**Aspirants for Political Honor**

Madam Rumor like Madam Grundy is always busy and just now she is making herself busy in getting out the necessary timber to lay the foundation for the coming political race-track, upon which the following named persons are likely to figure more or less.

For assessor T. J. Thrift is up before the people and having had two years' experience as deputy he would doubtless fill the position with credit to himself and economy to the county, and being a democrat himself it is the Democratic nomination that he is mentioned in connection with.

D. Morgan, of Fishtrap, put in an appearance here last Monday, apparently being out for a few days recreation, but Madam Rumor has it, that he has a political bee buzzing in the cupola of his bonnet, and that he is out looking after the gaps, broken rails, and weak places in his political fence, having an aspiration to be the next Republican sheriff of Coos county.

However this may be, this same Madam Rumor indicates that one, Steve Gallier, has the inside track on the Republican race course, and that he will win out in the nominations. Captain L. Snyder is also on the anxious seat.

Among the aspirants to office on the Democratic ticket is J. S. Lawrence, the present assessor, who wishes promotion by nomination for sheriff, for which position he has an ardent wish that longs to be filled.

On the other hand Taylor Signin is developing some strength for that position and as Taylor is rather popular with a large number of Democratic voters, Mr. Lawrence may not come in an easy winner. There are those who insist that Geo. Laingor and H. W. Danham are watching to see where the political lightning will strike, with visions of sheriff's plums dancing in their minds.

The office of County Judge seems a desirable plum, in the coming campaign, and this place will have takers without begging an acceptance.

On the Republican side of the fence is the present incumbent whose chance for nomination seems secure. While on the Democratic side J. J. Lamb believes that he has the necessary qualifications, and that his services will be as gratefully yielded to the citizens of Coos as those of any other seeker after a job at the County seat.

Mr. Lamb doubtless has the qualifications to fill the office with credit to himself and constituents, and in former days his pathway was strewn with county honors, but whether his political star will again float in the ascendency remains to be seen.

Another name mentioned in connection with the Judgeship, and that of John Hall, of Marshfield, and there are those who say that Mr. Hall would be the strongest candidate. The Democrats can nominate for County Judge.

For the clerk's office L. H. Hazard has a hold over for the nomination on the part of the Democrats, and just who will be his republican opponent does not yet appear. Lewis will probably be successful in June.

As to the representativeship of Coos it is whispered that Col. R. H. Rosa would not consider himself insulted if that particular billet was parceled out to him by his Republican friends.

There are other offices to fill but we have not heard any particular mention of them as yet, but it usually goes without announcement that Del Catheart will be up for surveyor although there is no indication yet as to who will be his opponent.

Enterprise: Geo. Hall has sold his Salmon Mountain mine to San Francisco parties. The new owners of the mine will take charge March 1st and will add about 30 more men to the working crew.

**Socialists Organized.**

About fifty Socialists convened in Mass convention, yesterday, at Coquille City and organized the Socialist party, in Coos county.

The convention organized with Peter Meyers as chairman, and Henry Goetz, as secretary.

The first work done was to organize the County central committee, which is composed of Thomas Backman, chairman, Henry Goetz, Bandon R. F. Taylor, Fairview, E. H. Kinley, Parkersburg and Wm. Gallier, Coquille. The chairman has power to fill the precincts not represented.

The following declaration of principles of the Socialist party of Coos county was adopted.

We hold that we are dependent upon each and every one of our brothers and sisters for our happiness and social contentment, and we are convinced that the collective ownership and control of all the utilities for the production and distribution of all the necessities, comforts and luxuries of life, should attain to be operated in the interests of all, to the end that each person may have the full reward of his or her labor. This will yield a greater amount of comfort and happiness than is possible to be attained under the present competitive plan, therefore we will use all honorable means for the establishment of Socialist principles.

The convention then proceeded to place in nomination a ticket to be voted upon in the coming election with the following result.

For Representative, Thos Backman  
County Judge, R. D. Sanford.  
County Commissioner, S. J. Tuttle.  
County Clerk, E. J. Coffelt.  
Sheriff, S. C. Giles.  
Assessor, William Hansen.  
Treasurer, J. Henry Schroeder.  
Coroner, Dr. W. Haydon.

The central committee was empowered to fill all vacancies.

The convention then adjourned.

The unorganized condition of the Socialists in the county, highwater, and lack of information of the call mitigated against the convention, however, small beginnings do not preclude grand results.
