BANDON, OREGON: THURSDAY, OCTOBER 3, 1901

Number 40.

LOCAL NEWS.

Try G. H. Magoon's for Fresh Groceries, Fruits, Provisions, etc. A fine line of Carpets just received on last steamer at B. F. Co's Store. Special—24 Large Stamps Photos 25 cents, at Wrenshall's gallery Bandon. Now is the time to secure an Atlas of the world, cheap. See the offer made elsewhere. B. McMullen and Ashley Richards, from Roseburg, were in this place the latter part of last week. The steamer Mandalay arrived last Sunday bringing some eight passengers and 275 tons of freight. A fresh lot of Choice groceries at Magoon's store. Headquarters for fruits and nuts. Corned beef kept. A McNair has just received some excellent stoves while he has others on the way. Call and see his bed warmers. J. W. Strange was in town last Thursday night returning to Coquille City, from a professional visit to Curry county. Edw. B. Thrift, of Dairyville, was in town last Monday, having brought up a load of butter for shipment on the Mandalay. The Saints Sunday School members are preparing special exercises which will be rendered on Sunday evening, October 13th, in Swift's Hall. George Ferrier, who owns a farm near Denmark, Curry county, has rented his farm and become a Bandonian, having moved to this place a week ago. Mr. and Mrs. Eli Bagley, of Humboldt county, California, were in Bandon last Thursday night on their way to visit relatives on Elk river, in Curry county. S. H. Smith and Porter Summers, of Four mile, were visitors to Coquille, last Saturday, having gone there to make final proof upon their home steels. They were accompanied by C. T. Blumenrother. When you wake up with a bad taste in your mouth, get at once to C. Y. Lowe's drug store and get a free sample of Chamberlain's Stomach and Liver Tablets. One or two doses will make you well. They also cure flatulency, sick headache and constipation. The San Francisco Bulletin Co. offers to old and new subscribers to the Daily Bulletin a Copy of Rand McNally & Co's unrivaled Atlas, for the price of \$1.50 to which will be added a few cents for expressage. Subscriptions taken for the Bulletin and Recorder at 50 cents a month. A person traveling along the County road, North from Dairyville, early last Sunday morning might have thought that there had been a shower of whiskey bottles, filled with bottled fery, from the number that was scattered along the road. A lot of Bandon girls who went to the Dairyville ball discovered that there were fifteen bottles aboard which had been ordered on that special occasion. The girls quietly dropped the bottles out behind the wagon. Ten were secured next morning, and it is reasonable to conclude that the other five were secured also, but it is not just clear as to who secured them. Jim Cope was a visitor to Bandon last Saturday. Jim is somewhat exercised over an increase of population in the Four-mile neighborhood, and brought in the news that Mrs. Sarah Johnson had given birth to a son, and also that a Mrs. Mael, who is resident of the same neighborhood had become the possessor of a male child. From the news that floats up from the Four-mile country it is evident that an application should be made at the county clerk's office, and the services of a magistrate called in. Men and women living together without legal right is getting too common in this section and should not be tolerated. Justice, morality, and the welfare of the whole community demands that gross immorality be not sanctioned, and it is a truth that we reap that which we sow. If a neighborhood sows to immorality it reaps immorality; if it sows thieves it reaps thieves, and so on through the whole category of crimes, and no person has yet been able to report only half a crop when a full sowing has been made. But, on the other hand a slight sowing of evil often produces an abundant crop. It is not the purpose of this article to class the upright citizens, of Four mile, with the evil doers, but to point out that immorality suffered to exist unrebuked brings an undesirable harvest to the community which permits it.

