New Medicare Card Project

Important Updates from Centers for Medicare and Medicaid Services

The Centers for Medicare and Medicaid Services started mailing newly-designed Medicare cards with the new Medicare Beneficiary Identifier (MBI), or Medicare number. People enrolling in Medicare for the first time will be among the first to get the new cards, no matter where they live. Current Medicare beneficiaries will get their new cards on a rolling basis over the coming months. We will continue to accept the Health Insurance Claim Number (HICN) through the transition period.

During our planning, we continuously adjusted and improved our mailing strategy to make sure we are:

- Mailing the new cards to accurate addresses;
- Protecting current Medicare beneficiaries and their personal information in every way possible.

We are working on making our processes even better by using the highest levels of fraud protection when we mail new cards to current Medicare beneficiaries. Over the next few weeks, we will complete this additional work and begin mailing new cards to current Medicare beneficiaries.

We are committed to mailing new cards to all Medicare beneficiaries over the next year. For more information, visit the New Medicare Card landing and provider webpages.

We Want To Hear From You!
