McNair's, onion sets, and three varieties. Telephone Victor and Champion of England pens. Sheriff S. Galtier was in town Monday and Tuesday and from all appearances he was looking toward the repairing of any weak places there might be in his political fence. The Menely Quartette, which visited this place last Thursday night demonstrated the ability of its members to sing and entertain. This company is by far the best of its kind that has ever visited Bandon. Myrtle Point is preparing to take in the baseball business, the season, and her business men described sufficient funds to management to hire several players says the Enterprise. Myrtle Bulletin, Webb Mast, assisted by several men from his neighborhood, brought down several hundred logs this week. They left about 250 at Rackleff's mill at Myrtle Point and brought about 200 to Lyon's mill at this place. He says nearly all the logs in his neighborhood were floated out on the last freshet. The Coquille band came down on an excursion, last Sunday, and rendered some choice music while here. The steamer favorite carried the excursionists down, some 50 or 60 in number and returned them home in the evening. The Fire Department band turned out and gave the visitors a welcome on their arrival. Del Norte Record: A late report is to the effect that the California and Northern Railroad Co have put a crew of men to work extending their roadbed northward from Little River. The objective point of this road is the Klamath river, to tap the rich timber belt of that section and eventually to become a link in a coast railroad. When you wake up with a bad taste in your mouth you may know that you need a dose of Chamberlain's Stomach & Liver Tablets. They will cleanse your stomach, improve your appetite and make you feel like a new man. They are easy to take being sugar coated, and pleasant in effect. For sale by C. Y. Lowe. There is talk again of the extension of the Coos Bay, Roseburg & Eastern railway on eastward from Myrtle Point, this season, to tap a large tract of timber which lies on the Middle Fork, some 35 or 40 miles above Myrtle Point. This news comes from the Roseburg end and may have more desire than actual information behind it, although it is to be hoped that the route will be extended eastward so as to give easy access to the interior and from the interior to the coast. Go see the new goods at Denholm's. Mrs. Z. Boice of Dairyville is visiting friends in town. Garden seeds at J. Denholm's—Ferry's, Bowen's and Cox's. He brought three children with him and his wife and rest of the family will come later. You will never wish to take another dose of pills if you once try Chamberlain's Stomach & Liver Tablets. They are easier to take and more pleasant in effect. They cleanse the stomach and regulate the liver and bowels. For sale by C. Y. Lowe. The schooner Wing and Wing sailed from San Francisco, October 4th, for Siuslaw and got into harbor there on the 10th of March. During her voyage she made the Columbia river and had to visit Portland for repairs at which place she was delayed some time on account of libel. ARM SHOT.—George Johnson was in town Tuesday with his right arm in a sling, to consult a physician. On making enquiry we heard the same old story that is repeated every few months at various places all over the country. He was out hunting in a boat, landed and pulled a loaded shotgun out muzzle first with the result that he lost a piece of muscle off the inside of his right arm above the elbow. The wound is not severe, but that is the result of good fortune as it could just as easily have been fatal. There is one thing we might add: When life becomes stale, or time drags heavily upon your hands, just draw a loaded gun, muzzle foremost, out of a boat, wagon, or any other place where it has been stowed away and the probabilities strongly favor a lively time for a moment or two at least. Mrs. Minnie Bryan returned here Monday evening from Coquille where she has been engaged as teacher in one of the rooms of the public school. We understand that the time of contract expired last Friday, and as the school was closed for a time on account of the epidemic of smallpox that visited Coquille, there is disagreement between the school directors and Mrs. Bryan and Miss Florence Twombly, two of the teachers, as to the payment of wages during the time school was closed, and that Mrs. Bryan and Miss Twombly have put their claims in the hands of attorneys for adjustment. The State Superintendent and the Attorney General, it seems, have given their opinion that teachers under these circumstances are entitled to their wages, and if the cases are carried into court it will settle the matter. Fresh Hams and Bacon at G. H. Magoon's. Ed. Thrift, of Dairyville, was in town Tuesday. G. H. Magoon has some first class pickles for sale. We do Portrait Enlarging and guarantee the work. B. F. Co. You will find a lot of new goods at N. Lorenz's store and more coming. A number of the young men were at work draining the baseball ground yesterday. To "see yourself as others see you," buy one of those swinging mirrors at the Furniture Store. Mrs. S. T. Malehorn, of Floras creek, who has been visiting her daughter in Portland for some months is in town on her way home. WOTE Notice. The W. C. T. U. will meet Tuesday Mar. 25, at Mrs. Nelson's. All members are urged to be present. Important business to be transacted. Meet at 2:30 p. m. Mrs. W. H. Logan, Pres. Republican Primary. The Republicans of Bandon precinct met in primary convention yesterday in the Town Hall. R. H. Rosa called the house to order, Geo. P. Topping was chosen chairman and Robt. Walker, jr., was chosen secretary. On motion