## Experience as a Summer Youth

When I was first starting my job at Adult Education, I was very excited, but nervous. I didn't really know any of my colleagues and I wasn't sure how to act. But this has been the best work experience I've had. The people in this department are very kind to one another and they welcomed me in like I've been working here for many years.

I've also not only learned how to work professionally with people, but also how to use all the office supplies and more in this department. Now I can put that on my resume and it will help me later on in life. Overall, this has been an amazing job. Next year I hope to get a job as great as this one.
