B. T. Van Decar, the Myrtle Point jeweler, spent a couple of days in town returning homeward Tuesday.

In provisions and groceries G. H. Magoon always carries a select stock fresh supplies arriving on each vessel.

Rev. George Gillespie returned here Friday evening from Grants Pass having attended the Synod at that place.

E. Bageron and Gus Barre of Coquille have rented Thomas Anderson's butcher business here for the next two years.

E. A. Thorhaven and daughter, of Dairyville, were in town last Saturday having come up on a shopping expedition.

Dr. Kime took the partitions out of the upper story of the Ross building, last Saturday and turned it into a skating rink.

Chris Rasmussen returned home Sunday from San Francisco. Chris has been rusticated in California for a couple of months.

Don't forget that the shelves in N. Lorenz's store are crowded with new goods and that you can find just what you want at that place.

Mike Sauden of Marshfield, was adjudged insane, last week, and sent to the asylum. Sickness for some time past was the probable cause.

E. Lewin of the City Meat market, has arranged to do his own buying and dressing of meats hereafter. Consult him if you have anything to dispose of in his line.

Frank Prey and Miss Kate Rook were married on Coos River last Wednesday and Harry Simons and Miss Edith Thornthwaite were married at Marshfield next day.

For Sale or Rent.—A Livery barn in Bandon. Room for 16 horses Buggy shed and office attached, and running water for stock. Address or apply to J. H. Jones, Bandon, Oregon.

A total eclipse of the moon last Thursday night was observed by many of our citizens. The moon was wholly within the shadow of the earth for about an hour and twenty minutes.

Following is the Mandalay passenger list for the up trip: C. F. Allen, E. Cohn, Mrs. B. N. Harrington, Miss Anna Clausen, Ben Rucker, Joseph Denanbaum, J. Hazelton and Chris Rasmussen.

The steamer Mandalay came in Sunday bringing eight passengers and 160 tons of freight. In turning around she grounded on the North side of the river where she lay until floated by Monday's tide.

P. C. Stephenson got a fall from the shed roof at the livery stable, Thursday evening which shook him up severely and laid him off work for a few days. A board that had been fastened on the roof to afford a foot hold gave way.

When you wake up with a bad taste in your mouth, go at once to C. Y. Lowe's drug store and get a free sample of Chamberlain's Stomach and Liver Tablets. One or two doses will make you well. They also cure biliousness, sick headache and constipation.

The schooner Advance, John Jorgenson, master, was towed down from Parkersburg Saturday and went to sea Sunday. The Advance is nearly the same size and model as the Onward and is a fine craft. She went out with a light cargo, having 335 M feet of lumber aboard. She will carry 400, 000 feet or over on a full load.

The skating rink is open each evening through the week, and on Saturday afternoons is open to small boys. Some of the young men are talking of having their feet wedded to overcome divorcement when trying to skate. We would suggest that they try skates. A piece of bale rope will probably answer the purpose.

J. P. Barkdoll of Norway was in town Tuesday.

Lee Cox of Dairyville was a visitor in town last night.

J. S. Kanematz of Coquille City was in Bandon Sunday.

Allen Boice of Floras creek gave town a visit last Tuesday.

Willie Lundquist returned here last week from a visit to relatives at Portland and vicinity.

J. B. Tower, C. R. Golden and Ben Schuyler, of Marshfield, visited Bandon the latter part of last week.

Rev. W. Horsfall will preach in St. John's church next Sunday morning at the usual hour, but there will be no service in the evening.

J. W. McClellan, of Eureka was in town Monday having come up on business. His father owns the McClellan ranch on New Lake.

S. D. Barrows gave Coquille City a visit this week returning home Tuesday. Sam visited the county seat to make filing upon his homestead.

The salmon run is still below the average for the season, at this place. The catch yesterday was something above 1200, and the pack up to date is over 5000 cases.

Edgar Bossen, of Dairyville, was in town last night on his way home from Bear creek where he had gone to build a fire place and flues in the new house Mr. Devereux is having built.

S. N. B. Hunt returned last Monday from a visit to Marshfield where he had gone to close a bargain for a piece of land situated near Bandon and belonging to Mrs. Lockhart. He secured the land.

