When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach & Liver Tablets, should be employed. The I O O F Celebration.

Saturday was a model day for Bandon, and the Independent Order of Odd Fellows were favored in the respect that the day, upon which they celebrated as the anniversary of the introduction of the order in America, was pleasant and free from any disagreeable characteristics.

Resident members had busied themselves to arrange for the entertainment and comfort of their guests so that nothing was left undone. When the boats arrived from Coquille the visiting throng was met by the band and members of the fraternity greeted the visitors.

Dinner had been prepared in the Reading Room Hall and soon the visitors were conducted there, and the pleasant task of dining was begun and kept up until all had done justice to the ample and delicious repast prepared for the occasion. The Myrtle Point boat arrived about one o'clock bringing the last of the visitors to arrive who were immediately conducted to the hall where dinner was served them.

After dinner was over the street parade was formed, the Fire Department leading the procession. I. O. O. F. members formed the main body while members of the Rebekah degree followed.

The procession was near 200 strong and made a very pretty array. The start was made from wharf street and the column marched to the woolen mills and then returned and finished the parade at the entrance to the hall.

Appropriate exercises were had in Myrtle's hall commencing at two o'clock, chief among which was an able address by E. G. D. Holden, of Coquille.

The last feature of the day's doing was the dance which was largely attended, there having been some 77 tickets disposed of, and which held out till near four o'clock the next morning.

There were visitors here from all points along the river and some from Curry county and altogether the celebration was a success. The steamer Dispatch returned to Coquille City Saturday evening with a large number of visitors while those from Myrtle point and many others remained till Sunday afternoon.
