THURSDAY, JAN. 30, 1902.

EDITORIAL.

The present governor of Nebraska appears to think that looting the state treasury of large sums is but a small offense. He has pardoned an ex-state treasurer, after four and a half years of penal servitude, who was guilty of getting away with $500,000 of the state's funds. Frequently the degree of guilt appears to diminish in proportion as the amount stolen increase in value.

Senator Hanna has introduced a bill to pension Mrs. William McKinley in the sum of $5,000 a year. Since that lady already enjoys an income which is ample to support her in luxury and ease without danger of insufficiency, it is hard to see wherein the justice of this measure could possibly exist, especially, when the money in part, is taxed out of persons in many instances, each of whom have to maintain themselves and families on less than $500 a year. Hanna has the right to give his own property away, but he has no right to make unnecessary disposal of the people's money, and the same is true of any other representative.

The political machine seems to be revolving Simon-ward in Portland, and it is announced that Senator Simon will return from Washington, the latter part of next month, to see that the instrument is handled properly. Simon seems to have considerable opposition in the Republican ranks, especially in Portland, and it remains to be seen whose pull will secure the persimmon. Things political should work to accomplish the highest and most perfect state of government and society. To secure this end preferment should be the steppingstone into official positions, but instead a scramble for office with a purpose to farm the prize, when secured is a fair presentation of the political machine as shadowed upon the stage of present political life.

The Portland Telegram has the following to say of the epidemic which has been prevalent in the state during the past two years. "Either smallpox is not the disease it used to be, or else medical science has robbed it of its former terrors. Out of scores of cases of so-called smallpox in this city during the past year or two, none has been fatal. Indeed, the smallpox of this period and in this climate seems to be one of the most harmless of diseases, though it has not yet become really pleasant."

REMARKABLE CURE OF CROUP.
A Little Boy's Life Saved.

I have a few words to say regarding Chamberlain's Cough Remedy It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steere of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed every ten minutes until he "threw up" and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth to-day.—JOEL EUMONT, Inwood, Iowa. For sale by C. Y. Lowe.

Bulletin Answered

EDITOR RECORDER: Below is a squib from the Coquille Bulletin:

"Our sister town by the sea tried to "crawl into her hole and pull the hole in after her," but finding uncomfortable quarters, and insufficient room in which to turn, is slowly backing out."

As a subscriber to the Coquille Bulletin I feel ashamed to think that I take a paper wherein the editor would make such an ass of himself as to slur a neighboring town for trying to protect its citizens from contagious diseases.

If he would use some of his printer's ink in trying to educate his own townsmen to the importance of quarantining, and not let patients run the streets at large, he would at least save 20 to 40 dollars doctor's bill if nothing more.

BULLETIN SUBSCRIBER.

A recognized authority—The Weekly Oregonian.

Smallpox a Dread Malady No Longer.

Eminent Physician of Stocton Is of the Belief That in a Few Years the Disease Will Have Disappeared.

STOCKTON, Jan. 10.—A novel theory accounting for the mildness of smallpox in various parts of the United States at present is advanced by Dr. Asa Clark, the medical superintendent of the Stockton State hospital for the insane, and a veteran practitioner of this State. Long-continued vaccination, generation after generation, he says, is having its effect on the disease, which but a few years ago was looked upon with such dread and forebodings.

His theory is based upon heredity. He gives it as his observation and impression that in families where the practice of vaccination has been followed the disease on manifesting itself is of a very mild type. The attention of Dr. Clark was directed to the subject as a result of the few cases of varioloid or smallpox at present under quarantine in this city. Dr. Clark says:

"For generations the custom of vaccination against smallpox has been growing, until at present you will find comparatively few who have not been vaccinated, and it is the rule for persons of middle age to have been vaccinated several times.

"Now, my theory is that this increased vaccination through several generations has evolved against smallpox, until the malady of to-day, instead of being deadly, as it was fifty years ago, has come to be nothing but a mild contagion in the majority of cases. If my theory is correct the disease will entirely disappear a few years hence.

"What first suggested the theory to me is the fact that the cases of smallpox here are very mild. In fact the patients are usually no more ill than persons whose vaccination has 'taken'. Usually persons afflicted with smallpox are very sick and have to take to their beds. In the cases here the patients show no marked characteristic but the breaking out on the skin. They are not so ill as to make it necessary for them to go to bed.

