BANDON, OREGON: THURSDAY, JANUARY 2, 1902

Number 1.

LOCAL NEWS.

You will find some good jewelry at N. Lorenz's. The Davis creamery near Norway is to be in operation all winter. Try G. B. Magoon's for Fresh Groceries, Fruits, Provisions, etc. G. W. Sydnam, of Denmark, was a visitor to Bandon last Saturday. Probate Court convenes next Monday and county court on Wednesday. Art! Why we keep art square—yes and Artists' Materials too, at B. F. Co. Special—24 Large Stamps Photos 25 cents, at Wrenshall's gallery Bandon. Call and see our Rubber floor Matting—Cut any size or shape—B. F. Co. Secretary of State Dunbar has our thanks for a copy of the election laws. A. C. Curtis and his bride, left Monday for Libby where they will make their home. Charles Lorenz and wife gave friends in Coquille a visit during the latter part of last week. J. J. Stanley effected arrangements by which he became possessor of the Coquille Bulletin, January 1st. During the past year marriage licenses, to the number of 98 were issued by the clerk of Coos county. T. T. Allen is building a house near Winter Davidson's residence, and will soon have it ready for occupancy. J. L. Kronenberg, superintendent of the Coquille Mill and Tug Company, was doing business in Bandon Tuesday. The schooner fleet began to return last week and the mill wharves will be relieved and the mills will start up again. J. P. Topper of the Hotel Coquille, was among the visitors to Bandon last Friday having come down on business. Mrs. Minnie Bryan, who is teaching school at Coquille, returned to Bandon to spend the holidays among her old friends. The schooner Albion has been taking on a cargo of white cedar lumber from R. H. Rosa's wharf and mill this week. The old year past by Tuesday night at the rate of 18 miles a second while the new one rushed in at the same speed. News was received here, last week, stating that Mrs. Day, of Canas Valley, mother of Mr. Sol. J. Culver died December 24. Among the visitors to town last week was Captain H. W. Dunham who had just arrived home from Cape Nome having spent the summer in Alaska. W. V. Cope, of Floras Creek, was in town Tuesday, and although he has spent some 18 or 20 months in the far-a-way north, he has changed but little during that time. Jesse Leneve, of Bear Creek, has bonded his farm, and intends moving to Bandon. He is building a small house on a parcel of land which Jacob Prewett bought and which is situated near Harry Hunt's place, and which he will purchase of Mr. Prewett. Peter Anderson, of Dairyville was in town last week. He was one of the parties who went to Cape Nome in the schooner Zenith. He came home about a month ago. The Zenith is in charge of John L. Anderson, who went to Cape Nome last spring, and who remained to look after the vessel. S. B. Morris has the foundation started for a cottage which he will erect on his lot on Fourth Street. There is some speculation in regard to Sammy's intention, and it is not yet clear whether he has engaged the bird and is building the cage or whether he is building the cage and going to take chances upon securing the bird. "Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for seven years and have never known it to fail," says James Prendergast, merchant, Annoto Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. Sold by C. Y. Lowe.

Don't forget to write 1902. Best Sorghum at Sandersons. Jess Taylor, of Bear Creek, was a Bandon visitor. Allen Urquhart, of Riverton, was a Bandon visitor Monday. Fred Belloni, of the Star Ranch, was doing business in town Monday. Andrew Forsnes, of Bear Creek, was in attendance at the ball Tuesday night. Miss Susie Foster of Riverton, has been visiting friends in Bandon the past few days. J. A. McCord took his old position as fireman on the tug Triumph, yesterday morning again. Father Donnelly, of Marshfield, came over Saturday and held services in the Catholic church here on Sunday. There seems to be fairly good prospects that another fine schooner, or perhaps two will be constructed this season on the Coquille. Keep the good work moving along. The Band boys gave an excellent ball Tuesday night and proved themselves good entertainers. The ball was a success socially and the receipts more than covered the expense. We have been too busy to send out these statements but will begin with the new year. However quite a number of our patrons have come to our aid for which we feel very grateful. W. C. Summers and a party of friends started for New Lake Tuesday in a wagon, to take a duck hunt. The party was well supplied with "provisions" and a hit yu time was in anticipation. Workmen finished covering the large shed on Dyer's wharf, this week. It will be boarded up on the south side and west end so as to prevent the wind from blowing rain in on freight stored under it. Secretary Rote holds that a state of war exists in the Philippines. This seems a strange discovery at this late day, but the American public has held for about two years now that something was wrong in that quarter of the globe. The Bandon Lodge No 115, A F & A M installed officers on St. John's Day, December 27, as follows: T J Thrift, W M; Peter Nelson, S W; J A Morrison, J W; W Haydon, Sec.; Matt Smith, Tyler; C I Kime, S D; M Breuer, J D; W A Bingaman, S S; C D Stewart, J S. Elbert Dyer has chartered the steamer Argo to come here for a cargo of miscellaneous freight, and she is due here at high tide to day. The greater bulk of her load will be matchwood. We understand that she will make several trips.—Later: The Argo arrived yesterday. The gasoline schooner Bessie K came in Monday having been seven days in making the trip from San Francisco up. She was chartered by Elbert Dyer who had her come for matchwood, a full cargo of which has been given her. She took on something over a hundred cords. C. D. Stillwell has set up his tailoring establishment in the little building on the south side of First Street, formerly occupied by Herb Manciet's confectionery, where he will be pleased to serve the public in his line. He makes a specialty of cleaning and repairing garments. Give him a trial. William Hite, who lives in West Bandon, has been bothered with chicken thieves during the past few weeks. His poultry flock is sixteen short because of the visits of the marauders, and in consequence he is not inclined to be over indulgent, and the thief or thieves will find himself or themselves in an ugly predicament if caught in stealing his property. The schooner Onward, J. Jorgenson master came into port Monday having been 11 days on the way up several of which was the result of calm weather. Considering the calm weather and adverse winds, she has made an excellent trip up, and gives promise of good sailing qualities. Her load to San Francisco was but little short of 350,000 feet and her present trip will help relieve the crowded condition of the Parkersburg wharf. In dressing chickens for use on the Tupper House table, one day this week, Proprietor Bedillion found a cravat pin sticking in the gizzard of one of them. The pin was gold and protruded from the gizzard about an inch, the wound having been perfectly healed over. The set had fallen from its place having become loose by the grinding process of that organ. The set was of hard material and resembled a diamond but was found not to be one upon close inspection.

