BANDON, OREGON: THURSDAY, JUNE 20, 1901

Number 25.

LOCAL NEWS.

New Lake Creamery Butter at Sanderson's.

Come out and get a steamed clam on July 4th.

Try G. H. Magoon's for Fresh Groceries, Fruits, Provisions, etc.

Born.—At Floras creek, Curry county, June 14, 1901, to the wife of R. E. Cope, a son.

For something convenient, hand, some and economical try a Quick Meal stove.—At McNair's.

Henry Clemens, of the Lamprey Creek locality, found time to give Bandon a business call yesterday.

Mrs. M. R. Lee and children are visiting relatives at Myrtle Point during Mr. Lee's absence in San Francisco.

July 4th will soon be here, and Bandon is coming to the front and offers you a day of pleasure which you cannot afford to miss.

The camping season being here, campers, wishing to visit Bandon will find July 4th a good time to have their tents pitched at this place.

R. W. Panter was down from his dairy ranch last Saturday evening. He has been making preparations to build a large barn upon his farm this season.

W. M. Vandecar went outside the bay fishing, last Saturday and brought in a halibut which weighed about 50 pounds, and which he disposed of at 10 cents a pound.

The Marshfield boys put up a good game of ball, last Sunday, but they failed to take the conceit out of the Coquille team. They will have to do better or give that job up.

Elbert Dyer and M. R. Lee, two of Bandon's business men, went south on the Mandalay for a few days stay in San Francisco, each having business to look after at that place.

Will the party into whose keeping James Rogers placed a number of photographs kindly leave the same at this office as Mr. R. has forgotten to whom he handed the pictures.

Bird Vowell and wife who spent several days here visiting friends left for their home at Coquille last Tuesday. Mr. Vowell is quite lame in his right arm from a fall he received on Decoration Day.

FOR SALE.—A large, gray horse, of gentle and kind disposition; is eight years old, weighs over 1700 pounds and will work anywhere. Price \$100, if sold soon. Apply to Belloni Bros., Langlois, Oregon.

The chase after Landis, last week on Coos River, proved to be as futile as other efforts to run down the murderer, and Landis' whereabouts are as much unknown as they were. The South Coos River Landis proved to be another man.

The center board of the schooner Berwick was just ready to drop out when Captain Pearson got his vessel into the harbor here last week and he has had Peter Nelson at work this week making new irons to replace those which had become dangerously weak from wear and rust.

Charles F. Lockwood, a former resident of Bandon, but who has been living in San Francisco for several years, arrived at Smith River, Del Norte county, a few days ago on a visit to his parents. He was accompanied by his four children who were orphaned some three months ago by the death of their mother.

H. Neely, the Pioneer Watchmaker, and wife, left last Saturday, for Port Orford, where they will make their home for the future. Mr. Neely and his wife have both been associated with Bandon's interests for a long time, but as he has property in Curry, in the neighborhood of Corbin City, he thinks that he can do better in that county than here.

Arrangements are fast being completed for the celebration here on July 4th, and everything points to a grand time. McCulloch and Kime's Orchestra will furnish music for the dance in the evening, and as they are sparing neither money or time in their endeavor to select and perfect themselves in their music, dancers will be treated to the best.

MARRIED.—At Coquille City, Wednesday, June 12, Charles F. Lorenz of Bandon, to Miss Mary L. Steels, of Coquille, Rev. C. A. Hyatt officiating. Charles returned to Bandon, Monday evening, accompanied by his bride, and shortly after dark the band located him and rendered several pieces of music. The bride and groom soon made their appearance and invited their visitors in and treated them royally. Being late the boys declined the invitation but hid themselves away to enjoy the royalty.

Dairyville is making preparation to celebrate on July 4th.

For the best Strawberries enquire at C. W. Sanderson's.

For Bananas, Oranges, Fresh Nuts and Candies, etc., call at Magoon's.

A. G. Balch, of Coquille, has been visiting Bandon for several days past.

James Rogers has recovered sufficiently so that he can walk around slowly by the aid of a staff.

A letter received here, last week, from Peter W. Culver, gave the information that he was at North Cove, Wash.

Lloyd Rosa who has been attending school in Portland during the past year, will be home in two or three days.

Father E. W. Donnelly, of Marshfield, will hold services in the Catholic chapel, at Bandon, Sunday, June 23, at 10:30, a. m.

Robert Lowe's condition remains very much the same there being no improvement in his condition during the past week.

George Lawrence, of Pistol River, came to Northern Curry and took his daughter, Mrs. Fred Hare, and children home with him.

The steamer Mandalay is due here again about Monday or Tuesday and will sail for San Francisco about Wednesday or Thursday.

Mason's fruit jars at J. Denholm's, Pints, Quarts, and Half Gallons. Send in your orders. Do not be late every year. They will keep.

Bert Walker, who has been stopping with his uncle, James Walker, in Curry County for the past two months returned home last evening.

H. S. Schwab, of Los Angeles, who had charge of J. Kiernan's contract for jetty work, which closed last spring, arrived here last Tuesday evening on a visit.

