BANDON, OREGON: THURSDAY, JULY 9, 1903

Number 28.

LOCAL NEWS.

Wool sacks for sale at Sanderson Bros. H. Miller of Fairview visited relatives here last week. "Photo" Buttons, 10 to 15c, at Wrenshall's Gallery. Jeff Howell came up Sunday from Corbin City and is visiting in Coos. Sanderson Bros. received a shipment of new, California wheat hay by the last steamer. Call on Sanderson Bros. for the Famous De Laval Separators. We carry them in stock. C. W. Patterson, the marble worker and stone cutter, of Marshfield died, at that place, July 1st. Ned Clark, one of Northern Curry's prosperous stockmen, was doing business in Bandon last Friday. Mr. A. Greek, of Looking Glass arrived here last Sunday and will remain until the 1st of September. Why pay fancy prices and wait a month for your suit. Denholm can save you money and fit you on once. For Sale.—Two bulls: one measuring 7 feet 9 inches, the other, 7 feet 8 inches. Enquire of J. H. Jones, Bandon, Ore. M. L. Martin, Expert Piano tuner Orders by postal will receive prompt attention. Permanent address Marshfield, Oregon. M. R. Lee came down Friday from Myrtle Point to look after some unfinished business here. He returned home yesterday. Zach Boice and wife returned home Sunday, from Dairyville where they spent the 4th. They report a good time at that place. James Lamont and J. W. Allen left here last Tuesday morning for Butte, Montana, where they intend seeking employment. Robert Goetz went to Lee to celebrate, this year. One of the fair dam sels residing in that locality was the magnet that attracted Robert. You will find the best brands of flour, bacon, ham and lard and other kinds of provisions and groceries of guaranteed strength at H. A. Cox's grocery. Call on A. McNair for a Studebaker wagon, a McCormac reaper or mower or anything on wheels. He will fit you out in anything in the hardware line. Rev. R. C. Lee, of Marshfield, was in town last Friday on his way to Dairyville to deliver an oration on the Fourth. He was in town Sunday on his return home. Frank Blackberry took a trip to Myrtle Point Friday, returning Saturday morning with the object of his flying visit. Well we don't blame Frank. She is a very nice girl. The arrivals on the steamer Chico last Monday evening were H. Mayer, Mrs. Rodgers, L. M. Hageman, a Miss Reddek and her sister, Mr. and Mrs. R. S. Duck, Mrs. Carr and C. F. Allen. Jeweler Rice has received a new lot of goods, including Sockets, Charms, Emblem pins and Fobs, of the latest styles and designs. They are going like hot cakes with plenty of butter on them. J. W. Felter returned to Floras Creek last Monday to finish the derrick and other work necessary for the Bandon Oil Company before drilling operations begin. He thinks that the company will have everything ready to begin drilling by next Monday. The steamer Chico sailed from San Francisco Thursday, via Bear Harbor, California where she unloaded 180 tons of railroad iron and 130 tons of other freight and 27 passengers. Her freight for the Coquille amounted to 150 tons, and there were 9 passengers. The Marshfield bartenders and clerks had an interesting game of baseball on Tuesday last week, in which the counter jumpers beat the boozers dispensers in a score of 12 to 11 runs. The total gate receipts amounted to \$360, which was sent to the Hopper sufferers. No man or woman in the state will hesitate to speak well of Chamberlain's Stomach and Liver Tablets after once trying them. They always produce a pleasant movement of the bowels, improve the appetite and strengthen the digestion. For sale by C. Y. Lowe. Marshfield Sun: Bud turpen has leased the Hotel North Bend, which will be open this week. The new hotel contains 44 large rooms, well lighted and with all the modern conveniences. The furnishings are all new and first-class, and everything is up to date. Mr. Turpen is courteous, genial and obliging and will make a first-class landlord.

