BANDON, OREGON: THURSDAY, FEBRUARY 5, 1903

Number 6.

LOCAL NEWS.

V. N. Perry, of Coquille, was in town Saturday. Sheriff Gallier was a passenger to Portland on the steamer Homer Tuesday. Special 24 Large Stamps Photos 25 cents, at Wrenshall's gallery Bandon. W. J. Morgan, of Myrtle Point, was in town during the latter part of last week. Will Cook of Wedderburn, was in Bandon last Thursday on his way to Marshfield. The Recorder building has been improved by the laying of a new sidewalk in front. Seed oats, wheat, corn, barley and peas, and all kinds of Grass seeds at Sanderson Bros. You will find the best of Oranges Candies, Nuts, etc., and all kinds of Groceries at Cox's Grocery. The high water during the recent rise took out about 50 feet of the north approach to the Sixes river bridge. M. L. Martin, Expert Piano tuner Orders by postal will receive prompt attention. Permanent address Marshfield, Oregon. For a timely trying pan, call on A. Rice. It may not fry eggs, but it will keep time while the cook looks after the dinner. R. D. Home, joint Representative of Curry and Coos, was unable to attend the opening of the legislature, because of sickness. Rev. W. H. Myers delivered an interesting sermon last Sunday evening, in the M. E. Church, having for a subject: The End of the World. F. E. Hicks will still be here for a few days in the Barnard Gallery. He can give you just what you want in the photograph line. Call at once. R. S. Sutton, of Port Orford, was in town last week in the interest of the Port Orford Tribune, making collections and soliciting subscriptions. James M. Hayes and Frank Morris, of Rural, were in town the latter part of last week having come down to look after stray logs that got away during the rise in the river. Remember that Robert Air means what he says when he tells you that he can repair Agate and Granite ware in the most thorough and satisfactory manner. W. Hunt, the photographer, who has been a resident of Bandon for some months past has purchased Sam Whetstone's repair shop at Coquille City and will take up business in the repair line. He moved to Coquille last Monday. This section had a snow-clad appearance last Sunday morning. There was quite a snowstorm on Saturday but it melted as fast as it fell, but during the following night hail and snow fell so that the ground was white next morning. On Monday morning the mercury registered 39 degrees. When you feel blue and that everything goes wrong, take a dose of Chamberlain's Stomach and Liver Tablets. They will cleanse and invigorate your stomach, regulate your bowels, give you a relish for your food and make you feel that in this old world is a good place to live. For sale by C. Y. Lowe. Joseph A. McCord who has been doing service as fireman on the tug Triumph most of the time during the last five years has resigned his position and will take charge of one of the engines on the government improvement. William Hoover who has been employed on the steamer Dispatch will take the place vacated by Mr. McCord. It sometimes rains in Del Norte County as will be seen from the following item which is taken from the Recorder of that County. It says: "The rainstorm that commenced last Sunday afternoon, terminated in the greatest fall in 24 hours that has occurred in the past 22 years, the length of time that a record has been kept. From Tuesday at sunset to Wednesday at sunset, 7.00 inches was recorded."

