BANDON, OREGON: THURSDAY, AUGUST 8, 1901

Number 32.

LOCAL NEWS.

Dairyville has a grange with sixty members. A. Wilson, of Prosper, was on our streets yesterday. Try G. H. Magoon's for Fresh Groceries, Fruits, Provisions, etc. Born.—At Bandon, Aug. 7, to Mr. and Mrs. Charles James, a daughter. Senator Hamden's Black Kentuckians will be here Wednesday night August 14. Gurley Boat left here last week for Portland having secured a position at that place. D. E. Collier, C. E. Hunt and Alfred Johnson, of Coquille, were in town last Saturday. The G. A. R. encampment commenced at Myrtle Point yesterday, and closes to-morrow. Thos. Ray, of Choto, Curry county was among the visitors to Bandon the latter part of last week. Attorney A. E. Seaman, of Marshfield, was looking after business in this locality last Thursday. This week Coos County's small army of educators is with us, and Bandon extends a hearty welcome to her guests. Rev. George Gillespie will hold services in the Presbyterian church next Sunday, morning and evening at the usual hours. Taylor Johnson, of Myrtle Point, was in town, the latter part of last week, looking after the interest of the W. B. Woods' estate. Gentlemen will find the most complete stock of hats at N. Lorenz's store ever brought to town. Also a large stock of goods for winter wear. Miss May Merriman, a former resident of Curry county and for awhile a resident of Coos, was married to Frank N. Guild, at San Jose, July 24. C. W. Hess and family, who spent several days here, and who left some ten days ago, have gone to Roseburg with the idea of locating at that place. Elder A. M. Chase and his co-worker Mr. Goodman, will be in attendance at the Saints Renuion which takes place at Bandon, August 16th to 25th inclusive. Josiah Wolf, who is now living on the W. B. Woods place, three miles south of town, has rented A. Corson's property, south of West Bandon, and will move in shortly. Harvey Howe, Joe Shannon and Fred Bradley started for Iron mountain on a prospecting tour, last Monday morning. They expect to be gone about six weeks. The Parkersburg boys were down town Sunday to play ball with the Bandon Juniors and were again defeated. The score stood 15 to 8 in favor of the Bandon nine. The Coquille Woodmen of the World are coming to Bandon next Saturday on an excursion and the Bandon Camp are making arrangements to join them in having a good time. There will be a big ball game here next Sunday afternoon. The train has been chartered and a hundred visitors are coming from Marshfield, while Coquille and the lower river are to be well represented. The Teachers' Institute, which is now in session at this place has the largest attendance of any ever held in the county. The attendance is large during the day and the limit in the evening is the full capacity of the hall. The Saints' Special Sunday School exercises will take place in Swifts hall next Sunday evening, August 11, to which the public is cordially invited to attend. A good program of songs and recitations has been arranged for this occasion. There was quite a shower of rain, accompanied by thunder and lightning, visited this locality Tuesday night. This is rather an unusual visitor for this season of the year. However it laid the dust and will prove very beneficial to most vegetation. The country is receiving a visitation of strikes now of which the immediate result does not appear. The steel trust has resolved to fight to a finish and to give strikers no quarters. How long the struggle will last or what turn it may take time alone will show up. There was a Sunday School excursion from Coquille City to this place last Saturday which brought down about 75 excursionists, but unfortunately the Northwest wind was not in a gentle mood and the day was not as pleasant as it would have been had the wind been more quiet.