The Ladies of the Presbyterian church are planning and working in earnest to give the public an excellent entertainment on the occasion of their festival. Some amusing features are promised.

Following is the passenger list on the Mandalay when she sailed on her trip to San Francisco last Friday: James T. Green, C. E. Sawyer and wife, B. L. Hurst, Mrs. B. L. Hurst and W. Condon.

There is talk of getting up a Fat Man's baseball team here, and if this proposition is carried to a finish, other teams will tilt up light—when the Bandon team steps into the other side of the scales.

There will be an excursion from Coquille City to Bandon, next Sunday, and the second baseball team of that place is coming down with the intention of playing a game of ball here.

As Bandon has no regular baseball team this will give the Fat Man's organization a chance to get in and puff.

James T. Green, of Lamprey creek, was in town Friday and Saturday awaiting the sailing of the steamer Mandalay upon which he took passage for San Francisco. James has raised anchor and started out again.

He has made his home in Coos county this visit, for about three years which he said was a long time for him to stop in one place.

Through an oversight we neglected last week, to make mention that the pupils of the Bandon school, who completed the eighth grade examination, in May, were all successful and each received a diploma. Those who passed out of the eighth grade on this occasion, were Misses Katie McNair, Frances Smith, Tressie Mancie, Mary Yaeager and Agnes Stitt.

Dr. Strange, Dentist, will arrive in Bandon on his next regular bi-monthly visit on the afternoon of July 5, and will be ready to commence work on the morning of July 6th. He will remain until and including all of July 10, and desires to have all who desire dentistry call on him during this visit. His next visit will be in September, which only makes it the more necessary for those who desire good work to have it done now. Office at the Tupper House.

Bicycle riding is quite a pastime among the boys, especially the small boys, some of whom are becoming quite expert riders considering the length of their legs. Bandon boys ride when their legs are too short to reach the pedals when sitting in the saddle, others are only able to hit the pedals on the high places when astride the bar, but we have another rider who does even more than that, for being the smallest boy here who rides a man's wheel, he stands on the pedals, with his right side to the bar and his right leg under it while he rides.

J. W. Lawrie, E. R. Scheff, and A. J. Baker, commercial travelers, from San Francisco, were doing business in town this week.

Sol. J. Culver, of Camas Valley, was in town last night on his way to Gold Beach. His son James, of Curry was with him.

Miss Rose Long, who has been attending school at Forest Grove during the past three years, graduated yesterday and will return home immediately.

Col. S. S. Everson has made preparation to change his residence and will start in a day or two for Dufer, Oregon, to which place his wife preceded him a few days ago.

STRAWBERRY FESTIVAL.—The members of the Presbyterian church will give a Strawberry Festival June 28, for which an admission fee of 10 cents will be charged. Child under 12 years will be admitted free. Berries and cream, cake and coffee will be served at 10 cents a plate. The program will appear later.

AROUND THE COUNTY.

From the Coquille City Bulletin.

A boiler and a lot of fixtures arrived at Johnson's mill, last week, for the new electric light plant which is to be established there.

Coos county had \$21,582.64 due her in delinquent taxes up to June 1st, 1901. Sheriff Gallier says that taxes are coming in at a pretty good rate.

Frank Morse and wife arrived Wednesday evening, on the steamer Mandalay. Mr. Morse is the gentleman who will establish the electric light plant, at Johnson's mill, to supply Coquille and Myrtle Point with lights.

The James Bros.' new boat which they recently built was towed to the lower river, Thursday, from this place, after receiving her new boiler. The work of placing her machinery, building cabins, etc., will be completed immediately, and they expect to have her ready for the inspectors in July.

Capt. McCloskey's new boat, the Echo, is at Lyons' mill wharf, and is receiving her machinery and having the finishing touches put on her. She is a large and commodious boat and when she is put on the run will be a great convenience to the up river people and the traveling public. They expect to have her ready for her trial trip in about a week or ten days.

Resolutions of Respect.

BANDON, June 16th, 1901.

Past Commander, W. B. Woods, who departed this life, at Bandon, Oregon, May 30, 1901, while presiding at the public exercises on Memorial day, was born in North Wales, in 1846, came to this country at an early age, enlisted during the Civil War, and served in the 118th Illinois Infantry. He was a model soldier and citizen to whom death came suddenly and without warning. Therefore be it

Resolved, That Bandon Post, G. A. R., express its sincere regrets, that in the death of Comrade Woods, that Post has lost a faithful and worthy commander and comrade and suffered an irreparable loss, and be it further Resolved, That the Post Charter be draped in mourning for the period of sixty days, and that a copy of these resolutions be published in the Bandon Recorder, and a copy be spread upon the mantel of the Post.

J. W. FELTER, M. L. SWIFT, R. F. SHANNON, Committee.

Base Ball Game.

There were a good many persons from Bandon who took advantage of the excursion, last Sunday and went to Coquille to witness the ball game between the Coquille team and that of Marshfield. From reports brought back this was probably the hardest contested game ever played in Coos county, and was won by the Coquille team by a score of 12 against 9. Non Anderson got a hard hit on the head by a ball which glanced from the bat, and Wm. Hutcheson was knocked down by a ball which struck him near the temple. He was unable to stand for a short time after being struck. George Ferry, catcher of the Marshfield team had a finger broken at the first joint, and Dave Johnson, catcher for the Coquille nine, had two or three fingers knocked out of place.

