Mr. Keane's brother who is representing the noted actor, who will appear here Friday, June 19, is here arranging details for this excellent company of stars. He also brought two stage mechanics with him to put his scenery in readiness for his many productions. Never before has our theatre gone had an opportunity like this to see productions put on in such a gorgeous and scenic manner. Mr. Keane has special scenery for each and every play and it is said to be the prettiest and most costly ever turned out of any studio. (Watch the bills for the opening play. Seats will go sailing, and it would be well to secure them well in advance if you expect to get them.)

The Keane Company. One of the greatest attractions, one of the best companies, and the greatest repertoire of plays is that of the young American actor, James Keane Company which will appear here Friday, June 19. Neither time nor money has been spared to make this one of the attractions which will be long remembered in theatrical productions. The only way, Monte Cristo; Night Off; Capt. Swift; Confusion; and A Mexican Romance, a repertoire the likes of which has never been seen on the coast. His company is headed by one of the most noted leading ladies in the profession, Lillian Albertson, a handsome young actress who has established herself with out an equal in her line of work; Julia Walcott is another no less famous actress who has been the cause of many new plays to become great and successful by her clever enacting of difficult and responsible parts. Eva Myrie Lewis, who plays the soubrette, is a very pretty young lady who is still in her teens. (Alfred Aldrich, Edwin Macken, Glen Byers, Scott Robertson, and several other well-known artists are with this excellent organization.) Arbitration Board makes No Charge. Minutes of Meeting Which Considered North Bend's Protest Against Bandon. The Board of Arbitration of the Coos County Baseball League met at Hotel Coquille in Coquille City, Oregon, on June 12, 1903, to consider the protest of the manager of the North Bend baseball team concerning the baseball game played by North Bend vs Bandon on May 31, 1903, there being present Dr. C. W. Tower, president, Thomas White and L. J. Simpson. A. J. Sherwood being absent. Charles Baxter acted in his stead. The meeting was called to order by the President, and after the reading of the protest, which is as follows: "(1) In the first half of the eighth inning Umpire Hutchison called Bandon 'out' at the home plate. After the game said umpire acknowledged to several witnesses that he did not see the play." "(2) That in the first half of the ninth inning he called Saunders 'safe' at second and then changed his decision after consulting several Bandon players." "(3) That the Bandon players continually ran out on the diamond when we were in the field, interfering with the catcher and others of our players and umpire did not use his authority to keep them off." And after some discussion it was agreed that each item of the protest be taken up separately. Testimony was then heard in behalf of North Bend and Bandon under each item of the protest. The Board after discussion and due consideration, made the following decision: "(1) That it is not within the power of the Board of Arbitration to reverse the two decisions of Umpire Hutchison in the game of North Bend vs Bandon which were taken exception to by the manager of the North Bend team, as it was purely an error in judgment, if an error at all. (Referring to rule 58 at page 196 Spalding's Baseball Guide of 1903.) "(2) That under the evidence submitted, we are unable to reverse the decision of the umpire or to change the result of the game, and that we allow the game to stand as it did when ended with a score of four to three in favor of Bandon; that we disapprove of the actions of some of Bandon's players and request the managers of the different teams to use diligent efforts in the future to preserve more order at the games, and would refer them to Rule 58 at page 196 Spalding's Baseball Guide of 1903. A motion was made, seconded and carried that a copy of the findings of the Board of Arbitration be sent to each of the managers of the different teams, and copies furnished to the press for publication. There being no further business to come before the Board, it then adjourned. C. W. Tower, President. Attest: O. C. SANFORD, Secretary, pro tem.

Baseball. The base ball game played here last Sunday between the Coquille and Bandon teams resulted in an easy victory for the leaders, the score being 12 to 2. Under unfavorable conditions quite a crowd turned out to see a game, which for a while proved highly interesting. As Coquille was minus the services of three of their best men viz Burrows, Page and Frey, the showing they made proves that when the team gets together they will make the others go some to beat them. Gen. Schofield was on the giving line for the Bandonians and the way he served up those curves was one of the features of the game. In "The Old General" and Baum, Bandon has the two leading pitchers in the league. Pellend in left field made a fine catch off Lorenz's line drive which looked good for at least two bases. All the boys played a good game including Spider who played an errorless game in the right garden. The Coquille boys seemed to think they were getting the worst of the umpiring, but Umpire Harper gave his decisions as he saw them. No umpire is perfect, the best make mistakes so forget the umpire talk. For Coquille, Johnson at short stop made some brilliant stops. Neffzer pitched his usual good game and as soon as Tommy Burrows takes hold of the receiving end, look out for Billy. Lorenz made a fair substitute but does not throw to bases with accuracy. An Oregon Calamity. From Monday's Coast Mail. PORTLAND, Ogn., June 15.—A cloudburst swept Heppner, Lexington and Lone, in Morrow county Oregon last night, and big losses of life and property are reported. Three hundred are missing. THE DALLAS, June 15.—A messenger arrived at Arlington this morning from Lexington with news that a cloudburst last night above Heppner swept down the valley carrying everything before it, and it is estimated that 500 people were killed. When he left at one o'clock, 105 bodies had been recovered. A special leaves here at noon for the scene. PORTLAND, June 15.—A message from the Mayor of Lexington to Mayor Williams, of Portland, says that a large part of the town was swept away by a cloudburst, and they need help. A dispatch from Echo says a courier just arrived from Heppner saying there are 325 dead at that place. A wall of water 15 feet high swept the town. It is feared another flood inflicted further disaster. A relief train leaves Portland at 1:30 for the scene of the disaster. Fifteen bodies have been recovered at Lexington. Up to 1 o'clock this morning 105 bodies had been recovered, and but a small portion of the territory devastated had been gone over. From meagre details gathered from every section of Morrow county where the damage occurred, it appears that a giant wall of water almost as high as the house tops, and bearing on its crest, trees, timbers and immense stones descended upon Heppner, the town farthest up the valley at a late hour yesterday evening. Many people were at church, and others in their homes, as there was no warning. Buildings crumbled and turned to splinters in the face of the terrific deluge. Human beings were twisted, crushed and torn, to be submerged and struggled at last beneath a mighty river flowing along a course where 10 minutes before, hardly a trout brook could be found. Gathering depth, breadth, and velocity, as it progressed, the water crest rushed down the valley and swept everything before it. Lexington was almost entirely submerged, and the loss of life there is supposed to have been greater than