With this issue the Recorder starts its 18th volume. Yesterday broke the good weather record and ushered in a rain. Miss Georgena Hayes of Coquille is visiting relatives and friends here. The steamer Mandalay is about due again and should be in by high tide tomorrow. Mr. and Mrs. H. W. Dunham, of Coquille came down yesterday on a visit to Bandon. Mrs. A. M. Scumner returned home yesterday from a visit to her daughter Lella Fish, at Fishtap. Elder Crumley will preach next Sunday, in Swift's Hall at the usual hours, morning and evening. S. Mandy has been getting out a lot of maple and ash blocks which he will ship to San Francisco to a company who will use them for veneration purposes. S. B. Morris left yesterday for a three day's visit to friends in Marshfield. Lawrence Stitt holds down his place in the Life-saving service during his absence. There was quite an excursion of young ladies and gentlemen came down on the steamer Favorite yesterday. They returned on the afternoon boat. Some of the visitors were from Myrtle Point. The San Francisco Bulletin Co. offers to old and new Subscribers to the Daily Bulletin a Copy of Rand McNally & Co's unrivaled Atlas, for the price of \$1.50 to which will be added a few cents for expressage. Subscriptions taken for the Bulletin and Recorder at 50 cents a month. There seems little doubt but that the schooner Reliance which left San Francisco for the Coquille some 45 days ago is lost. Dyer and Shoemaker had considerable freight on her and the machinery for a match factory. Their freight was fully covered by insurance, but the loss will retard the enterprise to some extent. Steamer Argo. E. W. Glasman, who came up as purser and general agent of the steamer Argo, gave out the following: That the Argo will run between San Francisco and the Coquille just as long as she can make profit in doing so, and that she will carry freight up for \$2 a ton. The Entertainment. The elocutionary entertainment which was advertised for last Saturday evening passed off pleasantly and was a success, and although the attendance was large it was certainly below what it should have been considering that it was home talent and that the proceeds were to be used for the convenience and comfort of those attending the intermediate department. Those who took part in the exercises showed the result of persistent, careful training. This was noticeable in Emerson exercises, and in Harmony movements, and Mrs. Wooten deserves much credit for accomplishing so much in so short time. The declamations were good, and the orchestra, consisting of Prof. Gannard and Messrs. Kimo, McCulloch, Gus Gross and George Topping rendered several selections to an appreciative audience. The audience enjoyed the farce—a proposal under difficulties,—perhaps as much or more than any other part of the entertainment as it appealed to the organs of mirth, partaking largely of the ridiculous, besides being well presented by those who took the several parts. Altogether it was a pleasant evening and besides being entertaining it was also instructive, having a tendency to lift humanity to a higher plane. AROUND THE COUNTY. From the Coquille City Bulletin. W. S. Perry, formerly manager of the Lyons Estate, returned the first of the week from an extended trip through Arizona and Southern California for his health. He looks much improved and intends to remain here if his health will permit. J. J. Stanley last week closed a deal with B. H. Burns, of this city, for the sale of his fine farm in the northern part of the city. It is understood the consideration was something like \$8000, Mr. Stanley taking the Burns residence and lots in part payment and moving thereto. Upon the conclusion of this deal Mr. Stanley negotiated for the lease of this paper, with the intention of ultimately becoming owner, and will take charge the first of the year.

Special Notice. I have strict instructions to enforce the Stock and Dog ordinances of the Town of Bandon. All persons owning Stock are warned to keep them up according to the ordinance. All persons owning dogs are hereby notified to pay their license for same on or before January 10th, 1902. All persons failing to comply with this ordinance are liable to arrest and a fine of \$5.00 and costs. C. S. McCULLOCH, Marshal, Town of Bandon. REMARKABLE CURE OF CHOLERA. A Little Boy's Life Saved. I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steere of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed every ten minutes until he "threw up" and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth to day.—JOEL EMMERT, Inwood, Iowa. For sale by C. Y. Lowe. Is the South African War Over? LONDON, Dec. 28.—The War Office this afternoon issued a list of the British casualties at Zeefentien, December 24, (when Colonel Firman's camp, consisting of three companies of yeomanry and two guns, was successfully rushed by a Boer command under General Dewet.) The list indicates the entire success of Dewet's attack. Six officers and 50 men were killed eight officers were wounded and four are missing. It is presumed that the missing officers were taken along with the guns. LONDON, Dec. 28.—Details received here from South Africa to day of the unsubsiding near Beginderyn, Orange River Colony, December 21, of 200 mounted infantry by 300 Boers and 40 armed natives, led by Commandant Britz, show the British losses to have been 10 men killed and 15 wounded. The losses of the Boers are not known. Important News Notes. MONDAY Dec. 23. Secretary Long approves opinion holding Philippines United States territory as regards naval offenses. Kitchner reports sharp fighting in Orange River and Transvaal colonies. British losses in Transvaal engagements were heavy. Australia will send 1000 men to South Africa.
