Last week we made mention that Dr. Culin had died suddenly, at Portland. This week we will resurrect him. The reported death was circulated here last week, and although the contradiction got here before the Recorder went to press we had failed to hear it, and from the manner in which the news reached our reporter, we presumed that it was genuine, but for the Doctor's sake we are glad that it was not so, and we have no doubt that Dr. Culin is of the same frame of mind. The Baseball Game.

For the first time in 1776 the Red White and Blue was trailed in the dust. It was rumored after the defeat of the Bandon team last Sunday that the spirit of George Washington and Abraham Lincoln groaned in their graves. That spirit which enabled our ancestors to overcome all obstacles and place Old Glory on the proud pinnacle which she now holds, was missing in the camp of the Bandonians.

The steamers Dispatch, Favorite Reta and Echo were loaded to their utmost capacity to carry the large and enthusiastic crowd which attended from all points on the river. Each arrival was greeted with sweet strains of music furnished through the courtesy of the Bandon Fire Department Band.

When game was called the crowd numbered about 600 including 25 of the leading citizens from our sister city Dairyville. The new and spacious grand stand, erected last week was overflowing with the elite and beauty of Coos county. The fair enthusiasts of each team bedecked in their respective brilliant colors presented a beautiful setting to the artistic eye.

In the first inning the up river slingers took kindly to Hanrahan's choice offerings and straightened out his batters for five hits and three runs. Bandon failed to score in their half. The visitors started another bunch of fireworks in the second making three hits and two runs thus giving them a lead which the Bandonians failed to overcome. In the last half of the second Hanrahan led off with a 2 base hit to right. Nefzger then presented Walker with a gift to first then drove a past one to Lorenz, who cleanly handled the sphere forcing Hanrahan at third and returning the ball to second in time to retire Walker. E. Hunt then retired the side. Coquille was retired in the third in one, two, three order Nefzger was very mild in the third hitting Fredericks and walking McKune and Burrows which filled the bases. With no one out the prospect seemed very rosy for Bandon. Page hit a sky scraper to left which was taken out by Baxter. C. Hunt then struck out. Hanrahan walked forcing Fredericks across the plate. Walker failed to connect with Nefzger's south paw delivery thus retiring the side. There was no more scoring until the seventh when J. Benham made the round trip for Coquille. This ended the run getting for the visitors. Bandon sent a man around the circuit in the 8th and one in the 9th through Star's daring baserunning making the score at the conclusion of the game read 6 to 3. The grounds were in very poor condition, especially in the outer gardens which interfered with the parambulation of the fielders.

The feature of the game was the playing of Milsap at short. Eager and Burrows handled the receiving end of the battery in superb style. Nefzger, for the visitors, baring his wildness pitched fine ball holding his opponents down to 2 hits. Hanrahan has hit hard the first two innings but after this pitched good ball. McKune, the premier shortstop of the league, was in poor physical condition, and the vim and dash which generally characterizes his play was missing.

The same teams play next Sunday at Coquille and the Bandonians are confident of reversing the decision. Mr. Beaton, a prominent ship builder of Prosper umpired the game.
