THURSDAY, MARCH 19, 1903. EDITORIAL

English newspapers are somewhat exercised over the election of a labor leader to parliament. Socialism is growing and will continue to grow until justice is done to all.

Another government scandal is threatened in connection with the "get rich quick" concern. Parties who have been in responsible government positions are likely to be connected with these frauds.

President Roosevelt is a good spur to congress, yet that body is not altogether lovely, neither inclined to make smooth his path at all times. He called the Senate to extra session to get legislation on the Isthmian canal and on Cuban reciprocity and so it develops, that on the latter proposition, the action may be such that an extra session of the 58th congress may be necessary.

The action against the coal dealers of Chicago has come to naught so far. The judge instructed the jury to bring in a verdict of acquittal, claiming that there was no violation of the state laws. If punishment is to be meted out to the dealers who caused much suffering by holding coal for higher prices, it must come through the federal government.

The Liberator: A firm in Philadelphia is engaged in the manufacture of idols for the East India market. It is stated on good authority that they make a much more durable and serviceable god than any of the European manufacturers.

Telegraph: Professor Lorenz, the hip manipulator, since his return to the Faderland, has been saying some good words about America and Americans, declaring that this is a great country and inhabited by a noble people.

Grants Pass Observer: Colonel T. W. Draper, manager of the Waldo Smelting & Mining Company's property, and chief engineer of the Oregon & Pacific, has returned from his trip East where he went in the interest of the proposed new railroad.

The Commoner: The South African Mission of Joseph Chamberlain is said to have been a failure. Referring to Mr. Chamberlain's visit, the London correspondent of the Chicago Chronicle says: He has settled nothing but has been badly worried by the hand magnates over the war contribution.

Deafness Cannot be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies.

The Weekly Oregonian and this paper give you all the news of home, state, the Northwest and the nation.

SEVERE ATTACK OF GRIP.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains.

Schooner Capsized.

SEATTLE, March 12.—The fishing and sealing schooner George W. Prescott, of Victoria, was capsized and completely wrecked Monday morning, 30 miles off the Columbia River, the nearest port being Astoria. One member of the crew, an Indian, was lost. The entire crew had a narrow escape from death.

The vessel was caught in a heavy cross-sea and was completely overboard. The entire crew was washed overboard, but all save one succeeded in swimming back and clinging to the wreck. The loss is estimated at \$6000.

A \$2,000,000 Fee.

New York, March 14.—New York lawyers believe, says the Herald, that if the Panama canal treaty is passed by the United States Senate, William Nelson Cromwell, of this city, will receive the largest fee ever given to a lawyer in this country, if not in the world.

WANTED.—A TRUSTWORTHY GENTLEMAN or lady in each county to manage business for an old established house of solid financial standing. A straight, bona fide weekly cash salary of \$15.00 paid by check each Wednesday with all expenses drawn from headquarters.

The Cigarette and the Coming Business Man.

CHAR. H. STOWELL, M. D. I give the following reasons for opposing the smoking of cigarettes by boys: 1. It lessens the natural appetite for food and injured digestion. The boy who smokes has a bad digestion and a poor appetite. Because of this interference with appetite and digested and assimilated, cellular activity is checked, and the growth and development of the body seriously interfered with by this early poisoning.

I heartily recommend it to all owners of stock. J. B. BEISHER, St. Louis, Mo. Sick stock or poultry should not eat cheap stock food any more than sick persons should expect to be cured by food.