Hay, grain and feed at N. Lorenz's Store. Call at the furniture store for upholstering goods. Try H. A. Cox, for Groceries, Candles and Provision. E. M. Gallier, of Coquille, gave this place a business visit last Saturday. The non arrival of the Chico has run the woolen mills short on material. Pure strained Honey, and Self-raising buckwheat Flour at Sanderson Bros. There were some 400 sawlogs, perhaps more, carried out to sea during the freshet. Snow is visible from here, the hills and mountains back from the coast being covered. Citizens of Marshfield have raised a considerable sum of money for the Sweden famine sufferers. News from Brewster Valley gave out the news there was four feet of snow on the Coast Range. N. Lorenz has received a stock of E. P. Reed's Ladies' shoes, than which there are none better. Call and see. Have that Shower stick put in repair for the Oregon mists, by the traveling and all-around repairer R. Abr. Dr. Kime has carpenters busy on the extension and improvement of his building which he recently purchased from R. H. Rosa. We have the New Home, White and Singer Sewing Machine, at the Furniture Store, on the most reasonable terms and prices. The supreme court of the state of Oregon has handed down a decision declaring the Oregon boom law unconstitutional and void. The Umpqua river loggers lost some logs by the big rise and the news comes that staves have been blocked on the Drain route. The Margarita Fischer Company left Marshfield for Portland on the steamer Homer, this week. They intend returning to Coos County next July. On Wednesday there were three schooners lying at the Bandon wharf each having three masts. This is the first time in the history of the place that the like has occurred. George Lorenz and wife returned home Monday having spent a week visiting relatives in Coquille City. George says that there was lots of water in that part of the county. Among the visitors in town Monday, was Amos Hatcher from Two mile. From him we learned that Two mile creek had been higher during the recent rise than it had been for several years. It exceeded the rise of 1890. A portion of Sugar Loaf mountain has been threatening to slide into the river, during the late storm. Sugar Loaf mountain extends down to the river, some four miles above Myrtle Point and a big slide there would do great damage. Two business changes have occurred here within the last week. Thomas Anderson has again taken hold of the Bandon Meat Market succeeding Bargeron & Barre, and John N. Langlois has bought out Ledgerwood & Corson's hardware business and taken charge. The scratch of a pin may cause the loss of a limb or even death when blood poisoning results from the injury. All danger of this may be avoided, however, by promptly applying Chamberlain's Pain Balm. It is an antiseptic and quick healing liniment for cuts, bruises and burns. For sale by C. Y. Lowe. Frank Dygart, who has been stopping with Josiah Wolf for the last three weeks left for his home at Myrtle Point yesterday. Mr. Wolf who has been suffering for a long time from a sore toe, is considerably better and the toe appears to be healing. Mr. John Gerber will stop there awhile and look after the chores, and lead whatever assistance is required. Gardiner Gazette: While the inventive world is struck dumb with wonder at Marconi's line success, wireless messages are "elephants" in Gardiner. Here we have no telegraph or telephone to contend with—we simply tell woman, which is by far the most rapid mode of transmitting news. Of course the necessity for so frequently repeating messages, forwarded by this system sometimes renders their accuracy slightly questionable, but in this swift day accuracy counts for nothing when we have the speed. Ring up your neighbor's wife and break the news to mother.

It is reported that the steamer Achse is coming to the Coquille for a load of lumber. Peter Nelson strengthened William Gallier's building this week by putting in some iron braces. The latest news from the steamer Chico is to the effect that she was advertised to sail for the Coquille on Feb. 2. She should be here this evening. Elder C. E. Crumley will preach in Recorder Hall, Sunday, February 8, at 11 o'clock A. M., and at 7:30 in the evening. A cordial invitation is extended to everybody. Thomas Anderson wishes to state to the public that he has again taken charge of the Bandon Meat Market, and that he will be pleased to wait upon his old patrons believing he can serve their interests and make it mutually profitable to trade with them. He asks a liberal share of public patronage. Business Changed Hands. In another column will be found the advertisement of J. N. Langlois who has purchased the hardware business of Ledgerwood & Corson and is now numbered with the business men of Bandon. Mr. Langlois is not a stranger, but is one of our best citizens and one who holds the confidence and esteem of all who know him. He takes hold of this business as an occupation and becomes interested in the welfare of the town and community, believing that while he works for himself he can also make it the interest of those needing anything in his line to trade with him, hence, he asks a liberal share of patronage. Bound Over For Burglary. Carl Neuhall and John Nelson were arraigned in Justice Morse's court here last Monday charged with having committed burglary. Neuhall and Nelson arrived here some time ago on the schooner May Flower and for some time have been occupying the house at the old brewery, belonging to Fred Mohl, while for occupation they were cutting wood on the beach. It appears that Harry Suderman, who has a claim on Bills creek, missed a lot of tools, dishes, etc., from his cabin a few days ago, and suspicion attached to Neuhall and Nelson because of their having been seen in that vicinity and having asked questions as to who lived in the house. Under authority of a search warrant a visit was made to the place where Neuhall and Nelson lived and the property was found in their possession. On Friday of last week a warrant was sworn out for the arrest of the parties, but when Constable Blackerby went to secure them he found that they had disappeared. He learned however, that they had gone down the coast. He then proceeded to Langlois by the coast route and finding that the men he wanted had not passed through he came back by the inland route and met them on this side the county line. In the trial the parties admitted taking the property but claim that the house was open. They were bound over to appear at the next term of Court, bail being placed at \$500 each, and for want of which Constable Blackerby delivered them into the custody of the Sheriff at Coquille on Tuesday. There is considerable sympathy expressed for Nelson, as he is young, has rather a good appearance and seems to have been led into the difficulty by Neuhall whose appearance suggests rather the reverse of the other. The property found in their possession was valued at about sixteen dollars. Steamer Buckingham Floated. The British steamer Buckingham, 2879 tons, belonging to Raaborn & Vorel, and which was recently reported as ashore on the north of Scot land, has been floated, and is now being repaired on the Clyde. The Buckingham brought sugar to Vancouver in 1901. The salving of the Buckingham was performed by Captain William Barns, the man who raised the British bark Baroda, which went ashore near Coos Bay two years ago. The Buckingham was able, after having her bottom patched, to proceed to the Clyde under her own steam. She was floated on January 2. Pay Up Notice. Having disposed of our hardware store and gone out of business, the undersigned hereby give notice to all persons indebted to them, to come forward immediately and settle either by cash or note. Bandon, February 5, 1903. LEDGERWOOD & CORSON.