M. R. Lee and Gus Gross were appointed to help the secretary prepare ballots and act as tellers. This precinct was allotted 12 delegates and the following choice of names gives the choice of delegates: Robt. Walker D. M. Charleston H. H. Rosa B. N. Harrington C. S. McCullough H. H. Gardiner W. Bouton F. A. Holman A. W. Kinn G. P. Topping L. W. Leonard T. W. Clark PROHIBITIONISTS IN THE FIELD. The Prohibitionists of Coos county met at Coquille last Friday and nominated the following ticket: Joint Representative, Amos Dahuff, Riverton. Representative, R. C. Lee, Marshfield. Judge, C. D. McFarlin, North sloth Commissioner, A. L. Collier, Coos river. Clerk, J. A. Rhoades, Coquille. Sheriff, W. A. Goodman, Coquille. Treasurer, G. T. Coleman, Marshfield. Assessor, F. J. Perkins, Parkersburg. Coroner, J. W. Hall, Coquille. County Executive Committee, A. Rhoades, C. D. Price and J. W. Hall. In Order to Vote You Must Register. We are informed that a number of electors believe that because they registered two years ago, that they may vote at the coming June election without registering again. This is error. You must register again if you would vote. True, if your name is not on the poll book, you may call six freeholders, who can make affidavit as to your qualifications, and you will be permitted to cast your ballot. But why bother your neighbors and delay the judge and clerks of election by such a course when you can register now? Any persons who will become of age before the ensuing June election may register now, or he may wait until the day of election and cast his ballot after subscribing to the required oath, corroborated by six freeholders. Deafness Cannot be Cured By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best. A Correction. "In crossing the Coquille bar Wednesday afternoon the steamer Mandalay got to close to the South spit and stuck. She swung broadside and remained in a precarious situation for nearly half an hour when she was swung off and proceeded to sea. The Mandalay was following the tug out and it is thought that as the tug went unusually close to the spit, Capt. Batchelder miscalculated his position which accounted for the accident. The sea was very smooth, otherwise the situation would have been serious." The above is from the Coast Mail of last Friday and as it is somewhat faulty, in response to request we will point out its misleading statements. That the Mandalay was following the tug out is misleading in that the tug was just ahead while in fact the tug had passed out an hour or more ahead of the Mandalay. Another misleading statement is, "She swung broadside and remained in a precarious position for nearly a half hour." The steamer in passing out touched the spit on the north side of the channel and swung around broadside to the spit with her bow pointing up the coast, but in about three minutes Captain Batchelder had her headed out to sea, and from that position he turned the bow toward the channel and began immediately afterward to make headway toward it, which when reached, enabled him to proceed onward without further delay. Articles of this nature should be exact as there is danger of injury and injustice on the part of the news reader. In this case the incorrectness must have been with the reporter. There are a number of prominent citizens of Bandon who desire that reporter to be more circumspect in his reports hereafter. Having a Run on Chamberlain's Cough Remedy. Between the hours of eleven o'clock a. m. and closing time at night on Jan. 25th, 1901, A. F. Clark, druggist, Glade Springs, Va., sold twelve bottles of Chamberlain's Cough Remedy. He says, "I never handled a medicine that sold better or gave better satisfaction to my customers." This remedy has been in general use in Virginia for many years, and the people there are well acquainted with its excellent qualities. Many of them have testified to the remarkable cures which it has effected. When you need a good, reliable medicine for a cough or cold, or attack of the grip, use Chamberlain's Cough Remedy and you are certain to be more than pleased with the quick cure which it affords. For sale by C. Y. Lowe. Wisconsin Lumbermen Buy Chadwick Tract of Timber. From the Coast Mail. The Chadwick tract of timber and coal land, owned by Mrs. Chadwick, Sol. Hirsch and other Portland parties, has been sold to F. Bouton, Jr., a Wisconsin lumberman, and this spring will see the inauguration of the work of developing the property. This tract lies west of the upper part of Isthmus slough and comprises 7920 acres of land, covered with fine timber and underlain with coal. It has been held for a quarter of a century or more, by its recent owners, who would allow nothing to be cut on it and it is one of the finest bodies of timber on the coast. Mr. Bouton, the purchaser, is a successful Wisconsin lumberman. His operations in that state having been curtailed in by the exhausting of the timber supply, he turned his attention to this coast. Coming to Coos, he has thoroughly examined the tract he has purchased, having spent the last week or so cruising and camping on the land, undeterred by rain and bad weather. The sale, the largest ever made in Coos, was negotiated by Dr. C. W. Tower, and it may be stated that a very satisfactory price was realized. It is understood that Mr. Bouton has not bought this tract of land on speculation, but that he will now go ahead energetically with the development of the property. This means another large mill on the bay, and there is no need to fear that it will be another Empire or Porter fiasco, the money of practical lumbermen has gone into the venture, and such people do not let their property lie idle.
