It took the conscience of one of the St. Louis hoodlums eight years to work to the surface and call forth a confession. It had been grilled at most beyond resurrection. We made a mistake in last week's issue as to time of commencement of After Noon exercises on Decoration Day. These exercises will take place in Kime's Hall at 2 o'clock sharp. Remember the time and turn out promptly. Coquille Herald: Coquille will not have a new bank but the new firm has concluded to join forces, capital, strength and influence with Mr. White and therefore have one of greater power and business capacity instead of organizing a separate institution. Next Sunday opens up the baseball season. The Bandon team will try conclusions with the Coquille team at Coquille City, and the Coos Bay team will play at Marshfield. There will be an excursion from Bandon, the usual rates being given for the round trip. The play "Sea Drift" called out a large house last Saturday night, those being visitors here from Myrtle Point, Norway, Arago, Coquille and other river points. The play proved a success both as to merit and finance, the receipts amounting to \$158.50. The scenery was excellent and added much to the effect of the play. Curry County Record: While going to Port Orford on the Copper Queen Monday evening Thomas O'Toole, the engineer, had quite a close call. The sea being rough all the hatch and port holes were necessarily closed and Thomas being down in the engine room lay down on the bank, and was almost asphyxiated with gas from the engine and was unconscious when discovered by Capt. Burns and Quartermaster Robillard who gave him their immediate attention and resuscitated him after much difficulty.

Mr. Upton has been identified with Bandon's business from its early history as a town and the Recorder regrets to see him go elsewhere. Elder C. E. Cromley and family returned Tuesday evening from a visit to Myrtle Point and East Fork. They will take passage to San Francisco on the Chico when she sails again, Mr. Cromley having been appointed to a mission in Northern California. Mr. Cromley has made many friends during his three year's sojourn in Oregon, who are loth to see him go elsewhere. He and his family carry away the respect and good wishes of their many friends. GREATLY ALARMED By a Persistent Cough, But Permanently Cured by Chamberlain's Cough Remedy. Mr. M. P. Burbage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured." Sold by C. Y. Lowe.

Dr. Kime was canvassing the town yesterday to see about how many persons would take electric lights in their places of business and dwellings. An effort will be made to either put in a plant or get light from Prosper. Coquille Bulletin: The Pacific Furniture & Lumber Co., of this city, this week loaded the steam schooner Signal at the bay. This craft took on about 250,000 feet. The company is also loading the large schooner Jas. A. Garfield. When completed, her cargo will reach about 600,000 feet. Both vessels sail for San Pedro. Too Great a Risk. In almost every neighborhood someone has died from an attack of cholera or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by C. Y. Lowe. North Bend is Growing. The North Bend baseball and amusement grounds are being finished off and smoothed down and will be rolled to a hard-pan finish and the area is also being enlarged. This work is expected to be finished by the first of next week. The entire grounds will be enclosed by a 10-foot board fence with a suitable grand stand with seating capacity to accommodate a thousand people or more. This work will be hastened as fast as possible and when completed North Bend will have the best sporting grounds for all kinds of athletic sports in Coos county. J. J. Burns, who has done all the grading work of any consequence at North Bend, has the contract for clearing, digging and trestling for the water pipe to North Bend from Marshfield. The right of way for the pipe line will be down the Bay front. A new 8-inch steel main will be laid from Marshfield to North Bend, which will supply the water for that town until a better system can be installed. The mains are expected to be laid before July 1st. J. J. Burns' grading outfit will be transferred to the foot of Washington Street as soon as the ball grounds are completed and the approaches to the public dock will be graded and put in shape so that streets will be accessible from the dock, thus making it more convenient for the sash and door factory and its warehouse. It is understood that all plans are fully matured and specifications are completed for a large new warehouse, just east of the sash and door factory. The warehouse will be for storing all kinds of commodities. A new sawmill will be built just south of the sash and door factory, equipped with the most modern improved machinery and every convenience of 75,000 feet per day. This new project is made a necessity from the present fast progress at North Bend and its industries. Mr. Simpson is bound to keep up with the procession, in fact, lead it. Just at present North Bend is leading the procession and the two mills are unable to furnish lumber enough to supply the demand. The improvement at the new town continue to be rushed along as fast as it is possible to do so. All things taken into consideration at the present pace of improvements North Bend will be second town to none in Coos county within a year, railroad or no railroad.—Coast Mail.

ELGIN SWISS MADE WATCHES ARE YOU AWARE That in the course of a year the balance of your watch makes 157,800,000 revolutions? Think of it! In time the oil gums, and produces friction, which wears the delicate bearings, destroys their high finish, and perfect fit; thus ruining an accurate time piece. When you do this do not blame the jeweler because he cannot make it run as accurate as it did before. An ordinary machine is oiled daily. Your watch from which you expect correct time should be cleaned and oiled once a year. Do not neglect your watch, but have it repaired by Arthur Rice, the reliable jeweler, who guarantees all his work. Bandon, Ore. Wrenshall & Wrenshall, Photographers, ROUND HOUSE GALLERY, BANDON.
