S. D. Herald: Capital is a tool that those who own it did not make. Neither do the owners keep it in repair after it is made. It is productive only in the hands of the laborer, and it is labor alone that makes all the capital in the world effective. Without labor capital would rust and rot. Capital is saved from decay and annihilation by human labor alone. And yet the laborer bears not only the burden of creating and preserving capital, with no part in its ownership, but suffers the hardship of being deprived of its use without permission from those who contribute nothing to it.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & Co., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills are the best.
