Herman's Opinion.

Alluding to the skepticism which exists at Marshfield in regard to the Great Central Railroad, Hon. Binger Herman expresses himself as follows: "I came West as skeptical as could be and pessimistic in every utterance, about the proposed venture, but upon investigating when at the head offices I find altogether a different thing from what I was led to believe, and now see that there is enough stability in the proposition to convince me that we are about to have a railroad. It will be a grand thing for Coos Bay. As soon as it is certain of construction capital will pour into Coos Bay at a surprising rate. I cannot see where the people here can be injured in the least, but on the contrary, the advertising this country is receiving will be a wonderful impetus to immigration and the population must increase very rapidly. The financial centers in the East are already looking up Coos Bay. As an outlet for a railroad the prospect for Marshfield and the bay is very flattering.—Coast Mail.

Higher Wages Demanded.

MILWAUKEE, Aug. 27.—The Sentinel this morning says: By September 15 the city railway systems of the country will be confronted with a demand by 100,000 members of the Brotherhood of Railway Trainmen for an increase in wages, which will mean an additional outlay of \$1,000,000 a month for wages by railroads in the country or the alternative of a strike which will eclipse in its extent all previous strikes, including the demonstration of the American Railway Union in 1894. The demands which have been formulated are for an increase of 20 per cent in wages.

A YOUNG LADY'S LIFE SAVED.

At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent Physician, of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by C. Y. Lowe.
