications between patients and their provider team."

Patients can correspond with their provider team; view, download or share their personal health record, including such data as medications, immunizations and tests; obtain around-the-clock health and educational information; and maintain account data, including user name, password and access privileges.

In the future, Riggs said, patients will be able to request prescription refills and receive appointment reminders through the website.

To sign up, people should contact Patient Registration at the Health & Wellness Center and request a Patient Portal sign-up sheet.

People will need a valid e-mail address. A token will be assigned and patients will have 30 days with which to complete their portal registration. If the token expires, a patient will need to ask for a new one. ■
