The Basebal Steal. The Bandon Team Bented by The Umpire. In the ball game here last Sunday the Coquille team defeated the home team in a score of 7 to 6. The Bandon team put up a superior game of ball, but they were unable to beat the umpire who was apparently in sympathy with the visitors. There were some features in connection with the game that were peculiar. One of these features was the published statement in the Coast Mail of Sunday, that Hi Wright would umpire the game, the Bandon team not having been consulted nor advised in the matter. Another thing that had a wry look on the face of it, was the purpose of the Coquille team to not play unless Wright umpired the game. A third evidence of something wrong in Denmark was a bet wagered by one of the Coquille boys, in the sum of \$10 in which he made the stipulation that the bet was off in case Hi Wright did not umpire the game. However the greatest evidence of unfairness was in the decisions which the umpire rendered. That the umpire robbed the Bandon team is the general verdict of those who watched the game and we are told that one of the Coquille team said that he was fairly struck out, and yet the umpire gave him a chance to make a hit and score three runs for his team. Bandon took the first turn at the bat, and walked to first base, stole second and scored on two passed balls. Raymond and Burrows failed to connect and retired to the bench. Page walked to first, stole second and scored on wild pitch; Hanrahan took base on balls, stole second and Hunt retired

the side at the plate. On the part of the visitors Johnson bunted and was thrown out at first; J. Benham hit to Hanrahan and retired at first; Shea took base on balls, Eager was hit by pitched ball and Lorenz retired the side on strikes. In the second inning Bandon retired in one, two, three order, and on the part of Coquille, Baxter reached first on Walkers error, Millsap was hit by pitcher and thrown out on second, Nefzger and Johnson retiring the side. The third inning Raymond hit to pitcher and went out at first; Burrows walked to first, Page hit to third, Burrows was thrown out at second, Page scored, Hanrahan was put out at third, giving the inning to the visitors, on whose part J. Benham hit to second and failed to reach first. Shea walked to first but was put out trying to steal second; Eager and Lorenz each walked to first and Baxter retired the side. The fourth inning Hunt hit to Short, Walker struck out, Star took first on passed balls, Frederick got a single, McKune took base on balls, Raymond got a three bagger, and Star, Frederick and McKune scored; Burrows retired the side Coquille came to the bats and Millsap went out at first and H. Benham and Nefzger struck out. The fifth inning Page was put out at first, Hanrahan struck out and Hunt went out of business at first. The Coquillers coming to the bats Johnson and J. Benham got bases on balls, Shea got a three bagger after he was out on strikes, scoring Johnson and Benham and scoring himself on Hunt's error, Eager struck fly to left, Lorenz fanned, Baxter took base on balls, Millsap got a single and H. Benham retired the side on the strikes. In the sixth inning both teams failed to have a man reach first, and the Bandon team did nothing in the seventh inning; on the part of the visitors, Shea went out at second, Eager at first, Lorenz got a two base hit, Baxter got first on Page's error, Millsap and H. Benham got a single, Lorenz and Baxter scored and Johnson retired the side at first. The home team did nothing in the eighth or ninth inning. On the part of Coquille, J. Benham went out at first, Shea took base on balls, Eager struck a two bagger, Shea scored winning run, Lorenz went out at first and Baxter died at the plate.

A YOUNG LADY'S LIFE SAVED. At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy. Dr. Chas. H. Utter, a prominent Physician, of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by C. Y. Lowe.
