Dr. Robards, who sold his possessions at Myrtle Point has concluded to move to Coquille City.

Attorney J. M. Upton will be prepared to register voters after this week.

In groceries, provisions, fruits, candies etc., G. H. Magoon can please you. None but good stock carried.

For Sale in bulk at A. McNair's, onion sets, and three varieties, Telephone Victor and Champion of England pens.

A letter received by a Bandon citizen, this week, states that two or three members of Rev. U. S. Holcomb's family at Coquille, have the small-pox.

It begins to look as though Cape Blanco will get a new lighthouse building, a bill having passed the senate appropriating \$4,500 for that purpose.

J. E. Paek and V. R. Buckingham returned home Thursday evening of last week from Abe Rose's place back of Randolph, and reported having killed two bear which had been discovered in hollow trees.

Louis Norton, confined in the county jail on a charge of forgery, picked the lock of the steel door to the prison Tuesday evening, of last week, but his absence from the jail was discovered and he was found before gaining egress from the building. He was returned to his cell.

"I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this Remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by C. Y. Lowe.

DENTISTRY—Owing to quarantine arrangements, A. B. Prentiss, of Marshfield, was not able to fill his appointment for Bandon on February 3, as advertised, but he hereby gives notice that he will come on the Monday following the date on which the quarantine is taken off, prepared to do all kinds of work in line of his profession. He will remain one week.

One of our pioneers became communicative the other day, and remarked that the longest time he spent on the way between San Francisco and Coos county, aboard a steamship, was on the steamer Emily a short time after she was built. On the trip mentioned she was nine days in making Coos bay bar and was on the bar for some time before getting in.

Last week we made mention of Levi Snyder having gone on a visit to Florence, and from the Coquille Bulletin we learn that when he arrived on the south side of Sinslaw he was denied entrance to the town because of the quarantine. He found a place to put up for the night and hitching a horse in that neighborhood started on the return trip, but lost the horse in quicksand above Gardner.

Cyrus Spurgeon arrived here the latter part of last week from Palouse county in Washington. He came to visit his uncle Sol Spurgeon whom he had not seen for a long time. He ran up against the quarantine but was permitted to visit his uncle. He only remained a day or so and then started on his return home. He will probably return to visit his uncle for a longer period when conditions are more propitious to getting ingress to the town.

The quarantine has disarranged public school in the Bandon district and the teachers have been paid off and the school closed. After the quarantine is removed we understand that there will be a term of private school, but there is no likelihood of the public school being opened up again until next September. In one way this will be beneficial as it will enable the district to get out of debt and have the school in session after the money is collected to pay the teachers.

Call at the Drugstore and see the valentines.

Oranges at 10 to 40 cents a dozen at G. H. Magoon's.

There is to be a masquerade ball at Dairyville, February 22.

C. T. Blumenrother, of New Lake, was doing town Sunday.

A new stock of Picture Moulding & Picture Matting at B. F. Co's.

J. A. Cope is reported dangerously ill in a San Francisco hospital.

Amos Johnson of Port Orford wants to be clerk of Curry county.

Jeff Ownsby and Seth Lanagan, of Randolph, were in town last Sunday.

The Democratic central committee is called to meet at Coquille on February 12.

Harry Harborman who has been working on the bark Baroda left Saturday morning for San Francisco.

The steamer Argo and the gasoline schooner Monterey are loaded ready for sea but the bar is too rough for sailing.

The passenger list on the outgoing Mandalay was as follows: RH Rosa, J. L. Kronenberg, C. Wilson, Harry Harborman.

Superintendent Kronenberg, of the Coquille Mill & Tug Co., of Parkersburg, has gone to San Francisco, on a business trip.

The steamer Argo made a good trip to San Francisco and back, accomplishing the distance in 5 days and 7 hours.

The Tribune says there are a number of mild cases of so-called small-pox in the vicinity of Port Orford most of whom have about recovered.

The schooner Monterey is loaded with about one hundred and twenty cords of matchwood which W. C. Sanderson is sending to San Francisco.

Voters should pay attention to the registration law. It matters not that you registered two years ago you must register this year to enable you to vote at the June election.

Mrs. Isabella Yaeger expects to leave here tomorrow for Armstrong, British Columbia where she will make her future home. She will go north on the steamer Alliance.

Dr. Kime was called to the Bennett ranch, opposite Prosper, last Monday afternoon, the three-year old daughter of Andrew Hansen having received a fractured arm by falling.

Andrew Forsnes, one of Bear creek's loggers was in town Tuesday. There is considerable logging being done along the creek and a rise sufficient to float on the logs would be very acceptable.

Now is the time to call at N. Lorenz's store and order a new suit. A new sample book has just been received and there are choice selections to choose from. Order before the best is chosen.

All the men employed on the Baroda, except those retained to take care of the vessel were discharged, the latter part of last week. Operations toward floating the vessel have ceased until spring.

W. F. Shore of Laporte, Indiana, arrived here yesterday evening to take charge of the weaving department in the woolen mills, during the night. Arrangements are about complete for running full capacity.

When you lack energy, do not relish your food, feel dull and stupid, after eating, all you need is a dose of Chamberlain's Stomach & Liver Tablets. They will make you feel like a new man and give you an appetite like a bear. For sale by C. Y. Lowe.

We have been asked to caution sportsmen to be careful in shooting near town and on the river. A few days ago as a man accompanied by his family was strolling along the river shore a rifle ball struck the sand just in front of them. There have been a number of narrow escapes during the past year.

Complaint is made that crippled sea-gulls are frequently found along the river near the ocean and on the beach, which indicates that some person or persons is breaking the laws of Oregon, as these birds are protected by statute and there is a penalty attached especially for violation.

