J. L. Foster and family arrived here a few days ago from North Yakima, Wash., and have taken a claim about six miles south of town. Mr. Foster will leave his family in town this winter, while he improves his place and makes ready to move on to it. He expects three or four families to follow him in a short time.
Louis H. Hazard handed in his resignation as County Clerk, last week, having accepted the position of Cashier in the Coquille City National Bank, and the clerkship was offered to R. J. Coke, who, however, declined the appointment, and Mr. Hazard was induced to reconsider his resignation, and he will still supervise the clerk's office.
There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by C. Y. Lowe.

Attacks of bilious colic may be prevented in the same way. For sale by C. Y. Lowe.

Moving Picture Machine.

The Lebanon Express-Advance has the following to say concerning the moving picture entertainment to show on the evening of Aug. 29th, at Bandon.
The Edison Moving Picture and Illustrated Song Co., under the management of J. W. Cook, gave an exhibition in this city Tuesday evening. A large audience was present and they were well entertained for two hours. The company have one of Edison's latest moving picture machines, and it does splendid work, reproducing scenes of activity with lifelike exactness. Each of several pictures that were shown was alone worth the price of admission. This was Mr. Cook's fourth visit to this place and he has drawn full houses on each occasion. Will be at Bandon, Saturday, Aug. 29th.
FOR SALE—A six acre tract, adjoining corporation boundary, washed and burned, and has mostly gone; lies east of town. Open air Concert by Band every Saturday evening.

Madam Rumor says that Marshfield and Coquille have given up the fight for baseball honors for this season, and will disband. There is no official news yet of such a move.
Baseball.
The Penant Almost Landed.
It seems that in every game Bandon plays North Bend, they are always at a disadvantage with a few cripples in the field, and as usual, there were two in the Bandon team Sunday, making the struggle more difficult. But Bandon worked hard and in wisdom, and their good "clean ball" forced them ahead with the score 4 to 3 in their favor.
The Bandon team receives great praise from all of their followers, and we feel that after having so many accidents in the team and still keeping the lead, that they outclass the other teams, who always manage to have "new men" in good condition. Bandon also deserves much credit for the straightforward way they have acted all through in this league, in living up to their agreement. And we hope they will always be the ball players that they are now, and be as just and honest as they have been with us here in Bandon.
North Bend had with them an aggregation of ball-players who were both fast and muscular, and it was only by hard up-hill work that Bandon won the day against the older and more experienced players in the North Bend team.
Chas. Oswell, who received a very severe jar in Wednesday's victory over Roseburg, pluckily went and caught a game that could not have been excelled, and his throws to the different bases were of the first water.
"Reliable" Bill Oswell received a rap on the coxos which was enough to kill two good sized horses, but after half-way recovering, he showed his grit by holding his position down in the same way, which is saying much, for as a felder he cannot be beaten. Just after he took his position he started a very fierce drive, which shows that "they can't kill good men."
One feature of the day was a very clever though difficult catch by Willis Ordway in deep left, which helped greatly to save the day.
Tay Streib receives the batting honors of the day, having secured 2 of the five hits made by Bandon. Tay certainly deserves the honors, for with 3 men on bases, he hit the sphere for two bases, sending two men in, and winning the day for Bandon. Tay is a hitter and can always be depended upon. He also fielded his position second to none in the league.
"The Flying Dutchman" on short was there with an article of ball which could not be surpassed, and scooped in all that came his way with as much ease as if eating gingerbread.
"Jur Spider" is a piteber born and can always be depended upon for good head-work, for he had many opportunities of showing what good material he was made of during many ticklish places in the game, and his smiling countenance denoted that nothing ever bothers or rattles him. He had facing him some of the strongest hitters in the business, but they could not find his complications to any effect, and 10 of them paid a visit to the water bucket.
North Bend scored 3 tallies in their first time at bat, on two fumbles and a hit, but the Bandon boys steadied down and they could not do anything more until the ninth inning, in which they managed to send a runner in.
Bandon scored one in the second inning, another in the fourth, and two more in the fifth, all of which were well earned runs.
Gillespie, North Bend's new twirler, had the misfortune to hit two players, and to avoid trouble, retired in favor of Kostal, who pitched the remainder of the game without hitting any of the players. Gillespie has a world of speed, but very little control, and we feel that he needs his noodle well by retiring at the stage of the game he did. We know that his intentions were of the best, for the best of them cannot always control the ball at will.
The North Bend men are all very fast, but we feel that if they had continued with nearly the same team as in the beginning, their team work would have stood them in better stead, for continual change of men spoils all team work, which is most necessary in base ball teams.
The Bandon boys, one and all, handled themselves well after the first inning, and to the victor belongs the spoils.
Below is the tabulated score:

The Teachers' Institute.

The annual session of the Teachers' Institute opened Monday afternoon, Aug. 17th, in our little seaside town.
The weather was very favorable for the occasion, there being no wind to speak of.
There were between seventy-five and eighty teachers enrolled.
Professors Grant and Robinson from Portland were with the teachers this session, and their discussions were both interesting and instructive. But as the boy said in the story told by Prof. Robinson, he could chew but not swallow, we could hear but not remember all the good imparted by these able instructors.
Tuesday afternoon about four o'clock, the teachers enjoyed a trip over the bar which was uncommonly smooth. Not one of the seventy who went was sick.
Prof. Robinson, the same evening, addressed a large and appreciative audience in Long's Hall.
Institute closed at three o'clock on Wednesday afternoon, giving the teachers an opportunity to attend the exhibition ball game between Bandon and Roseburg that afternoon on the Bandon diamond. The home team won the honors of the day, the score being four to three.
Prof. Grant gave a heart to heart talk in Kime's Opera House, on Wednesday evening, which was greatly enjoyed by a large audience.
Thursday afternoon the Life Saving Crew took the teachers across the river to the light-house.
The evening's entertainment was given by the teachers, the closing song being "Good bye, Bandon."
The evening's entertainment closed with a free dance, which was well attended, and which all seemed to enjoy.
Most of the teachers departed Friday morning, — likewise the good weather.

A Pointer.

The Mail is informed upon authority which is not at liberty to quote, that plans are under way to build a railroad to Coos Bay from a point not hitherto mentioned in that connection. The plan seems, and the route is entirely feasible, and more will be heard of this later.—Coast Mail.
Boy Cured of Colic After Physician's Treatment Had Failed.
My boy when four years old was taken with colic and cramps in his stomach. I sent for the doctor and he injected morphine, but the child kept getting worse. I then gave him half a teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy and in half an hour he was sleeping and soon recovered.—F. L. WILKINS, Shell Laks, Wis. Mr. Wilkins is book-keeper for the Shell Lake Lumber Co. For sale by C. Y. Lowe.

Watches!

Are You Aware
That in the course of a year the balance of your watch makes 157,860,000 revolutions!
Think of It.
In time the oil gets, and produces friction, which wears the delicate bearings, destroys their high finish, and perfect fit; thus ruining an accurate time piece.
When you do this do not blame the jeweler because he cannot make it run as accurate as it did before.
An ordinary machine is oiled daily. Your watch from which you expect correct time should be cleaned and oiled once a year. Do not neglect your watch, but have it repaired by Arthur Rice, the reliable jeweler, who guarantees all his work.
