EDITORIAL.
 Andrew Carnegie wishes to give away some more of the immense fortune he has wrung from toil. This time he wants to give the United States ten million dollars as an endowment of a National university. Carnegie's past history has been such that his present acts should be scrutinized closely. Through him, largely, the guns were turned upon the laborers at Homestead, and the blood of human victims cry from the ground for redress. Again, defective ship plates were sold to the United States government from Carnegie's steel plant and now as he wants to make this gift in trust bonds he might have two objects in view, the first of which may be to make restitution in his own way, in part for that which he received purchased from the government. But there is a chance for a hidden motive, which may be to implicate the government, and as far as possible, bind it by making it party to trust measures, by inducing it to become a holder of trust stock. Under the circumstances President Roosevelt and Congress will do well to decline the gift with thanks. These multimillionaires want the government to keep out of the banking business and leave it to them, and on the other hand, all fair minded people do not wish the government to go junketing with trust magnates.

Now we are told that the tariff will stand; that the Republicans in Congress are a unit on that point. It is a well known fact that most of the protected industries are selling their products in foreign countries in competition with goods of like kind manufactured in those countries, and at least, much less prices than Americans can purchase the same goods either at home or of the manufacturers. Now, no sane man believes that these manufacturers sell their goods at a loss, hence they transport their wares long distances, make a profit and still sell to the foreigner at prices away below the home market price. If these companies are selling their goods below cost to foreigners, then they are taxing Americans in behalf of the foreigner, which under the present system is not right, and is unjust; but if they sell their products abroad and receive a profit which repays them for their outlay, then this tariff becomes a means by which the protected manufacturer holds up and robs the American people, and he who robs by it is as much a robber as the highwayman who compels you to hand over your possessions at the point of a gun. In fact the protected tariff is the worst of the two as he can take all you possess and you have no redress, while if you can catch the highwayman there is a chance to regain all or part of your property. Congressmen are content to remain the "cat's paw" by which the monkey rakes the chestnuts out of the hot ashes.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; since cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c.

Anti-Anarchist Measures.

WASHINGTON, Dec. 18.—Chairman Rae of the House committee on judiciary, to-day introduced an anti-anarchist measure which will probably be the basis of legislation on that subject in the House. The measure is very elaborate, and brings together features of the many propositions for dealing with the subject. It provides the death penalty for assaults on the President or other executive officer. It is made a felony to teach the overthrow of the Government or any interference with Government officers. The death penalty is also provided for conspiracies in this country leading to the killing of a foreign King, Emperor, President or other ruler. A new immigration bill, which is the joint production of Senator Penrose and Commissioner-General Powderly, has been introduced in the Senate by Mr. Frye. The bill provides an educational test, and in addition to the present system of domestic inspection of immigrants, authorizes the appointment of inspectors at the principle foreign ports from which immigrants sail, with instructions to exercise special scrutiny of the police records of immigrants, with the view of excluding anarchists. The bill also provides for the deportation of aliens who prove to be anarchists.

Oregonian: The attempt to make President McKinley's birthday a legal holiday is not well advised. A good though not a great citizen; a good though not a great President, the country does well to honor the memory and deplore the untimely death of William McKinley. The attempt, however, to rank him with Washington and Lincoln in statesmanship and achievement is not sustained by history, hence it is ill-advised. Besides, in the matter of National holidays, we already have enough. The commercial and industrial life of the Nation can easily be overtaken in this direction, and it would seem that the limit of economic prudence has already been reached. We do not elevate our great men on the basis of their misfortunes.

 Recommendations of a Well Known Chicago Physician.
 I use and prescribe Chamberlain's Cough Remedy for almost all obstinate, constricted coughs, with direct results. I prescribe it to all in need and seeking relief from colds and coughs and bronchial affections. It is non-narcotic and safe in the hands of the most unprofessional. A universal panacea for all mankind.—Mrs. MARY R. MELENDY, M. D., Ph. D., Chicago, Ill. This remedy is for sale by C. Y. Lowe.

