EDITORIAL.

Portland is having a time with a long and a short man and they are proving quite as successful in holding up persons in and around Portland as did the long and short man who used to operate in Coos.

The Commission appointed to report on the proposed canal to cross the isthmus has reported in favor of the Panama route. This is probably another scheme to defeat the will of the people by delaying the project.

Another bill has been introduced in Congress to make more sure the gold standard. This constant bolstering at the currency laws leads one to think that the money changers are not quite sure that they have landed their fish, and are still fencing to keep it from flopping back into its natural element again.

J. Pierpont Morgan is said to have big plans. Well, if anybody doubts it, all they need do to be convinced is to wait and watch. However, his object this time is to consolidate large shipping intrests, as regards ocean transportation. Morgan is after the earth and he will come nearer getting what he wants than any of his predecessors have.

The stockholders of the Panama Canal Company want to sell to the United States, their white elephant, the Panama canal ditch. As the completion of this project has been determined by some engineers to be very costly while others pronounce it impracticable, it would appear to be good piece of property to let go of but a bad one to buy. Forty million dollars is the selling price, but if reports in regard to its worth and the stipulations attached to it are true, it would prove an expensive bargain to accept as a present.

In the states of Kentucky and Maryland a move has been made to legislate that Admiral Schley is the hero of the battle of Santiago. This is something remarkably surprising but not of an edifying nature. That bodies of men chosen to represent and enact laws for great commonwealths, such as Kentucky and Maryland should have the imbecility to think they can legislate history, or in other words, to believe they can establish a fact or thing, out of that which was not and does not exist, is something so absurd that children should see the ludicrousness of the proposition. It is generally believed that Schley is the hero of Santiago, but his right to that honor must be established by proof and not by legislation.

From press reports coming from the seat of government it would appear that perhaps, after all, the time has come when Congress may pass a Nicaragua canal bill. Possibly the body behind the project has gathered momentum enough to secure a move forward in this purpose. It begins to look so, at least, for now comes a company to the front and wishes to take the job off Uncle Sam's hands, offering to pay all cost of construction, giving free passage to government vessels, and only asking the the government to stand behind the company. The government should build, own and operate the canal and give no company a chance to control great commercial interests through excessive toll. Perhaps this company purposes to pay the cost of construction, of the canal, out of transcontinental railroad earnings. It may be but another scheme by which those who own the transcontinental lines will still remain masters of the situation.

FRANKFORT, Ky. Jan 16.—The House today, after a spirited debate, adopted a resolution commendatory of Admiral Schley. The Republicans opposed that part of the resolution which condemned the court of inquiry that sat in the Schley case, and refused to vote when the roll was called. All of the 70 Democrats present voted for the resolution.

Portland Telegram: Senator Foraker was re elected without difficulty or opposition, but it may not be quite so easy for Hanna two years from now, although he has Ohio pretty thoroughly corrupted,

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only possitive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address,

Anarchy Is An Idea and Cannot be Killed by Statutes.

NEW YORK, Jan. 15.—Recorder Goff has just made an address before the Nineteenth Century Club upon "Anarchy," which is attracting considerable attention here. In part, the Recorder said:

"For us who are gathered here in well appointed and beautifully-decorated chamber, under the glare of these electric lights, it is perfectly proper to agree that anarchy is abominable. We would be false to our surroundings if we did not. We are all well dressed and pretty well to do financially, and it is only natural for us to take the position of the party in possession.

"I think we assume a little too much if we make the mistake of congratulating ourselves on the present state of our society or our position in it. The aristocracy and nobility of France took the same position before the revolution in regard to what they called their rights. But was it not their lives which caused the revolution? The nobles amused themselves in luxury and wealth while the people starved. Who were the anarchists? The people or they?"

Recorder Goff said that in our effort to devise legislation for repressing anarchy there was grave danger that we might go to the other extreme.

"You cannot extirpate ideas by legislation," he said. "Laws never made men and women virtuous." Do not endeavor to repress an idea. If the idea is right it will triumph and the repressive methods will prove only so much fuel to feed the flames; when wrong, ideas die of themselves. In dealing with anarchy let us remember that if our Government is founded on righteousness, then anarchy is a craze and this craze will pass as other crazes have in the world's history.

A GOOD RCOMMENDATION.

"I have noticed that the sale on Chamberlain's Stomach & Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist of Cascade, Iowa. What better recommendation could any medicine have than for people to call for it when again in need of such a remedy? Try them when your feel dull after eating, when you have a bad taste in your mouth, feel bilious, have no appetite or when troubled with constipation, and you are certain to be delighted with the prompt relief which they afford. For sale by C. Y. Lowe.

BALTIMORE, Jan. 16.—The Baltimore County Taxpayers' Convention has placed a ban on any text book which does not give Rear Admiral Schley credit for the naval victory at Santiago. A resolution was unanimously passed calling upon the Baltimore County delegation in the legislature to have a law enacted which will prohibit the use of such textbooks in the public schools of the county.

The Commoner.

(Mr. Bryan's Paper.)

The Commoner has attained within six months from date of the first issue a circulation of **100,000 copies**, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic, and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his review of political events as they arise from time to time can not fail to interest those who study public questions.

The Commoner's regular subscription price is $1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and the Recorder together for one year for $2.25. The regular subscription price of the two papers when subscribed for separately is $3.00.

HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

BALTIMORE, Md., March 30, 1901.

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.

About five years ago my right ear began to sing, and this kept on getting worse, until I lost my hearing in this ear entirely.

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.

I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,

F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation.