Each team made a hard fight for the game, as in case Marshfield won, it would almost have insured final victory to that team, while as the score now stands it is uncertain as to where victory will perch, hence, interest in the game will become more intense as the schedule is completed. Altogether the game was hotly contested, but passed off rather smoothly as to differences, amicable relations being maintained on the part of both teams.

Sinclair Explains.

Coquille, Or., June 10, 1901.

ED. BULLETIN.—DEAR SIR:—In your issue of 7th inst., you make a labored effort to lay the blame on the escaping of Landis to me.

There are some matters connected with the case I deem of sufficient importance to call your attention to.

The McQuigg boys did not see Landis burying the body. They said in the first instance that they saw a man about 6 foot high, dressed in black clothes, who was fifty years old or more, digging a hole. When the body was afterwards found and thought it was Landis.

This description in no way described Landis. They claimed they were within thirty feet and saw him plainly. This was about midnight of the night the body of Endaly was found, and I think Mr. Gallier is mistaken when he says he saw me two or three hours afterwards. At that time I stated that I would not advise issuing a warrant then, but suggested that they keep watch on Landis, and if he attempted to leave town to take him in.

As to the issuing of warrant on inquest proceedings, see Sec. 1606, Hill's Code Laws of Oregon, which provides that warrant shall issue after the findings of the coroner's jury are made. In this case other testimony was taken after Landis had escaped, which pointed to him as the guilty party, and the McQuigg boys then swore positively that it was Landis they saw.

Then on section 1576, Hill's Code, which says:

"A peace officer may, without warrant, arrest a person when a felony has in fact been committed and he has reasonable cause for believing the person arrested to have committed it."

Using similar language to your own: "I supposed the sheriff knew the law in the matter, and would do his full duty. If Gallier knew that there was reasonable cause for believing Landis guilty why did he not arrest him when he attempted to escape."

"I am not to blame for not calling the sheriff's attention to the law defining his duties; as he asked no questions, and I presumed he knew he could arrest without a warrant. It is no new thing to arrest without a warrant. It has been done in felony cases here in this county before."

"It is an unfortunate affair, but not an isolated case, of a criminal escaping by any means, and to try to make the public believe I am wholly responsible I consider unfair and not warranted by the facts and circumstances."

Very respectfully yours,
WALTER SINCLAIR.

He was a Trust.

The drummer had got off at a station to find the village two miles away, and the shackle old bobtailed car waiting to convey passengers over the shackle old road was in charge of an old man who sat on the platform smoking with great complacency.

"Does this—this thing run to the village?" queried the drummer as he walked around the car.

"It does when I want it to," was the reply.

"Oh, then you have got something to say about it? Perhaps you own the old crowbar of a horse."

"I do."

"And the car?"

"Yes."

"And the line."

"Yes I'm the owner of everything in sight."

"Mighty handy, isn't it?" continued the drummer in sarcastic tones.

"Yes, tolerable handy," was the placid reply. "I also own the only two stores in the village and the only hotel, and if you don't like my style you'd better wait for the next train to come along and take you out of the country."

M. QUAD.

M. P. Enterprise, V. C. London, of Roseburg, president of the Southern Oregon District Fair Association, was in town Wednesday en route to Marshfield, where he will make arrangements to hold the fair again this year. The fair was a success last year and if the people of Marshfield and Coos county generally will take hold of the matter and work together the fair this year will be the best ever held in Southern Oregon. Mr. London informs us that a raise of the state appropriation was secured at the last session of the legislature, which will materially aid in making the fair a success.

A recognized authority—The Weekly Oregonian.

Columbus Herald: The Indianapolis Sentinel closes a strong editorial thus: "The foundation principle of American government and American common sense is that arbitrary power should not be located in any body." This is correct. No public man is good enough that he should be trusted with absolute power. Restricted power only is safe in a republic. Or have we a republic?

Capital Journal: Frank Hofer, one of the publishers of the Marshfield Mail arrived Sunday, to prepare to remove his family and household goods to his new home on Coos Bay. Coming over the mountain range to Drain he sustained a severe sprain of one foot by his horse falling on him, and will be confined to the house for a few days.

Thousands are Trying It.

To order to prove the great merit of Ely's Cream Balm, the most effective cure for Catarrh and Cold in Head, we have prepared a generous trial size for 10 cents. Get it of your druggist or send 10 cents to ELY BROS., 63 Warren St., N. Y. City.

I suffered from catarrh of the worst kind ever since a boy, and I never hoped for cure, but Ely's Cream Balm seems to do even that. Many acquaintances have used it with excellent results.—Oscar Ostrum, 45 Warren Ave., Chicago, Ill.

Ely's Cream Balm is the acknowledged cure for catarrh and contains no cocaine, mercury nor any injurious drug. Price, 50 cents. At druggists or by mail.
