Mrs. Flora Davis of New Lake was quite sick last week but is getting better.

BORN—To Mr. and Mrs. Horace N. Russell, of Randolph, Jan. 15, 1902, a daughter.

Chris Rasmussen and J. E. Peck gave Sixes river a visit last week returning to Bandon Monday evening.

The construction of a four masted schooner is to be commenced immediately in the Marshfield shipyard.

The schooners and steamer have made a big hole in the matchwood that was piled on the wharf, but there is still a large amount left yet.

Sunday was a very pretty day on the beach and a considerable number of our citizens took occasion to stroll that way for recreation.

The Riverton correspondent to the Herald says that F. E. Coulter paid his board at the Riverton Hotel on his way back from this place.

Chris Long, C. Y. Lowe and Geo. Lorenz went duck hunting to New Lake Saturday returning on Monday. They were succesful in making a fair show on their return.

J. A. Hamblock of Bullards was a visitor in town Tuesday. Our reporter struck him for an item, but he begged off and said that marriageable girls were scarce in his locality.

Dale Barrows started, Tuesday, with one of the Livery stable teams to transport Col. Butler and another gentleman who have been examining blacksand prospects, in the Randolph district, through to Crescent City.

A. G. Hoyt the mail carrier will give prompt attendance to business entrusted to his care and will carry freight, parcels etc., to all points between Bandon and Dairyville at reasonable rates. Parcels to be delivered along the route can be left at Carl Nelson's meat market.

DENTISTRY.—A. B. Prentis, the Marshfield dentist, will be in Bandon, quarantine permitting, February 3rd to remain until the 10th. He will be prepared to perform all operations relating to dentistry and invites those who need his services to remember the date and give him a call.

The bark Baroda parted the large steel cable at the buoy, last Saturday. It appears that the cable has become buried in the sand until it holds but the vessel has been drawn upon the beach further where she is resting with bow out to sea. She has about 800 tons of sand ballast in her hold. Both cables are now parted.

DIED.—The Mail carrier brought news to town last Monday, of the death of C. M. Houghton, who lived on Browns creek near the county road and north of the county line. Mr. Houghton has been ailing for two or three years, we learn, but a few days ago become seriously ill, and on Sunday a physician was called, but on Sunday night dissolution took place.

It is reported that there was a big game of bluff on between a couple of Bandon's young men, the other day. One flourished a revolver and the other a knife but only an altercation of windy vaporings resulted. Bandon's citizens are not edified by this line of conduct, and neither is the character of the participants exalted. These low and degrading practices are becoming a stench that needs cleansing.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for seven years and have never known it to fail," says James Prendergast, merchant, Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. Sold by C. Y. Lowe.

Miss Jewell Kight, of Riverton, is sick having received a stroke of paralysis. Dr. Haydon was called to visit her last Saturday.

The steamer Argo left San Francisco yesterday at noon, and the Mandalay at 4 P. M. Both should be here at high tide tomorrow.

Jack Frost gave Bandon a whitewashed appearance yesterday morning while the earth was slightly frozen and mud-puddles had a thin coating of ice.

The Coast Mail says "The epidemic, whatever it is, has about run its course and few cases remain." It also states that the Manila itch has reached Empire, two families there being afflicted with it.

Charles H. Chandler returned home Friday evening from Beaver Hill where he has been at work for some time. Jack Hoover came over with him. Jack steered around town and passed on to Dairyville.

The schooner Bessie K experienced some wind on her way up from San Francisco. She came in with her forward gaff patched up it having been snapped by the wind. C. T. Fariss is constructing a new one.

The steamer Robarts came near being burned, says the Florence West. The vessel was undergoing repairs and must have caught from the stove flue as there had been no fire in the furnace for several days. Prompt action on the part of the fire department saved the vessel without great loss although the fire had spread rapidly in the engine room.

Our reporter has been vigorously chasing for news, this week, and on making the rounds ran across Mose Levar, yesterday morning with the usual inquiry, "Anything new flying around?" Yes, was the answer, that peculiar Cowtown yell broke in on our ears last night with that diabolical resonance which characterizes it as one of the greatest nuisances that comes to town. This yell is the result of an overdose of tanglefoot.

Lewis Coates, a young man about seventeen years old, received an ugly fall from cave rock, last Sunday, which has done him up for a few days, and which might have been much more serious. He in company with his uncle and another person were upon the rock, and it seems he was above the trail and slid off and was unable to stop. He received an ugly cut in one leg near the knee and one hand received a gash from a sharp rock, and one wrist was badly sprained. The place where he slid or tumbled down the side of the rock is rather precipitous, and the wonder is that he escaped with so light injury.

Marshfield Will Not Close School.

The daily Coast Mail, of Saturday says:

"There has been considerable discussion as to the advisability of closing the school until the epidemic of measles etc. runs its course, but the directors have thought best to take no action beyond instructing the principal to dispense with the Banner Day exercises until further orders and to stop the attendance at school of all children in whose families the epidemic exists. It is thought that these precautions will do fully as much good as turning the children on the streets, where danger of exposure to contagion would be fully as great as at the school house.

The closing of the school would not diminish expenses except in the matter of fuel and janitor. The teachers salaries would go on the same, and the money would be spent and nothing to show for it."

REMARKABLE CURE OF CROUP.
A Little Boy's Life Saved.

I have a few words to say regarding Chamberlain's Cough Remedy It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steere of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed every ten minutes until he "threw up" and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth to-day.—JOEL EUMONT, Inwood, Iowa. Thousands are Trying It.
In order to prove the great merit of Ely's Cream Balm, the most effective cure for Catarrh and Cold in Head, we have prepared a generous trial size for 10 cents. Get it of your druggist or send 10 cents to ELY BROS., 56 Warren St., N. Y. City.
I suffered from catarrh of the worst kind ever since a boy, and I never hoped for cure, but Ely's Cream Balm seems to do even that. Many acquaintances have used it with excellent results.—Oscar Ostrum, 45 Warren Ave., Chicago, Ill.
Ely's Cream Balm is the acknowledged cure for catarrh and contains no cocaine, mercury nor any injurious drug. Price, 50 cents. At druggists or by mail.