Spanish Captain's Opinion.
 Schley Won the Battle on Sampson's Plans.
 New York, Dec. 18.—Captain Diaz Moren, who commanded the Colon at the battle Santiago, says that Admiral Sampson could take no active part in the fight because his ship was 12 miles to the west of Santiago harbor when the Spanish squadron appeared, while Admiral Schley, with the Brooklyn flying his pennant, and the Iowa, were close to the mouth of the harbor, cables the Madrid correspondent of the Journal and Advertiser.

"Both warships," said Captain Moren, "fought the Maria Teresa, which seven minutes afterward was afire. My ship, the Colon, appeared then, firing her larboard artillery against the Iowa, which, not moving quickly enough, would have been sunk by the Colon's pushing had not the Brooklyn fought then an hour and a half with the Colon. Evidently the credit of the first part of the battle, during which the Maria Teresa and the Vizcaya were placed hors de combat, belongs to Schley, as well as the second part, during which the Colon fought alone against the Brooklyn, the Iowa and the Oregon. She was finally vanquished by the superior artillery of the Iowa and the faster speed of the Oregon."
 "I think Admiral Dewey's praise to Schley is just. It does not diminish Admiral Sampson's glory, to whom, as superior commander, was due the positions of the ships, held in the line of the blockade, and without whose instructions the result might be seen in another light."

A Good Cough Medicine.
 From the Gazette, Townsomba Australia.
 I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has effected a cure. I have great pleasure in recommending it.—W. C. WOCKNER. This is the opinion of one of the oldest and most respected residents, and has been voluntarily given in good faith that others may try the remedy and be benefited, as was Mr. Wockner. This remedy is sold by C. Y. Lowe.

Possum And Sweet Taters.

Here is a "down south" story that is credited to Walker Hill, the banker: Two colored citizens sat in a skiff in the creek that runs alongside Mr. Hill's old home in Virginia. They were fishing and resting. Suddenly Sam, who had been lazily pondering, said to Bill: "Say, Bill, wh'd you think is de bes' thing in de worl' to eat, huh?" "Well," said Bill, after giving the matter that due consideration that its gravity demanded. "I kinder think de bes' thing in de worl' to eat would be one o' dem fine yeller leg chickens fried in de pan and cooked wid good cream gravy. Dat's my 'pinion. Wha' d' you think is de bes' thing in de worl' to eat, Sam?" Sam did not hesitate a moment. His answer came out promptly and most decidedly. "My 'pinion de bes' thing in de worl' to eat is a good ole possum and sweet taters."

Bill hit him a sounding whack on the side of the head, and Sam fell in the creek. He came up floundering and puffing like a narwhal. "You blame fool," he spluttered, "wha'd you do dat for?" "Cause, niggab, you wan' ter un'stan' dat dat's entirely too good a thing for a common niggab to talk about," said Bill.—St. Louis Post Dispatch.

Pro-Boer Caused a Riot.

LONDON, Dec. 18.—Lloyd-George, M. P., speaking at Birmingham town hall to-night, precipitated a scene unprecedented in that city since the Aston Park riots. The majority of the audience were hostile to the speaker and were enraged by his pro-Boer and anti-Chamberlain utterance. They rushed the police cordon guarding the platform. In the meanwhile, the building was besieged from the outside by a mob of several thousand people who smashed windows and tried to force the doors, which had been barricaded. They fuzilled the audience with stones through the windows. The police reserves were turned out and succeeded in dispersing the mob after repeated charges. A number of persons were injured and the town hall was completely wrecked. Not a single window was left whole.

DEAFNESS OR HARD HEARING ARE NOW CURABLE
 by our new invention. Only those hard deaf are incurable.
HEAD NOISES CEASE IMMEDIATELY.
 F. A. WERMAN, OF BALTIMORE, MARYLAND.
 Gentlemen—Being entirely cured of deafness, I thank you for your kind letter. I will now give you a full history of my case, to be put at your disposal.
 About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.
 I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent in New York, and one who told me that only an operation could help me, and even that only temporarily, that the deaf noises would then cease, but the hearing in the affected ear would be lost forever.
 I then saw your advertisement, according to it I sent you my name, and ordered your treatment. After I had used it only a few days according to your directions, the noise ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain
 Very truly yours,
 F. A. WERMAN, 720 S. Broadway, Baltimore, Md.
Our treatment does not interfere with your usual occupation.
