EDITORIAL.

It cost England about one billion two hundred and fifty million dollars to conquer the Boers, without estimating the cost in lives sacrificed in the struggle.

Governor Geer is the legitimate Republican candidate for senator according to the initiative vote received in the state election and should have the support of his party, however there is a great effort being put forth by certain Republican journals to prove that the vote in this instance is not binding People who are not willing to submit to the will of the majority are called anarchists.

The House killed the Pacific Cable bill. You can trust congress to do nothing in the interest of the people. Private capital has offered to build the Pacific cable and congress prefers that tribute should be levied by capital rather than that the people should send their messages at a cost which would merely repay the government for constructing and maintaining the line. Capitalists do not want the government to own an institution of this kind. The contrast would be too great, and government ownership, or Socialism, would be given too great an incentive. Congress works for the trusts and does not care for the interests of the common people. Congress serves mammon.

And now comes the news that congress will not give Cuba reciprocity. The Republicans are in the majority and the reason for denying Cuba relief is summed up in the statement that if the Republicans grant this appeal of the Cubans, it will give the Democrats an issue in the coming campaign, hence, this attempt to smother Democratic thunder. Great Scott! think of it! ten million full fledged, voting Democrats, and all too ignorant to find a campaign issue in case the Republicans don't choose to hand one out made to order. Is it any wonder that the trusts are gathering in the wealth of the country? However, if nothing better offers out of a rotting, expiring, competitive system, the twain can easily pass through another campaign in wrangling over "high tariff, low tariff and tariff reform."

Portland Journal: Morgan having monopolized the Atlantic is now negotiating with the Japs to begin operations in the Pacific. He has an option on Senator Mitchell's railroad to planet Mars, and will defeat the completion of any more Martian canals.

Portland Journal: James Haworth, aged 81 years, intends to pull a bell rope in St. Paul's Cathedral on coronation day. He rang the bells for the death of William IV., for the accession of Queen Victoria, the birth of all her children, her two jubilees and for the accession of Edward VII.

Telegram: Cuba is in bad odor already, on account of a voucher for $2800 issued by the Cuban Government in payment of services, presumably lobbying, in favor of reciprocity with the United States. But as it was issued during General Wood's Governorship, and O. K.ed by him, it is not to be supposed, on first reports, that there was anything very scandalous about it. It might have been to pay entirely legitimate expenses. But it is rather amusing to think of some of our Senators "throwing a fit" over such a transaction, even if it were not quite proper. Think of the moral sensibilities of Quay, Clark and Hanna being outraged thereby.

Denmark is Granted A Year In Which to Ratify Danish West Indies Treaty.

WASHINGTON, June 12.—The Senate committee on foreign relations has decided to recommend to the Senate the ratification of the protocol extending for one year the time of the ratification of the Danish treaty for the purchase of the Danish West Indies. This measure is made necessary by the failure of the Danish Parliament to act upon the treaty. Senator Cullom reported the resolution of extension to the Senate in executive session and asked that it be considered, but Senator Hale objected and under the rules it went over.

Ancient Vessel Discovered.

SEATTLE, June 14.—A Dawson dispatch received here says the reported discovery of a petrified ship on the plateau between the Porcupine River and the Arctic has been verified by Rev. J. H. Woodin, of Fort Yukon. He says it is of ancient make.

Highest Paid Mail Carrier.

The bigness of our country is emphasized every now and then by some obscure governmental routine. Away off in the Philippines we are delivering mail in canoe like boats, and on the other hand, a contract was let last week for carrying the mail in Alaska by dog sleds.

The successful bidder was Oscar Fish, and his route lies between Eagle and Valdez, a distance of 414 miles. He makes two trips a month, and receives $1500 a trip or nearly $35,000 a year.

Only 300 pounds are carried per trip, and this is usually made up of letters, and newspapers. Postoffice Department officials say that the sum paid to Fish is very reasonable when it is considered that he makes the trip by dog sledge, and that he has the most dangerous route of any mail carrier in the world.

He has several times been given up for dead by residents of Valdez and Eagle, but so far has always managed to reach the end of his journey, although sometimes overdue and occasionally very much battered up. He has fallen down precipices, got mixed up on avalanches, and has been starved and frost bitten, but is still happy in risking his lonely life. —*Harper's Weekly.*

Read It in His Newspaper.

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the *Dayton Volkszeitung*. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me: 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by C. Y. Lowe.

W. C. T. U. COLUMN.

The next W C T U meeting takes place Tuesday afternoon at 3 o'clock at the residence of Mrs. Blackerby.

The supreme court of Texas has decreed that saloonkeepers selling liquor to students of educational institutions are liable to prosecution.

Of the southern states Kentucky has 94 prohibition counties, Texas 120 Georgia 133, Missouri 84, Tennessee 70, North Carolina 60, Virginia 54, Alabama 50, West Virginia 40, Florida 30, etc.

Twenty-five saloons in Cheyenne, Wyo., have recently been closed as a result of an order issued by the Union Pacific Railway Company enforcing the law against employes frequenting drinking places.

The warden of the Cook county, Illinois, hospital objects to receiving drunken patients, on the plea that the cost of caring for inebriates should be bourne by the city deriving revenue from the sale of liquor.

A man who was told by his physician that he could be cured of a serious disease if he would give up smoking, looked long at his cigar and slowly replied: "Doctor, I believe I could give up drinking if I really set myself to it, but I can't give up this," and he pointed to his cigar. "Very well," said his physician, "get another doctor and die." The man did both.

A friend of mine threw away his tobacco, saying, "That's the end of it.' But it was only the beginning; he suffered intensely and purchased another plug, but God's spirit came to his aid and as he held the plug in his hand, he said 'I love you, but you are my master or am I yours? You are a weed; I am a man. You are a thing; I am a man. I'll master you if I die for it. It shall never be said of me again, There goes a man mastered by a thing! Whenever the craving came upon him he would take out the old plug and defy it. The glory of the victory more than repaid him for the two months struggle.

ARE YOU DEAF?

ANY HEAD NOISES?

ALL CASES OF

DEAFNESS OR HARD HEARING ARE NOW CURABLE

HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

BALTIMORE, Md., March 30, 1901.

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.

About five years ago my right ear began to sing, and this kept on getting worse, until I lost my hearing in this ear entirely.

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.

I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,

F. A. WERMAN, 739 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation.

Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost.