Major M. Tower of Empire, was in town Monday. He came over to measure the new steamer on the ways at Prosper. Mr. Tower thinks the railroad between Coos bay and the interior is sure to be builded.

C. F. Allen, formerly a Bandon resident, arrived here Sunday with E. Cohn from San Francisco on some mining venture connected with the Randolph blacksand. Mr. Allen's business is dealing in mining machines.

Manley Arneson of Myrtle Point, had the misfortune to sprain one of his ankles, Saturday evening at the rink, so severely that he had to take to crutches. He had been working at Page's sawmill, but being unable to work started for home Monday.

An Italian named Charley Rosso, who was employed as mule driver in the Beaver Hill mine was found dead in a gangway, his chest having been crushed in. No one saw the accident but it is supposed that he was caught between the roof and a car of coal.

Get a free sample of Chamberlain's Stomach and Liver Tablets at C. Y. Lowe's drug store. They are easier to take and more pleasant in effect than pills. Then their use is not followed by constipation as is often the case with pills. Regular size, 25c. per box.

Coast Mail: Mr. and Mrs. C. H. Merchant sailed on the Sierra last Thursday from San Francisco for Honolulu, where they expect to spend several weeks among the islands. Mr. Merchant's health is much improved, and this trip will doubtless result in still further gain.

W. H. Button came up the latter part of last week and visited Beaver Hill to secure a pressure gage belonging to the boiler he is using to operate the diamond drill in prospecting for oil on his ranch. He returned to Carry on Tuesday and expects to commence drilling operations this week.

R. H. Rosa is preparing to put up a large business building on Atwater street, just East of the Pacific hotel. Frank Holman and Harry Walker are putting in the piling necessary to the streets adjacent and for the building. The building will be two stories high, but the exact dimensions otherwise have not been determined upon.

Enterprise: Rev. Adolph Haberly, of Medford, who recently was in Myrtle Point and preached here and at Coquille and Willowsdale, has accepted the invitation to take charge of the Presbyterian churches left vacant by the removal of Rev. S. S. White. Mr. Haberly is highly spoken of as a pastor and preacher and is said to be a splendid singer. Those who have met him are elated that he comes to our field to labor.

G. H. Teel of Wedderburn traveled this way Tuesday.

Miss Mollie Faby of Bullards visited friends in town this week.

Contractor Ross is making efforts to launch the new steamer at Prosper one day this week but the time is not definitely known yet.

Coos Bay News: J. W. Riggs, H. S. Bonebrake and Byron Hodson, while hunting in the North slough country, last week, discovered the skull and jaws of a marine monster partly buried in the sand. The head, which was shaped something like that of an alligator, was five feet long and three feet wide, and the jaws were armed with formidable rows of tusks, a number of which they brought home with them. The skeleton being buried in the sand, they had no means of telling the probable shape of the animal, or how big it was. Nothing answering the limited description they could give had ever been heard of on this part of the coast before.

The Guild 'Crazy' Social.

The "Crazy" social to be given by the Episcopal Guild in Manck's Hall Saturday evening, promises to prove an interesting event. Ladies and gentlemen are requested to attire in "any old thing" that comes handy. Grand promenade at 8:30. The Kime McCulloch orchestra will furnish music throughout the evening which will include several dancing numbers. Admission, adults 25 cts. Children 10 cts. This includes coffee and sandwiches.

Money Under Socialism.

Under Socialism can people earn money and can they accumulate money? Under Socialism they will earn money as never before and accumulate as never before—that is, all the people; but under Socialism no man can accumulate what other people earn. And that's a pretty big difference. We have no objection to your accumulating thousands or millions—if you earn it yourself; but we do object to your piling up what other people earn. No man can accumulate much without accumulating what other people produce. If a man wants more than he earns, he is a dangerous element in society. There's a way of spelling his name. He's a thief—his business is robbery.—Stitt Wilson at Seattle.

E. S. Spurgeon Dead.

E. S. Spurgeon who has been a resident of Bandon for a year or more died this morning at 6 o'clock. He has been sick for some time and death was not unexpected.

Mr. Spurgeon was 83 years old and has lived in Coos county since 1872. He leaves a large circle of friends to respect his memory. The funeral will take place at Coquille but arrangements are not completed as we go to press.