W. H. Hammerburg, of Prosper, was in town Saturday. Call and see those nice enameled bed-stands—at B. F. Co's Store. Edward H. Cheever, the Dairyville hardware man, was doing business in town Tuesday. Adam Pershaker, the millman from Prosper was doing business in Bandon Tuesday. The Mandalay took out a good load, having coal, butter, apples, and broomhandles and other freight. V. N. Perry was down from Coquille, last Saturday night, having come to attend the Masonic lodge meeting. The Venus is laid off duty awaiting repairs having to wait for a new cylinder head which is to be cast at the Marshfield foundry. Mrs. Elrod, of Marshfield, came over, last Friday and has been doing a good business in the millinery business during the week. Don't forget for a minute that G. H. Magoon has just received another 500 pound lot of Choice Candy such as will be invariably keeps for sale. The salmon Catch was quite large on Monday night and Tuesday, the number of fish delivered to the cannery on Tuesday being about 4000. Mrs. H. T. Wooten, who has charge of the intermediate department, of the Bandon school, has raised a class which she will instruct in elocution. J. Denholm has a fine line of Ladies' and Children's jackets, capes and cloaks of latest designs, also men's machintoshes and slickers of all sorts and sizes. The passenger list upon the arrival of the steamer Mandalay, last Sunday was as follows: Mrs. W. Fairman and two children, Miss E. Ellingson, V. Wickman, Captain W. Burns, and F. E. Palmer. Among the passengers to San Francisco on the Mandalay, when she left yesterday was John Lindebeck and W. R. Hayter. They are going to San Francisco to seek work in a shipyard. J. A. Cox, of Floras Creek, was in attendance at Masonic meeting here last Saturday night. He was accompanied home by Miss Blanche Stitt who will spend a week visiting friends in that section. W. Burns, of Glasgow, Scotland, arrived here last Sunday to look after the bark Baroda. Mr. Burns came as a representative of the owners of the ship and whatever he concludes in regard to the vessel will be done. W. H. and J. E. Peck, left here Monday, for the mines, near the Zuawalt place on Sixes river. They took along quite an outfit of stoves, provisions and supplies generally. V. R. Buckingham took them down. Elbert Dyer caught three bear last week near his sawmill, on the Fisher place. The lot consisted of an old one and two cubs. They were caught in a trap during three successive nights, the mother bear being the last one caught. The excitement incident to traveling and change of food and water often brings on diarrhoea, and for this reason no one should leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by C. Y. Lowe. A small panther has been seen on two or three occasions, during the past three weeks, in the woods a mile or so south of Rosa's mill. It has done no damage so far except to deplete some of the poultry yards for residents in that vicinity. J. E. Anderson who served as assistant keeper of the Coquille light resigned his position and will move to Astoria. His successor, B. J. Brotherton, arrived here Tuesday evening, accompanied by his wife and children. He came from Cape Foulweather. The Coquille Valley is now reaping the benefit of having good steamer communication with San Francisco, with an energetic captain at the helm. Schooners cannot leave San Francisco during the strike and were it not for the service the Mandalay gives to the valley, the strike would work this section a much greater hardship than is now felt. The Fire Department Band returned home last Sunday well pleased with the reception they received at Dairyville, and the success of the ball. The attendance was good and the dance lasted until well into the morning. Among other civilities extended, the band at Dairyville gave the Bandon band a nice supper. There were numerous Bandonians in evidence at the ball, all the rigs obtainable having been engaged on that occasion.

J. E. Hawkins, of Dairyville, had business in town yesterday. The cannery is overstocked with salmon, and cannot take all that is caught. A. M. Sumner was greeting old acquaintances in town yesterday. He will become a resident of Bandon again. Mrs. Sumner who is at Fishtrap will be down in a few days. Baby Cribbs at the Furniture Store \$1.50 for this week only. R. C. Armistead, of Marshfield, was a visitor in Bandon this week. J. Sullivan, of Port Orford, gave this place a visit last Saturday. Get a free sample of Chamberlain's Stomach and Liver Tablets at C. Y. Lowe's drug store. They are easier to take and more pleasant in effect than pills. Their use is not followed by constipation as is often the case with pills. Regular size, 25c. per box. The Mandalay had quite a passenger list to San Francisco, but we were unable to obtain a correct list. The following is nearly correct: A Mrs. Burg and four children, Mrs. Ramus and three children, E. H. Divalbliss and wife, The Wizard Oil Co., troupe consisting of nine persons, J. Ryan, July Hassouville, J. W. Odgers, two Misses Eadicott, W. R. Hayter and John Lindebeck. Selling at Cost. Tomorrow and next day, (Friday and Saturday, Oct. 4th and 5th.) I will sell military at cost. Call at my regular place of business. MRS. AMOS COLSON. Columbia Wins. Two of the five yacht races for the America's cup have been run, and Columbia is winner in each. The first was run on Saturday, in which the Columbia crossed the line 30 seconds ahead of Shamrock II, or 1 minute 22 seconds corrected time. The second race took place on Tuesday and the American yacht won by 15 seconds. Matrimonial Belts. The wedding bells have been jingling again in Bandon and Madam Rumor asserts that they will not remain quiet for long. On Saturday forenoon, September 23, at the residence of A. D. Morse, Justice of the Peace, who officiated in behalf of the law, Miss Myrtle Nelson, daughter of Mr. and Mrs. Carl Nelson, was united to George Button, of this place. Then, on Monday evening, at the residence of C. H. Patterson, Father Donnelly officiating, Miss Mollie Sullivan was wedding to Eurt Patterson, in the presence of numerous relatives of the young couple. Shortly after the ceremony was over, the Fire department band put in an appearance and serenaded a newly wedded pair. The band after playing several selections and being treated to a generous supply of delicious cake, proceeded to the residence of Carl Nelson, where the bride and groom of Saturday received a call and extended their hospitality. This is the second time within two weeks that the band has given a double serenade, the other occasion being N. Thrush and wife, and S. Mundy and his bride. Household Goods for Sale. Having arranged to change my occupation, I will dispose of a lot of household effects, at private sale, such as cook stove, heating stove, tables, bedsteads, chairs, and other things too numerous to mention. If you need anything in this line call at once, as I wish to get away by Oct. 8th. CHAS. A. PERKINS. Stricken With Paralysis. Henderson Grimmett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. Mc DONALD, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this ointment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. Sold by C. Y. Lowe. Tales of distress from Alaska have begun coming early this Fall. This time it is trouble for the natives, and it is brought about by the Christian's thirst for gold and the Indian's thirst for liquor. There is nothing new in it, regrettable though it be.—Ex. MARINE NOTES. ARRIVED. Sept. 29—Steer Mandalay, Reed, 4 days from San Francisco. SAILED. Oct. 2—Steer Mandalay, Reed, to S. F.