Fruit Jars at Sanderson Bros. Hay, grain and feed at N. Lorenz's Store. T. W. Clark and wife left for San Francisco, Tuesday morning. The finest layout of Candies in town, at J. B. Marshall & Son. Mason Fruit Jars at Denholm's, Pints, Quarts and Half Gallons. New Matting and a full line of new wall paper at the Furniture store. A free show is running this week, in Munk's hall, advertising medicine. Major Tower, of Empire, and W. J. Butler and W. E. Dungan, of Marshfield are in town today. Mr. and Mrs. R. S. Duck arrived here Monday, from San Francisco. They will be employed in the Woolen mill. Ice Cream each Saturday and Sunday, at the Pacific Ice Cream Parlor and Confectionery, until further notice. H. A. Cox has received another big supply of fine candies. If you buy of him once you will be sure to go again. Jack Hoover has been given the position of night watchman for the town. He went on duty Tuesday evening. The protest of the manager of the Bandon baseball team, against the game played at North Bend last Sunday, a week ago, is to be heard next Monday. For a lazy liver try Chamberlain's Stomach and Liver Tablets. They regulate the bowels and prevent bilious attacks. For sale by C. Y. Lowe. W. C. Irvine and wife and child leave today on the Chico for San Francisco. They go to visit Mrs. Irvine's mother at San Jose. Mr. Irvine will return in a few days but Mrs. Irvine, will remain some months in California. Coast Mail: E. B. Burns informed J. T. Hall, by phone from Roseburg yesterday, that Judge Hamilton had dissolved the injunction obtained by R. D. Hume against his fishing in certain parts of Rogne river. The case was fought hard, and Mr. Burns was naturally jubilant at his victory. George Koons, of whom mention was made last week, as going to stand trial on a charge of drunkenness and disorderly conduct, concluded otherwise and paid a fine of \$10 but did not settle the case. He, Fred Radley and C. Delany, companions in trouble, have taken their leave of this section and gone to a more congenial clime. Louis Bagger & Co., Patent Attorneys, Washington, D. C., report that recently Mr. Milton L. Edmunds, a resident of this place, obtained a valuable patent for improvements in Bicycle balances. A printed copy of this patent will be furnished free to any reader of this paper on application to the above-named attorneys. Mention this paper in writing. Elbert Dyer commenced work on the watermain along Atwater street, yesterday morning. It had been planned to change this part of the system and put the pipe back from tide water, but the plan has been altered and the pipe will be laid in cement to protect the wire with which the wood is bound from getting in contact with the salt water which flows in with the tide. Panter & Company brought the new boat the company is building, down from Randolph the latter part of last week and had the boiler placed, and she is now lying along side Rosa's wharf where the work of finishing is going on. Frank Barrows has been at work this week placing the engines, and the carpenters are busy at the dockhouse. The vessel gives appearance of being well constructed and of making a serviceable boat. She is 107 feet long, over all, and is 20 feet beam. She is of very pretty model and will be ready for service in about a month. C. Wyland, who was incarcerated in the town jail here, last week, took French leave last Thursday night, and has made himself "scarce" around town since that time. Three of his associates were seen in the woods east of town the next morning with a fourth man who kept well in the brush, so that the person passing could not see him. The fourth person is supposed to have been Wyland. In making his escape he had outside help. The party who aided him tried to force the steeps in the door with a steel bar but as it went through the door and was clinched on the inside, the trial resulted in failure. The lock was then broken off. There is no evidence as to who committed the deed.