Corned Beef and Limberger cheese at Magoon's. Special—24 Large Stamp Photos 25 cents, at Wrenshall's gallery Bandon. Ladies are invited to call and inspect the fine line of dress goods at Lorenz's store. You have only a few days longer in which to prepare that exhibit for the fair. Get it ready. J. D. Stewart, of New Lake, was in town yesterday getting a wheel of a horse rake repaired. Dr. A. M. Evans, formerly of Marshfield, died, of appendicitis, in San Francisco, July 22nd. Thomas Holland and wife, of Marshfield, were in town last Sunday renewing old acquaintance. Next Wednesday, August 14, is the date of the Pioneers' reunion which takes place at Copville City. Rev. C. A. Hyatt will preach in the South Methodist chapel here next Sunday morning at 11 o'clock. N. Lorenz has an excellent line of fine shoes on hand and a large stock coming on the next arrival of the steamer Mandalay. Coast Mail: The Coos Bay Creamery made an average of 1180 pounds of butter a day for the month of June, the largest output in the history of the plant. Thos. Preston has gone into the spectacle and fancy penknife trade. He has been displaying some fancy samples of pocket knives for which he is agent. R. F. Shannon and wife, and daughter, Miss Laura and son Myron started for Myrtle Point Tuesday morning to stay during the encampment. They went by carriage. Dedication services will be held in the new Presbyterian chapel at Coquille City next Sunday. Rev. Holt, of Portland, and Rev. F. G. Strange, of Ashland are to be in attendance. Senator Hamden's show will exhibit in Bandon next Wednesday evening the 14th, inst. Senator Hamden has been here before and the public can count upon an evening of rare amusement. Frank Dygart, who has been handling matchwood from the W. B. Woods' estate, finished his job last week. He has been moving some of the property to Myrtle Point this week, and left with the last load yesterday. Mr. and Mrs. B. F. Laurence, of Portland, were in Bandon last Tuesday day and made the Recorder a call. Mr. Laurence is editing the news of the Northwest in the Oregonian, and is off on a ten day's vacation. Chris Danielson was down from Parkersburg yesterday and gave the information that planking was finished last week on the hull of the new vessel being built there, and that the deck would soon be finished. F. E. Hicks, the Photographer, is in town and desires you to call at the Barnard gallery and see the latest Stamp Photos. 36 Large Stamp photos for 50 cents, and other classes of work. Cabinets, etc. at popular prices. W. A. Woolverle and wife came down from Coquille, Saturday. A special meeting of the Modern Woodmen called Mr. W. to this place. Nine members were initiated into the mysteries of the Craft upon this occasion. We merely wish to hint to the boys who sometimes stand at the entrance to Munck's hall and expectorate ambler on the stairs, that the ladies who must pass over this flood of filth, will take it as a mark of esteem if they will desist. Bandon is to witness a big game of baseball next Sunday at two o'clock in the afternoon, at the parade grounds, between a picked nine from Marshfield, and one from Bandon, for \$25 and gate money. A charge of 25 cents will be made to those admitted to the grounds. Rev. F. M. Sanderlin, John W. Felter, J. O. Bates, Thomas Preston and a number of others, of the Bandon Post left yesterday morning for Myrtle Point to take part in the encampment, which commenced yesterday and holds over tomorrow. E. H. Kinley and H. Goetz, who work at Parkersburg, are home this week, while repairs are being made at the mill. The large circular saw was broken into a dozen or more pieces last Tuesday afternoon and the mandrill bent. One piece passed through the mill forward, and another in the opposite direction, but most of the fragments fell near by. Luckily there was no one in the way of the flying steel, and the damage will be repaired by the end of the week.

Hamden's Colored Artists next Wednesday evening. Assessor J. S. Lawrence spent a couple of days in town this week. Peter Loggie, of Marshfield, is among the visitors to the institute. Benton Hoyt and wife returned home last Sunday from a visit to Port Orford. J. A. Cox, of Floras creek, was in town the latter part of last week. He gave the county a visit also. Mrs. Nielson, of Port Orford, is in town this week visiting her daughters, Miss Rose Long and Mrs. Benton Hoyt. Charles D. Felter is contemplating a visit to San Francisco about the 20 of this month with the view of making permanent residence there. Peter Nelson's blacksmith shop is busy these days turning of the iron work for the new schooner soon to be launched from the ways at Parkersburg. The steamer Dispatch will bring the excursionists from Coquille next Saturday, and return in the evening, and come down next day with the visitors from Marshfield. Excursion rates will be given. W. H. Logan and Frank Holman loaded a lot of lumber and the pile-driver on a scow, Tuesday, and yesterday proceeded to Lampey creek to commence work on the coal bunkers which are to receive the output from the new mines which J. H. Timon is opening up. Dr. Goble will remain in Bandon the balance of this week. Call and have your eyes tested Saturday. He makes no charge for examination. His prices are reasonable, you have all to gain and nothing to lose by having them examined. You may need glasses and not know it. He goes to Port Orford next week. Special Notice. At the M. E. Church Sunday morning at 11 A. M. A Roll call service will be held. It is especially desired that every member be present to respond to his name. Morning subject, "Why are Christians in the World?" Evening subject, "Whence, What, and Whither." The Public is especially invited to all services. M. O. BUNK, Pastor. Hand Injured. Charles Hunt, son of Harry Hunt, met with a severe accident last Saturday evening which will probably leave him slightly maimed in one hand. Mr. Hunt had some giant caps which he put carefully away, having warned his boys of the dangerous character of them. The boys got possession of the caps and were exploding them by throwing them into a fire that was burning in the timber. One struck a stump and failed to explode. Charles, who is about 15 years old, took a stick and raked it back, and in doing so drew it through some ashes not knowing that there was fire in them. He then reached to pick up the cap to cast it into the fire, and just as his fingers were about to touch the cap it exploded, tearing the end of his thumb off, so that but a small portion of the nail was left, while the end of the bone was torn out. The end of the first finger was torn off to the bone, and the nail torn off, while the second and third fingers were also injured, the small one alone escaping damage. Dr. Kime dressed the wound which is doing as well as could be expected but Charles will carry the mark of disobedience in his left hand, while that member will render him less service than it otherwise would have done. AROUND THE COUNTY. From the Coquille City Bulletin. Last Thursday evening as Miss Eva Hall was returning home from school on Cunningham, where she has been teaching for some time past, she was thrown from her horse and badly hurt. Miss Hall's little sister was riding on the horse behind her. As they approached a certain place in the road a white cat by the road side frightened the horse, and in attempting to stop it the rein was broken, both her and sister falling to the ground. The little girl escaped unhurt, while Eva will be confined to her home for several days. Chas. Strang met with a very painful accident, Wednesday afternoon, at Howell's camp. He was engaged, with another employee, in raising a log with the aid of jack screws; when the log had gone as high as his jack would reach the man next to him was to hold the log in position until he got another hold, and while Charlie was readjusting his jack the log rolled and caught his left hand between it and the handle of the screw, crushing his hand badly. He came to town immediately to have the wound dressed; it will cause him a lay off of several weeks.