Christmas Home. Died—At the residence of J. C. Clark, at Eckley, September 17, 1901 John Geiger, in his 73 year. His death was not wholly unexpected as he had been failing since early in the spring. His remains were interred in the Eckley cemetery, the day following his demise. F. S. Avery had his left shoulder dislocated recently by falling from a shed he was building. Dr. Elgin was called in and set the injured member, which is doing nicely at the present writing, although he is not able to use it much in his daily labor. J. C. Clark got the frame of his barn up and covered just in time to save his hay from the storm that has been on for the past four days. Charlie Bingham is the Nasby at the Eckley postoffice during the absence of Uncle Joe Haines and wife who are visiting their son in Idaho. The Diamond Drill Company have a force of men at work on Sugar loaf mountain, running a tunnel, which is at present writing, in one hundred and fifty feet. Dr. Elgin passed through Eckley the 24th inst, enroute to Myrtle Point, having business in regard to his land which called him there. He also desired a chat with his old friend Binger Hermann. Thompson and Searles, who have been working their placer claim on South Sixes, the past Summer, have shut down for the season and left for their home in Washington but expect to return in the spring. Mr. Thompson contemplates a visit to his old home in Ireland during the winter. Mrs. R. S. Platts, Miss Fannie Mather, George Mather and Mrs. Platts' two sons, of Sixes River, left for Eugene, last week, for the purpose of sending Mrs. Platts' two boys and her brother George to school, this winter. They were accompanied as far as Roseburg by Ed Mather with a team. I have an idea that they were caught in the storm which is prevailing at present, before reaching Roseburg. Extend Their Thanks. LANGLOIS, Oregon, Sept. 30, 1901. The dance at this place, on the 23rd, was an enjoyable affair, and passed off without a hitch. The members of the Cornet band, of this place, extend their thanks to the Bandon Cornet band, for their valuable assistance rendered in furnishing music for the occasion. The Dairyville boys regret their inability to have joined the boys in furnishing the music, but it being a busy time and the band boys separated and working at different vocations it was impossible to get together. Yours Very Respectfully DAIRYVILLE CORNET BAND. AROUND THE COUNTY. From the Coquille City Bulletin. P. M. Jones and wife arrived from Fortuna, Cal., Wednesday, and will make their home at Fishtrap. Eva M. Butler, youngest daughter of Mr. and Mrs. C. H. Butler, of this city and Geo. D. Morse, only son of Mrs. and the late Capt. Morse, of Berkeley, Cal., were married, at high noon, at the residence of the bride's parents, on Wednesday, Sept. 25. Sheriff Steve Gallier and his deputy, Ed Gallier, returned Sunday evening, from Salem, where they had been on business. They informed us that the man held at Grants Pass, supposed to be Landis, was not him, so he was ordered released as he proved his identity. Chas. Noah met with a very painful accident, last Monday, at Johnson's mill. He was passing in front of the carriage when he fell and was jammed between the carriage and the rollers, bruising him considerably and dislocating his left hip. He had a narrow escape from being killed. Dr. Colin was called immediately who reduced the dislocation. Mr. Noah is getting along nicely. The party of eleven Kansas people, whom the Bulletin mentioned last week, were on their way here, arrived Tuesday. They got the benefit of considerable rain as they were coming in from Roseburg, which did not make a very favorable impression on them; but they are well pleased with the country and will no doubt locate with us, as were their intentions when they left Kansas. The party consisted of Mr. and Mrs. J. B. Dunean and two children, Mr. and Mrs. John Mourer and child, Ike Mourer and wife, Jake and Beth Mourer, and A. J. Clark. give you all the news of home, state, the Oregonian.