O. P. Gehlke will leave today on the steamer Chico for a visit to San Francisco. Coquille City is having a siege with diphtheria. Two children are reported to have died from the disease and others are dangerously ill with it. The Margarita Fischer company will entertain here each night this week commencing tonight. They are highly recommended as entertainers, being the peer of any troupe that have ever visited Coos if not the superior. John Fitzhugh, of Northern Curry County, died at Dairyville, Monday, July 6th and was buried at the Denmark Cemetery on the 7th. The immediate cause of death was stomach trouble from which he had been suffering for some time past. Mr. Fitzhugh was a well known character on the coast, especially in Curry, as he had served many years as surveyor and had a large acquaintance. S. J. Culver and wife of this place attended the funeral, returning home yesterday. The 4th At Bandon. The beautiful sunshine, as a crown of glory, adorning the bill-tops and river and flooding nature in joyous light, was lacking on the morn of our Natal day, and the somber pall that hung over the land became more somber until the air was filled with misty fog that dissolved with chilling effect marring the occasion by its dampness. Early in the morning the burning of powder, in firing the morning salute, awoke the light sleeper, but the more heavy ones, among whom was ye editor, were not disturbed by the racket. Early in the day the decorating committee was at work, and by the time people usually put in an appearance on the streets, the display in flags, bunting and evergreens was decidedly pretty. By nine o'clock the crowd began to make its appearance, and about the same time a slight mist put in its appearance and about the only thing that it did not dampen was the boy and his fire-crackers—nothing can affect that except the want of a dry place to store the crackers and the want of a match to fire them. Upon the arrival of the morning boat the column was formed and marched to the picnic grounds headed by the band. Upon arrival at the grounds Col. R. H. Ross, as officer of the day, made a short address and then introduced Miss Jennie Denholm who read the time-honored and grand old document, the Declaration of Independence, in her usual pleasing and entertaining style which was followed by a selection rendered by the band. Hon. George P. Topping was then introduced, who treated the audience to a short but quite appropriate oration suitable for the time and the occasion. At the close of the oration C. J. Daly made his appearance dressed for an exhibition on the slack wire, on which he is quite an expert, as he showed by his skillful maneuvering being able to stand on the wire and dress himself, putting on pantaloons, shirt, vest and coat, then lit a cigar while standing on the wire. By the time the slack wire performance was over the mist was coming down considerably and the crowd dispersed here and there to take refreshments. Soon after one o'clock the mist let up and the crowd turned its attention to the ball grounds where a game was to take place between a nine from Roseburg, and the Bandon team. Shortly after arriving on the ball grounds the teams lined up with the Roseburgers at the bat, but they went out without pushing a man around the diamond. The Bandonians came to the bat and made a couple of runs and gave way to their opponents who again failed to score. The Bandon team failed to score in the second inning but began to pile up runs after that until 15 had been made, while the Roseburgers failed and kept on failing, not succeeding in making a count in the nine innings. The Roseburg boys had some very good players in their team but they were not equal to the occasion, and suffered a heavy defeat. Although the game was one sided yet it was quite interesting. Capt. T. White umpired. The afternoon races were had on First Street and were preceded by an exhibition given by the Life saving crew. The races elicited the usual interest but we failed to get a list of the races coupled with the names of the winners, however Teddy McKinnon won the race free for all. In the evening there was quite a display of fire works, from different parts of town, all being the result of individual effort. The ball was a success but the capacity of the ball was taxed there being 109 tickets sold. The day brought many pleasures but had the mist not put in an appearance the enjoyment would have been greater.