First session convened at 2:30 P. M. AUG. 5. Professor Grant, Principal of Park St. School, Portland, Mr. Bunch, County Superintendent, and 70 teachers being in attendance. Supt. Bunch proceeded at once to organize the institute, after which Prof. Grant took up his favorite subject—History followed by a short talk on Geography, making each subject interesting and instructive by explaining the best methods of teaching the same and discussing the merits of the new History and Geography that have been adopted by the Text Book Commission for use in our public schools. TUESDAY—AUG. 6. The work began with the presentation of one of Prof. Grant's favorite mottoes which ran as follows: Whatever lacks purpose is evil, A pool without pebbles breeds slime; Not any one step hath chance fashioned. On the infinite stairway of time; Nor ever came good without labor In toil, in science, or art, It must be wrought out through the muscles, Born of the soul and of the heart. Author—C. J. O'MALLEY. During first session from 9:00—9:45 A. M. Prof. Grant presented the subject of Civil Government, followed by the subject of Language, which was presented in a very able manner by Pres. Orent, of Drain Normal school. At 10:20 the teachers were dismissed for an excursion to the beach, which it is needless to say, was very much enjoyed by all. No. of teachers present during the day, 95. AFTERNOON. Continuation of Monday's work in History and the Subject of Geography by Prof. Grant. Spelling and Method by Prof. Orent. Tuesday evening's session was held in Munck's Hall. PROGRAM. by Sarah Rose Recitation by Mary Bossen Piano Duet, by Mrs. Mehl and Mary Yeager Recitation by Lewis Brown Recitation by Mrs. H. T. Wootter Lecture by Prof. D. A. Grant Vocal Solo by Esther Yeager WEDNESDAY A. M. Prof. Orent continued the work of Tuesday on the subject of Language which he gradually merged into Grammar. Prof. Grant gave a short talk on the New Text Books that have been adopted for use in the public schools of Oregon. Prof. Orent followed with the subject—Blue Monday—and discussed means of avoiding the same in school. Upon being dismissed at noon, we found the photographers, with their cameras, upon the school grounds. They commanded us to halt. Being unarmed we obeyed the command, drew up in line in front of the school house and received a cross fire from the two cameras. AFTERNOON. The subjects of Spelling and History were continued, and Prof. Orent gave a very interesting talk on the "Influence of the Teacher." At 4:30 o'clock most of the teachers took an excursion to the light house. By the courtesy of Captain Johnson and crew we were taken across the river in the surf boat, but being unable to land near enough to the bank for us to alight on the sand each "school marm" was gracefully carried ashore by the gallant crew. Words cannot express the amusement which was produced by this "School marm" and crew while enjoying the novel circumstance which was wholly unexpected. All returned in the same manner well pleased with the trip and highly appreciating the kindness of Captain Johnson and crew. Many thanks are extended to them by every teacher present on that memorable occasion.
