Rev. Irl R. Hicks not dead. Notwithstanding a widely current rumor that the Rev. Irl R. Hicks was dead, he never was in better health, and never did a harder and more successful year's work than that just closing. He has just completed his large and splendid Almanac for 1902 and, with his staff of able helpers, has brought his journal, WORDS AND WORKS, justly forward into international reputation. For a quarter of a century Mr. Hicks has grown in reputation and usefulness as the peoples astronomer, and forecaster of storms and the character of coming seasons. Never were his weather forecasts so sought after as now, his timely warning of a serious drought this year having saved the people from loss and suffering. Millions of bushels of wheat were harvested through his advice to plant crops that would mature early. The American people will certainly stand by Prof. Hicks, when it costs them so little and the benefits are so great. His fine Almanac of 200 pages is only 25c, and his splendid family journal is only one dollar a year including the Almanac. Send to WORDS AND WORKS Pub. Co., 2201 Locust St., St. Louis, Mo.

Good Reading For Everybody. In addition to its special articles by famous men and women and its stories by the most popular living writers of fiction THE YOUTH'S COMPANION presents from week to week many regular features of great value. The editorial page discusses the questions of the day in a spirit of impartiality, the aim being to give the reader material for forming his own opinions.

The article on the care of the health which has been published every week for many years is of the greatest value. The departments of Current Events and Nature and Science give the important news of the world in condensed form. The children's page provides diversion for the little ones, and the anecdotes and miscellany have their share in making the paper a complete treasury of good reading.

An illustrated prospectus of the new volume for 1902 will be sent to any address free. Every new subscriber who sends \$1.75 for the 1902 volume now will receive free all the issues for the remaining weeks of 1901 and THE COMPANION Calendar for 1902, lithographed in twelve colors and gold.

To The Public. Allow me to say a few words in praise of Chamberlain's Cough Remedy. Death Arrow. DIED.—At Randolph, November 23, 1901, Harriet Henrietta Hermann, aged 9 years, 2 months and 17 days. Like a seismic shock from the depth of the earth came this blow to the afflicted family. At one fell stroke, and almost without warning, came the grim destroyer and plucked from his happy home its light, its joy, its tender blossom.

For only a few days was the frail child harassed by a slight illness as the rose is swayed by a summer breeze, when suddenly as the dread hurricane levels the giant trees, came with his scythe the mighty reaper and gathered to his harvest the bonniest, brightest of the field.