Bandon Versus Coquille. Bandon still keeps pegging away at the ball with vim and ginger to spare, having gained their 4th hard-fought victory in last Sunday's skirmish, which looked good for either side, the 7th inning ending with the score 5 up. But Bandon rallied their forces and by timely hitting forced 4 runs across the rubber during the next two innings. Both teams were full of that ginger which gives many an ar lauder a case of "sore throat" next day. "Scratch" Morrison, at the receiving end for the locals did good work, both with the willow and the "big nit." Oscar, alias, Bretzel, alias, "The Flying Dutchman" alias, "Dutch" Westenberg recovered his wits Sunday, and as in the days of yore, binged the sphere on the hit side for 4 long safeties, thereby claiming the batting honors of the day. Tay Stroeb was also there as usual when most needed, with a long bingoo out of the lot which netted him two bags. Our "Spider" pitched in his usual form allowing but 7 hits and fanning 13 of Coquille's best batsmen. One usual feature (?) was a pelting rain in the last two innings in which both teams played "awell ball"; the ball swelling up about half a size larger. The game between Roseburg and Bandon, last Saturday was a very one-sided affair, Bandon winning out 15 to "nit." The Roseburgers are a very pleasant bunch, but failed to connect with our Captain's assortment, who pitched in a style which does him great credit as an all-round ball-player. The sprunking cans above were let loose but not too much to enable the game to be played to a finish. Below we give the score of Sunday's game: Following is the tabulated score of Sunday's game: Bandon AB R BH SB SH PO A E McKane 2b 5 0 2 1 0 2 4 1 Westberg ss 5 2 4 1 0 0 1 0 Adams 3b 3 2 1 1 0 0 5 0 Adkins 3b 4 1 0 1 0 2 0 1 Folland lf 5 2 2 1 0 2 0 0 O'Connell cf 5 2 1 1 0 16 1 3 Johnson p 4 0 0 0 0 0 2 2 Barklow cf 3 0 0 0 0 0 0 0 Holman rf 4 0 0 0 0 0 0 1 38 9 10 6 0 27 6 7 Coquille AB R BH SB SH PO A E Morrison ss 3 3 1 0 0 8 2 0 Johnson ss 4 2 1 1 0 0 2 2 Smith 2b 4 1 1 0 0 2 2 Lorenz 3b 4 0 2 0 0 1 0 1 McWilliams lf 5 0 0 0 0 0 1 0 Howell cf 5 0 0 0 0 2 0 1 Johnson lb 4 0 1 0 0 12 0 0 Benham rf 3 0 1 0 0 2 0 0 Nefzger p 4 0 0 0 0 0 5 1 36 7 1 0 27 11 6 Bases on balls, 7; Two base hits, 4; Three base hit, C. O'Connell; Struck out by Baum, 13; Passed balls 2. Umpire, Burrows. The North Bend baseball team beat the Portland Stars, who came from Portland to play against them on the 4th by a score of 3 to 0 runs. Marshfield and the Coquille team played at Coquille the same day and victory stayed with the Marshfielders. The score was 7 to 6.

Killed in Firing Cannon. A fatal accident, which marred the Wedderburn celebration was reported from that place, and reached here Sunday. A man named Cook was firing the cannon. He had discharged the piece twice and undertook to reload without swabbing out the cannon. When he rammed the charge in it exploded. Cook was in front of the gun and was blown some 15 feet. His eyes were both destroyed and he was otherwise injured, his body being filled with splinters from the ramrod which was torn to pieces by the explosion. He remained conscious and lived till Sunday afternoon. Cook had lived at Wedderburn for some three years, and was from Los Angeles, where his parents still live. He was a member of the Woodmen and of the A. U. W. also. No Body of Men Can Dictate Men's Rights. New York, July 5.—William J. Sweeney, a striker who assaulted a nonunion workman recently in the Hudson-River Tunnel, has been sentenced to six months in the penitentiary. Regarding labor unions, Judge Blair said, in passing sentence: "If you stood alone in this matter the court might be inclined to leniency; but you represent a body of men who consider themselves above the law. Every man has a right to sell his labor for what he pleases, and should not be interfered with in so doing. The question of wages is one between the employer and employed, and cannot be dictated by any body of men. The right to labor must be secured as guaranteed by the law."

Watches! Are You Aware That in the course of a year the balance of your watch makes 157,800,000 revolutions? Think of It. In time the oil gums, and produces friction, which wears the delicate bearings, destroys their high finish, and perfect fit, thus ruining an accurate time piece. When you do this do not blame the jeweler because he cannot make it run as accurate as it did before. An ordinary machine is oiled daily. Your watch from which you expect correct time should be cleaned and oiled once a year. Do not neglect your watch, but have it repaired by Arthur Rice, the reliable jeweler, who guarantees all his work. Bandon, Ore.