Death From Concussion.

On Saturday afternoon news reached town that George W. Majory, who had been working in Jenkins' logging camp, near Prosper, was badly hurt, and Dr. Kime was called in attendance. The doctor responded to the call, but as the patient was unconscious but little could be done for the injured man, who lingered along until 6 o'clock Sunday morning when he breathed his last, without regaining consciousness.

The incident which led up to his death is peculiar and was one of those unforeseen causes which are difficult some times to avoid.

A boom stick, or log, was being hauled out upon the skid road, and being long, the rear end flipped around and struck a tall stump with great force. The stump, which was some forty feet high by eight inches in diameter, was broken in two pieces near the top, and one of these pieces was buried some twenty-five feet and struck Mr. Majory on the head, the blow taking effect forward of the left ear and well toward the top of the head.

Death was the result of concussion of the brain as it appears that the skull was neither crushed nor fractured, and the scalp received but a small cut from the blow.

The funeral services were held in the Presbyterian church, Rev. George Gillespie being called upon to deliver the discourse. After the funeral service was over the remains were taken to the Bandon cemetery for interment, the arrangement of the funeral being under the management of the Bandon Fire Department of which he was a member.

Deceased was upward of forty years of age and leaves a mother, two sisters, two brothers, and a daughter, the latter is married and lives in Portland.

To Shoot For Trophy

From the Coast Mail.

The regular monthly meeting of the Marshfield Rod & Gun club was held last evening, and it is understood that a measure was passed providing for the purchase of a ton of coal. It was decided to call a meeting for next Wednesday night to discuss the question of issuing a challenge to the other Coos County clubs, for a prize shoot to be held on Thanksgiving to compete for the trophy which was sent here some months ago by the Union Metallic Cartridge Co., and which is now in possession of the Coquille City club.

Railroad News.

From the Roseburg Review.

The managers of the proposed Salt Lake & Coos Bay railroad, who are now here, are going ahead steadily with their preliminary work. Engineers Moody and Lindsley are enroute up the North Umpqua river making an examination of that route over the Cascade mountains. Engineer Jarrett is with a surveying party, which is now working this way from Myrtle Point. Materials have been ordered and movements are being advanced as rapidly as possible toward the erection of a two-story office building upon the depot grounds here. Considerable work is also being done at Bangor and vicinity on Coos Bay. These may be taken as an earnest of their intention to go right ahead with construction work as soon as preliminaries and surveys are made, rights of way secured, etc. We are assured by Chief Engineer Kinney that the Great Central R. R. Co. has put no money into either the Great Central Land Co., of Bangor, or the Great Central Townsite Co., of Roseburg, each of the latter being practically local corporations. That the people he represents are being practically in railroad and not land business.

As are found in nearly every community, there are those in this vicinity who are verbally denouncing the enterprise as being without foundation and merely a boom scheme to sell real estate or some other purpose not yet made known. Now there is no legitimate reason for "throwing cold water" upon this movement. These gentlemen have come here with the announced purpose of building a railroad and making Roseburg a junction point. They ask nothing in the way of bonuses otherwise. They pay their bills, and it is of no special interest to anyone else just where the funds are coming from. The voice of the "knocker" will not stop the movements of the men who are handling this enterprise, but will if persisted in, retard the advancement of the best interests of the town and county. What our state and county needs is a more united effort of its people toward the encouragement and establishment of new enterprises. Let us throw off the lethargy that has too long existed and Oregon will soon be in the line of modern progress. The men who built the cities of Seattle, Spokane, Los Angeles and other live centers were called boomers, yet the great work they have accomplished is acknowledged by all. Material aid is not asked of us here, therefore it would seem that the least our people can do is to give every reasonable encouragement toward the establishment of an institution that is of such great moment to our county and state.

Do Good—It Pays.

A Chicago man has observed that, "Good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You cannot possibly lose by it." Most men appreciate a kind word and encouragement more than substantial help. There are persons in this community who might truthfully say: "My good friend, cheer up. A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it for it has helped me out many a time." Sold by C. Y. Lowe.

He Learned A Great Truth.

It is said of John Wesley that he once said to Mistress Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley, because once telling is not enough." It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. For sale by C. Y. Lowe.
