RIO GRANDE CITY.

The RIO GRANDE CITY.

This is the second time the town of Rio Grande has shown signs of further spreading, and the present indications are that it will extend itself south of its present center.

A business house has been erected on the corner of Main and Fourth Streets, and has already opened. Mr. B. H. King has also moved his store across the street from its former location.

The railroad is expected to reach this place about the first of June, and it is hoped that the construction work may be completed by that time.

A good deal of progress is being made in the business section of the town, and it is expected that the population will increase materially during the summer and fall.