"The medical journals state that there is much smallpox in the United States at this time. Very few localities are without it, though in many cases it is of so mild form as to be mistaken for chicken pox. It is said that in many cases where the malady prevails in the present mild form nothing is said about it whatever, as the general belief is that it is not smallpox at all. In this way it is spreading more rapidly than a virulent form of the disease would, because of the lack of that precaution which a severe form of the disease would invite."

Capital Journal: Cut down the fees and perquisites $25,000 and put them in the treasury. Choke off the legislative grafts $500,000 and save that to the taxpayers. That is enough to undertake in one campaign.

Oregonian: The Senate will never submit an amendment to the Constitution providing for election of United States Senators by direct vote of the people. The only hope of success lies in a declaration of the necessary two-thirds of the states to force Congress to provide for holding a National convention to frame an amendment to the Constitution for submission to the states. Six states have already by joint resolutions declared in favor of such a convention. Under the Constitution such a convention must be called if two-thirds of the states demand it. Oregon should send in such a memorial at every Legislative session.

Bearers of Miss Stone's Ransom Have Arrived at Jumaya.

SOFIA, Jan. 25.—The semi-official Bulgaria announces that the American delegates bearing the ransom for Miss Stone, the captive American missionary, have arrived at Jumaya, and that Miss Stone and her companion, Mme. Tsilka, will be released within 24 hours after the money is paid.

$100 Reward $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only possitive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address,

F. J. CHENEY & Co., Toledo, Ohio
Sold by druggists, 75c.
Hall's family Pill are best.

Want a Long Lease.

LONDON, Jan. 21.—The London County Council today considered the application in behalf of an Anglo-American syndicate, headed by Sir Charles Rivers Wilson, for a 999-year lease for property on the north side of the Strand, with a frontage of 750 feet, and with still larger frontages on the new streets debouching on the Strand, for the erection of an office building on American line to cost £2,000,000. The Council took the ground that such length of tenure pratically amounted to selling the free hold, which was not within its power. The Council, however, announced that it was willing to negotiate on the basis of a 99-year lease.

Oregonian: At last the Danish West Indies may be said to belong to the United States. Denmark had no use whatever for the islands, and they will be valuable to use as coaling and other supply stations. The price paid for them has not been made public, but no doubt it was all they were worth.

Resolutions of Respect.

Whereas our brother, Fred E. Palmer, has been taken from the Earthly Lodge to dwell in the Supreme Grand Lodge above, to be forever in the presence of our Supreme Grand Master, and

Whereas our lamented brother possessed in a rare degree those sterling qualities which tend to make a true mason and a worthy citizen, therefore be it

Resolved, That on behalf of the members of Bandon Lodge, A. F. & A. M., No. 115, of which he was a respected and trusted brother,

Resolved, That we tender our heartfelt sympathy to his wife and relatives.

Resolved, That these resolutions be spread upon the minutes, and that the lights be draped in mourning for the period of thirty days.

Resolved, That a copy of these resolutions be forwarded to the wife of our deceased brother, and that the same be published in the BANDON RECORDER.

P. NELSON.

A GOOD RCOMMENDATION.

"I have noticed that the sale on Chamberlain's Stomach & Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist of Cascade, Iowa. What better recommendation could any medicine have than for people to call for it when again in need of such a remedy? Try them when you feel dull after eating, when you have a bad taste in your mouth, feel bilious, have no appetite or when troubled with constipation, and you are certain to be delighted with the prompt relief which they afford. For sale by C. Y. Lowe.

The Commoner.

(Mr. Bryan's Paper.)

The Commoner has attained within six months from date of the first issue a circulation of **100,000 copies**, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic, and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his review of political events as they arise from time to time can not fail to interest those who study public questions.

The Commoner's regular subscription price is $1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and the Recorder together for one year for $2.25. The regular subscription price of the two papers when subscribed for separately is $3.00.

ARE YOU DEAF? **ANY HEAD NOISES?**

ALL CASES OF
DEAFNESS OR HARD HEARING ARE NOW CURABLE
by our new invention. Only those born deaf are incurable.
HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

BALTIMORE, Md., March 30, 1901.

Gentlemen:—Being entirely cured of deafness, thanks to your treatment I will now give you a full history of my case, to be used at your discretion.

About five years ago my right ear began to sing, and this kept on getting worse, until I lost my hearing in this ear entirely

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.

I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours.

F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation.

Examination and advice free. **YOU CAN CURE YOURSELF AT HOME** at a nominal cost.
