Reuben Gardner went on service at the Life saving station this week while S. B. Morris was laid up from la grippe.

Since the quarantine was put on travel has been light and the noon boat to arrive here has been laid off. All this combines to make Bandon a very quiet place.

Rev. F. M. Sanderlin and daughter Zanta, and Mrs. Minnie Bryan, who is visiting Miss Sanderin, have moved their habitation to the Two-mile country on account of the quarantine.

Rev. George Gillespie left for his field of labor in Curry county, last Friday, the quarantine preventing the fulfillment of his appointments here, which had been made for each Sunday in January.

President Clark, of the Bandon Woolen Mills Co., went to San Francisco last week on business. Mrs. Clark took passage on the Mandalay to join her husband in the city from where she will go to Oregon City.

T. J. Thrift has rented the shop formerly occupied by Peter Loggie, and is prepared to turn out all kinds of work in the carpenter's line or in the way of odd jobs. When you need anything in his line just give him a call.

J. S. Tilton returned home Friday from a visit to Myrtle Point. He ran up against the quarantine, but having had smallpox some years ago he was admitted, his apparel having been submitted to the fumigating process.

A. G. Hoyt is again in charge of the tri weekly mail service between Bandon and Langlois, and is ever ready and willing to serve the public in his capacity as carrier, messenger, freighter, and in the transportation of passengers and their luggage.

E. A. McDuffee and wife and child, of Coquille, went to San Francisco on the Mandalay last week. They intend going south as far as Los Angeles in the interest of Mrs. McDuffee's health. They expect to return to Coos some time in the future.

Among those who took passage on the steamer Mandalay last week were Mrs. E. M Lyons and her daughter Josie, of Coquille. Miss Josie has gone to San Francisco to acquaint herself with the latest millinery styles in the interest of her Coquille trade.

The Town marshal is vigorously enforcing the dog and stock ordinances, with good result in the dogtax line, and loose stock is receiving his attention also, as was evidenced by the eight head of cattle in the pound Sunday morning. Laws should either be enforced or repealed and the marshal is an executive officer chosen to execute the laws of the corporation.

The steamer Mandalay sailed last Friday for San Francisco via Crescent City. Following is a list of her passengers: F L Statler, Mrs F L Statler, E A McDuffee, wife and child, Mrs E M Lyons and daughter Josie, Mrs Wm Mansill, W E Wilkes, J E Adams, E Mamvell, E D Goodman, J Jacobson, D Collier, Mrs T W Clark. Added to the above list were two persons in steerage and two chinamen making a total of 19 persons.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for seven years and have never known it to fail," says James Prendergast, merchant, Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold to ward pneumonia. Sold by C. Y. Lowe.

Marshfield has voted a 7 mill school tax.

Mrs. Anna Jones of Four-mile is spending the week in town.

C. H. Crews, of Wedderburn, was a visitor to Bandon last Sunday.

A. Smyth Wiley, the Bear creek hermit, was doing business in town yesterday,

The Parkersburg mill did not start up as reported last week, but started up this week.

Mrs. J. S. Tilton has been quite sick during the past week but is getting better again.

Miss Mary Upton, of Floras creek, has been visiting J. M. Upton and family for several days.

Fred Perkins and Col. Rosa were about all the outside citizens observed on our streets yesterday.

W. V. Cope of Floras creek was a visitor in town Friday having had an errand which called him here.

W. W. Smith, of Northern Curry, was in town yesterday having had business which called him this way.

In groceries, provisions, fruits, candies etc., G. H. Magoon can please you. None but good stock carried.

The steamer Argo left San Francisco last Tuesday for the Coquille, and is expected to get into harbor this afternoon.

Raleigh Davis of New Lake passed through town yesterday homeward with a fine looking cow which he was taking home with him.

The Town board has extended the quarantine line and now permit persons from Parkersburg and Bear creek to come into town.

The city council of Ashland has decided by a vote of 4 against 2 that there shall be no saloons licensed there during the next year.

W. H. Logan and Norris Thrush were at work on the wharf again, this week, carrying the wharf improvement along toward completion.

R. W. Bullard found time Tuesday to visit Bandon, but he found the town rather lonely on account of the quarantine, and did not tarry long.

The origin of the fire in W. H. Schroeder's store, at Arago, last week is not known. The loss is estimated at $3,000. The insurance was $2,000.

The number of smallpox cases reported from Marshfield was 250. One death only was reported by health officer Dr. E. Mingus, who made the report.

Captain Burns was up from the ship Baroda yesterday. He expects to get the vessel off the beach during one of the spring tides when the surf is not too rough.

Last Friday was a lively day on water front. The tug Triumph towed four vessels to sea and the Mandalay and Argo passed out out over the bar and the schooner Monterey, a gasoline vessel made her way into harbor.

H. W. Donham has been at work the past few days placing the machinery in James Bright's new steamer, at Coquille. He expected to make the trial trip Tuesday. This steamer is designed to run on the North fork.

John and Robert Beatty, of Bullard spent a few days in town this week. They had N. R. Kendall arrested and brought in on Monday charged with assault, but concluded after Mr. Kendall appeared on the scene to settle the costs themselves and drop the matter. It appears that they had no cause to prosecute.

Mrs. J. B. Marshall met with a pleasant surprise from her children Mrs Anna Jones and W. D. Marshall, last Sunday, who managed to prepare and set a nice dinner for her upon her own table while an invited guest kept her in the sitting room. The dinner was given on the occasion of Mrs. Marshall's 68 birthday anniversary and was a very pleasant affair.

The reports current upon our streets during the last few days remind one of the Irishman when he remarked: "I don't believe more than one-half the lies they tell about the Irish are true." Coquille has some 16 or 18 cases of what is termed a mild form of smallpox. There have been no deaths from it in or near Coquille. One death, a Mr. Lawhorn is reported from North Fork but that person had been injured by being thrown from a horse a week previous and had other complications. At Coquille those who have come in contact with the disease claim that it is not as dangerous as measles are. These are the facts as nearly as we have been able to sift the true from the false, nevertheless all sorts of rumors get afloat on our streets, which, when run down have no foundation except fabrication to start from.

REMARKABLE CURE OF CROUP.

A Little Boy's Life Saved.

I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steere of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed every ten minutes until he "threw up" and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings, I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth to-day.—JOEL EUMONT, Inwood, Iowa. For sale by C. Y. Lowe.