Dark Baroda Sold. VICTORIA, B. C., Jan. 22.—The steel bark Baroda, which stranded on August 28 off the Oregon coast, and was floated after ten months' work, and has since been lying at San Francisco, has been purchased by R. Dunsuir & Sons, of this city, and will be towed north by the steam collier Tullus on her next voyage north. The Baroda will be converted into a bulk for the coal-carrying trade between the island mines and Vancouver. What the Storm Did. Last week's Herald had the following to say of what the rise in the river had done for the railroad, and damages generally: "The heavy rainfall of Thursday, Friday and Saturday gave us the highest water on Sunday we have had since 1890. Our rails are a day behind, and our railroad is unable to run trains farther this way from Marshfield than Coaledo, the track being mostly under water from here to that place, and, we are informed, very badly washed out of position in many places. About all the damage done in this part of the valley is done to the railroad. On the upper river the railroad has suffered even more than in the past, and the farmers have lost considerable fencing. The long trestle approaching the railroad bridge near the mouth of the North Fork is considerably wrecked and damaged. The trestle at Cedar Point is also removed from its foundation, and near the McAdams place there are two or three slides onto the track, while near Coaledo a large tree fell across a bridge cutting it in two. The trestle on which the track from John Peart's coal mine runs from the hill to the main track was taken a half mile down the river which will be a big drawback to Mr. Peart just as he was getting his mine in good working order, and will cause him much delay. Tendency of the Times. The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by C. Y. Lowe. County Court Proceeding Jan. 1903 term. L. Harlocker on 3 months sal as co judge 200 00 Donald McIntosh sal as co com and magist 42 00 R. C. Bennett sal as co com and magist 25 00 Ordered that a tax levy of 30 mills on the dollar on a net valuation of \$2,502,754 be made for state, county school and road purposes, to be levied as follows: School tax 5.0 mills Indigent Soldiers' Fund 1.0 mills County tax 11.0 mills Road Fund 8.5 mills 30 00 Note—At that place it would appear that the tax levy is 2 mills higher than last year, but in reality it is only 1 1/2 mill higher, as the tax of 1 1/2 mill on the dollar which was collected by the Road Supervisors last year, will be collected by the Sheriff this year, and is included in the above levy, then when you have paid your taxes to the sheriff on the 1902 roll, you will have paid all taxes except the road poll tax, which will be collected by the Road Supervisors. Above levy based on estimate expense including State, School, County, Road and other purposes, interest on warrants, etc. of \$82,447.00, balance, if any, to be applied on existing indebtedness. Contract for printing tax, bridges and other notices and matter ordered by the county officials awarded to the Coquille City Bulletin at the rate of 2 cents per single line column and 3 cent per line double column. Ordered that the Clerk issue warrants to the Sheriff for the collection of delinquent taxes. Sheriff given credit for double and wrong assessment. Whereupon Court adjourned for the term this 16th day of January, 1903, at 4 o'clock. J. T. BARNES, Register.

Benefit Entertainment. The Benefit Social to be given in the interest of S. D. Barrows has been postponed and will take place on Wednesday Evening, February 13. The postponement is made because of not being able to secure the hall and get ready for the date named last week. The program will appear next week. Remember the cause is a worthy one and should have your hearty support. Important News Notes. THURSDAY JAN 27 Fifty two insane persons perished in London, England, in the burning of an asylum. An attempted stampede in favor of Fulton failed to develop at Salem. Four men robbed the Citizens' bank at Astoria, Ore., and escaped with \$7,500.
