The Concert which took place here last Saturday night was well attended and afforded splendid amusement for the evening. The music was good and shows what can be accomplished even in a short time by persistent effort and thorough instruction. The minstrel jokes and acting was fully up to what should be expected from amateurs who had but little preparation in the way of rehearsal, and were enjoyed by the audience. There was some delay between acts but this was unavoidable because of lack of space on the stage, and the numerous persons taking part.

A couple of seedy looking individuals, whose appearance bespoke the tramp family, struck town Monday evening and remained a day or two selling spectacles which they claimed to have found, but which was probably a cheap article they had purchased and were trying to palm off for gold ones. Outside their business of disposing of "found spectacles" their chief occupation seemed to be to fill up on bad whiskey.

The steamer Favorite sank at the wharf at Coquille City last Friday night causing some trouble and loss to her owners. During the ebb of the tide the boat lodged on a pile so that as the tide ran out the vessel careened over until she filled with water and sank. She was raised Sunday and put on the sand bar opposite Coquille. Tuesday evening she was brought down here and yesterday morning went on the Dispatch's run while that vessel will be given some slight repairs. The Dispatch her usual run today.

Captain Barus came up yesterday from the Baroda bringing word that the vessel made 53 feet out to sea on the preceding night without any assistance other than the action of the surf. We understand that he has now succeeded in moving her as far seaward as he desires until she is ballasted and conditions are favorable to towing. She is now out to a point at which the high tides of June, which take place about the 6th, will easily take efficient effect and if the sea is just right, that is not too rough, she will in all probability, be floated at that time.

Whoooping Cough.

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.—JESSIE FISKEY HALL, Springville, Ala. This Remedy is for sale by C. Y. Lowe.

Town Primary.

The citizens of Bandon met in the Town hall Tuesday evening, May 20, for the purpose of nominating a ticket from which to choose a Town Board. Following is the result of the meeting:

On motion A. D. Morse was chosen chairman and B. N. Harrington secretary.

Next came the selection of candidates for Town Recorder, and A. D. Morse having been put in nomination and no other name being offered, on motion, carried by ballot, nominations were closed and Morse selected.

For Marshall J. M. Perkins, C. S. McCullough and E. M. Blackerby were put in nomination and the result of the ballot was the selection of Blackerby and McCullough as candidates for marshal.

To select a town council 20 names were put before the house to select from and the 10 selected as receiving the highest number of votes were C. Rasmussen, A. G. Hoyt, Dr. A. W. Kime, B. N. Harrington, Elbert Dyer, J. B. Marshall, R. E. L. Badillion, M. Brewer, Sid Richardson and Carl Nelson.

After the nominations were made the proposition of celebrating July 4th, 1902, was considered.

First a motion was put before the house to secure the voice of the citizens which was carried unanimously in favor of celebrating.

Then by motion carried by ballot it was determined to elect a committee of five on arrangement to take charge of the preparation and carry forward the work necessary to a proper observance of our National Holiday.

On motion, carried by ballot, Chris Rasmussen, Elbert Dyer, Geo. P. Topping, Dr. Hayden and Charles Lorenz were elected as said committee, and on motion it was moved and carried that the committee on arrangements be delegated power to appoint subcommittees and make all arrangements necessary to a proper and successful observance of July 4th.

There being no further business before the house the meeting then adjourned.

Political Meetings.

Bandon has had the benefit of two political discussions during the past week, one from a Socialist standpoint and the other from the Republican side.

The Socialists met in their reading room Sunday evening and were addressed by Carl Thompson, of Elgin, Ill. Mr. Thompson is a speaker of considerable merit and force, being far beyond the average public speaker in ability. He had his subject well in hand, and held his audience attentive and kept them interested throughout a long discourse. His visit here has been a tower of strength to the Socialists, as it was a powerful appeal which will aid them to keep in line and stand for the principles they advocate, besides, it has added to their number and given others a desire to link their influence for the brotherhood of man.

Mr. Thompson went on his way Monday to fill other appointments, but he gave hope that at some time in the near future he may be enabled to visit Coos Coos county again when his time is not limited, and when he will be able to visit more places and stay longer.

The House was well filled and the frequent and hearty applause spoke the appreciation and earnestness of Socialists and those inclined toward Socialism.

The Republican rally took place on Monday evening and was addressed by Hon. J. D. Lee, of Salem, who came well recommended as an honorable man and citizen, but his appeal fell flat on his audience, eliciting no applause.

Mr. Lee appeared to labor as a man might who was out of joint with the cause he championed, and had to set up an argument that clashed with his understanding of what he ought to advocate, and seemed to be ill at ease on the stage, and doubtless has given weakness instead of strength to the Republican cause here.

So far as being a vote maker he certainly proved a failure and is the weakest campaigner the Republicans have sent to this place since J. B. Yeagley struck Bandon ten years ago.

Coast Mail: Archie Kruse already finds it necessary to increase the capacity of his clam canning plant and will put in a boiler more than twice as large as the one he is using.

Sciatic Rheumatism Cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by C. Y. Lowe.

Prospective Railroad.

The following which is a clipping from the State Journal, holds out a measure of promise to citizens of Coos county as to quick transportation and easy ingress to the interior from this part of the coast:

Hon. B. J. Pengra is in Eugene looking after military road matters. The Great Central Company recently incorporated, with a capital of \$10,000,000 to build a railroad from Salt Lake to Coos Bay, has been organized as a result of his efforts for forty years, and one of the great railroad systems of the United States is behind it and means business. The route selected is by way of Lake Odell and over a low pass north of Diamond Peak, then down to Eugene, across the Upper Siuslaw, across the Umpqua and then along the coast to Coos Bay. We have received sufficient information to indicate that the road is not run by hot air, but is backed up with abundant means to carry it to success.