Coquille Bulletin: J. A. Davenport, of this place, has just received from California a herd of twenty-five thoroughbred milch cows which he intends to divide between his farm near town and the one near Myrtle Point. Mr. Davenport is a dairyman of many years experience in Humboldt county, California, and understands the necessity of keeping only the best breed of stock.

Matteawan and Condor May Have Collided.

SEATTLE, Jan. 30.—Great excitement has been caused in local marine circles by the theory of collision between the Condor and Matteawan, advanced by Captain Hasdorff, of the Cape Flattery lightship, and every circumstance tending to throw light on the fate of the two vessels is now cited in support of a deduction that appears most tenable. The steamers sailed from Ladysmith and Victoria, B. C., respectively on December 3, and passed through the Straits within a half hour of one another. The course of the Matteawan bound for San Francisco, and the Condor for Honolulu would have been exactly the same for at least 20 miles after leaving Flattery.

The Matteawan was noticed in the afternoon by the weather observer at Neah Bay, six miles from the termination of the Cape. He has so reported to the local office. Still later Captain Hasdorff, of the lightship, stationed 14 miles south of Cape Flattery, and anchored off Flattery Rocks, noted the steamer southward bound, about two miles off, and evidently in distress. The Condor must have been at that time but a short distance behind.

It is now believed here that the Matteawan put back for shelter at Neah Bay and at some point near and undoubtedly southward of Cape Flattery collided with the Condor. The terrible marine tragedy which would follow such a collision is accepted here as the explanation of the awful mystery which shrouds the fate of the missing craft.

Call For Conventions.

A mass convention of the Socialists of Oregon, is hereby called to meet in the city of Portland, Oregon, on Wednesday the 19th day of March, 1902, at the hour of 10 o'clock a. m., for the purpose of nominating a state ticket for the various offices to be filled at the election to be held in this state on the second day of June of this year; and for the transaction of other business of interest to the Socialist party of the state.

Also on the same day and in the same place, a mass convention of the Socialists of the second congressional district of Oregon, is hereby called for the purpose of making a nomination for congressman from said district, to be voted on at coming June election. This district comprises the counties of Benton, Clackamas, Coos, Curry, Douglas, Jackson, Josephine, Klamath, Lake, Linn, Lane, Marion, Polk, Tillamook, Washington, Yamhill and Lincoln.

It is recommended that the county mass conventions, for the purpose of nominating county tickets, should be held at county seats of the various counties on Wednesday, March 5, 1902, at the hour of 10 o'clock a. m. This will place the county conventions exactly two weeks earlier than the state convention, thus affording opportunity for attending the state and congressional convention.

Because of certain revisions in the Australian ballot law, and because of further fact that the Socialist party in this state, is an entirely new party in the eyes of the law, the method of precinct election of delegates to county conventions, and delegates elected from these bodies to the state convention, cannot be employed in making our nominations this spring. While in the principles advocated, the Social Democratic party and the Socialist party were the same, yet according to the new law, the Socialist party is a new party, and can be represented on the official ballot by either of the two following methods:

1. By calling a mass convention of the electors of any county, district or state, and if one hundred or more electors meet in such convention and form an organized body, they may make the nominations and file them according to law without petition.
2. If the assembly of electors number less than one hundred, they may form their organization and make their nominations in the same manner, but must accompany the

certificate of nominations by a petition equal to five per cent of the entire vote of such county, district or state, cast at the last preceding general election, based on the vote for governor or presidential election.

Dated at Albany, Oregon, this 29th day of January, 1902.

C. S. HARNISH, Chairman.
W. S. RICHARDS, Sec.
State Committee.

Smallpox.

Cider Vinegar Treatment as a Preventive.

The vinegar treatment as a preventive against contagion of smallpox, discovered and introduced by Dr. C. F. Howe, County health officer Atchison, Kansas, has passed the point of mere theory, and is now an established fact, having been efficient in several hundred cases of exposure in the city of Atchison and county. Many of these exposures have been the nurses, as well as many others that it was impossible to isolate from the original case of smallpox for want of room. In other words, anyone, vaccinated or not, can nurse a case of smallpox without fear of contracting the disease if, at the same time, they use the vinegar in tablespoonful doses four times daily in half a cup of water. It can be taken in less amounts by children, or more by adults.

Dr. Howe advises the use of pure chief vinegar, as all others contain alcohol. Even after the persons exposed has run almost the entire incubation period, the use of vinegar will either abort the disease entirely or modify to the extent of having all the prodromal symptoms without the disfiguring eruptions. To get the immediate control of a smallpox epidemic in a community every one should take a course of vinegar for a week, whether exposed or not.

Diluted vinegar applied locally will control the itching of smallpox. A slippery elm poultice applied to the face, while in the vesicular stage will not only abort the pustulate, but prevent the pitting. The poultice must not be used until the vesicles have formed.—American Medical Journal For Stomach Troubles.

"I have taken a great many different medicines for stomach trouble and constipation," says Mrs. S. Geiger of Dunkerton, Iowa, "but never had as good results from any as from Chamberlain's Stomach & Liver Tablets." For Sale by C. Y. Lowe.

Teacher's Examination.

February 12-14, 1902.

Owing to the prevalence of infectious diseases in many parts of the County it is decided to hold this examination in three different places as follows:

At Myrtle Point conducted by C. H. Nosler, at Marshfield conducted by W. D. Reedy, and at Coquille by the undersigned.

The classes at Myrtle Point and Marshfield will meet at the school house or at some other place selected by the conductor.

There will be no examination of manuscript during the time assigned to writing on the questions, but the Board will meet at Coquille, Feb. 17, and pass on the work of the applicants.

W. H. BUNCH, Co. Supt.
