CTGR Higher Education Program deadlines set

There are now only two Higher Education programs depending on whether you are full-time or part-time. The deadline for the Full-Time College program is at least 30 days before the start of classes. The deadline for the Part-Time College program is at least 10 days before the start of class. Visit the Tribal website for more program information and an application. www.grandronde.org/departments/education/higher-education/ ■

What is an internship?

An internship (full-time/part-time) is a real-world experience related to your career goals and interests. Internships can be what helps you stand out in your job interviews after college. Most employers look for a combination of formal education and experience. It may, but does not have to be related/connected to your academic major or minor. Not only are you gaining valuable hands-on experience, you are also networking and making connections to professionals in your future career field. CTGR Higher Education encourages students to explore internship opportunities to supplement their college education.

Book Review: "Lost Canyon" by Nina Revoyr
 I chose this book because I appreciate a suspenseful adventure story that explores how people react to danger. The book begins by setting up the characters and you connect with them early on as the story gives you a front row seat into their lives, which could not be more different from each other.

The four main characters set out on a backpacking trip into the Sierra Nevada Mountains. Each of them is drawn to the mountains for their own reasons.

Their route passes high lakes and snowcapped peaks and offers all the freedom and exhilaration they'd hoped for. But when they stumble onto someone who doesn't want to be found, the group finds itself faced with a series of dangerous conflicts, confrontations with nature and an all-out struggle for survival.

I suggest that anyone who enjoys a thriller packed with adventure read this book. It is available our Tribal Library, so come check it out. — **Rachele Kellogg**
