Schooner Launched.

Tuesday evening marks another period in the advancement of the progress of the Coquille valley. On this occasion the strong, sturdy and handsomely built, three masted schooner was launched from the Parkersburg shipyard and floated on the bosom of the Coquille.

There was quite an assemblage of citizens who had gathered from Parkersburg and the surrounding country to see the launch, which was a success, to the satisfaction of the builder. All things being ready at a few minutes past six o'clock the last stay was removed and the ship slid into its natural element.

There were a good many persons on board at the launching, but the honor of the occasion was conferred upon Miss Ruby Ellingson, who broke the proverbial bottle and christened the ship "Advance" as she slid down the ways.

Just after the vessel had been made fast to the wharf at the cannery, the steamer Reta arrived from Bandon with a lot of persons from that place and Prosper who had gone to see the launch but arrived a few minutes too late.

The schooner Advance is fashioned after the pattern of the Onward, the latter having been launched from the same yard a year ago, the only difference being in the length, the Advance being about five feet the longer vessel. She has a length of keel 130 feet, and 34 feet beam and will have a carrying capacity of about 350 to 400 thousand feet of lumber. She will have two center boards, and her rigging will be much the same as that of the Onward. Captain J. Jorgensen will take charge as master when she is ready to go into commission.

The Re-union Closed.

The reunion of the Bandon Branch of Latter Day Saints closed Sunday evening and on Monday morning the visiting members left for their homes, and the elders left for their respective fields of labor.

Elder Joseph Luff will go to Washington, and on into British Columbia; Bishop G. H. Hilliard will go to Washington then pass east through Idaho and on to Missouri; Elder Arthur Allen will do missionary work in the Willamette valley, and W. A. Goodwin will labor in Gilliam county. Elder C. E. Crumley will remain for a couple of weeks to look after the work in Coos, before visiting other places in the district.

On Saturday afternoon there were three baptisms performed. Those who presented themselves for baptism being A. J. Maves, William P. Davis and Sylvia B. Hansen, and confirmation took place the next morning. This addition gives the Bandon branch a membership of 90 which is a gain of 12 members during the past six months.

The series of meetings were well attended, and an interest has attained which promises to be far-reaching and bring good results in it train. The Saints have gained many friends here, and as their doctrine becomes better known it is held in higher esteem.

Two collections were taken up during, the meetings one on each Sunday evening, for the purpose of defraying the expenses of the re-union. The amount collected on the first evening was $25.00, and on the second occasion $24.01 the two collections aggregating $49 01.

This sum was sufficient to cover the expenses, and the members of the Branch hereby express their thanks and extend their kindliest wishes to those who aided them.

By a majority vote of the members of the Branch it was determined that the next re-union should take place at Myrtle Point, commencing August 28, 1903.

Accident to President Roosevelt and Party.

LENOX, Mass., Sept.3—A terrible accident overtook the President's coach a short distance from Pittsfield about 10 o'clock this morning. After a short visit to the home of ex-Senator Dawes, the President started on the long drive to Lenox. He had not gone far when an electric car ran into his vehicle, throwing every one to the ground and badly damaging the coach. The President received a cut on the head. Secretary Cortelyon was bruised and his head cut. Governor Crane was bruised. William Craig, Secret Service agent, was instantly killed. D. J. Pratt, the driver of the coach, was badly injured but not killed.

The President at once directed that Craig,s body be cared for and sent couriers ahead to prevent cheering and to announce that he would go at once to his train, which had been sent ahead to Stockbridge. The President stopped for a few moments at the Hotel Aspinwall, where the party was to have lunched, and made a brief announcement of the accident to the people who were silently gathered on the steps. He alighted from the carriage and walked a few steps and was clearly under the stress of great feeling. Then he retraced his steps to the carriage and turning said to the people:

"We have met with an accident. One of the party, a faithful friend, has been killed and our driver undoubtedly fatally injured. Under the circumstances, it is of course impossible for me to say more to you than that I deeply appreciate your kindly greeting."

Then he went on to Stockbridge.

Morgan Roasted.

WILKESBARRE, Pa., Sept. 4.—The business men of the Anthracite coal region, organized as the Public Alliance, after futile efforts to hasten a settlement of the great mine strike, have sent the following memorial to the national executive from their headquarters here,

"To the President of the United States: Since the inception of the barbarous struggle in the Anthracite coal region, we, the non-combatants, who stand on neutral ground, have suffered the inevitable fate of such unfortunates. The tide of battle ebbs and flows over us. We have endured patiently. We have petitioned humbly. We had hoped for much on J. P. Morgan's return.

"But now, after a struggle of four month's duration, a period of suffering and progressive business paralysis—when it seemed to us that the time was propitious for a settlement of some kind, if not as a matter of concession to public opinion, yet as a plain business proposition—Mr. Morgan has met with his henchmen and and the edict has gone forth, "There will be no settlement, no arbitration, no conciliation, no mediations, no concessions. The fight must go on."

"Mr. Morgan has placed a ban upon us which means universal ruin, destitution, riot and bloodshed.

"Is J. P. Morgan greater than the people? Is he mightier than the government? Will he be permitted to retain this menacing power? It is time that the people should speak. It is time that their voices should be heard.

"Representing the interests and sentiments of nine-tenths of our people we appeal to you to use your influence to stay the Juggernaut which crushes us. Encouraged by your recent utterances, relying on your judgment and patriotism, confident of your moral courage, we appeal from the King of Trusts to the President of the people."

FOR SALE.—A house and lot in the Southern part of Bandon. The house is a story and a half building with 4 rooms. A barn and outbuildings also on the lot. Price reasonable. Apply to H. N. Brown, Bandon.
