Myrtle Point Enterprise.—Joe Whitelaw, a young man about 25 years of age, and a resident of Catching Creek, suffered a stroke of apoplexy Sunday, and died Monday, as a result of the stroke. He was on his way home from church when he received the attack, and was immediately brought to town for medical treatment, but never gained consciousness. The funeral services were held Tuesday, and the remains interred in the Catching Creek Cemetery.

While visiting Myrtle Point, last week, we noticed many good changes that have taken place since we had been there, among which was street improvement, which is very essential to the welfare of a town. The principal street has been gravelled until it is in good condition, and it will not retain its usual amount of mud in the winter season. The road to the [illegible] the river, below town, is also undergoing treatment, and is to be covered with rock or graveled until it is in a good condition. The town generally is looking up, and there are three or four new buildings in course of construction.

About twenty-five persons from Bandon, including S. N. B. Hunt and family, Amos Corson and family, M. [illegible] and family, Mrs. W. Boyd and daughter, J. H. Hunt, Mrs. S. J. Outew, and ye editor, attended the Latter Day Saint's Reunion at Myrtle Point, returning home Monday, Sept. [illegible]. There were 45 to 50 of the members of the Bandon Branch in attendance, and a very interesting series of services were had, the attendance and interest being excellent. There were two baptisms, and two or three more will follow in a short time. Six members have been added to the branch during the last three months. The Reunion just closed is pronounced the most successful of the three held by the branch. The next one will convene at Lee next August, the exact date to be yet determined.

Owes His Life to a Neighbor's Kindness.

Mr. D. P. Daugherty, well known throughout Mercer and Sumner counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhoea, was attended by two physicians who gave him little if any, relief, when a neighbor, learning of his serious condition, brought him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours. For sale by C. Y. Lowe, Druggist.

Alex Stora, a young man of about 27 years, was drowned last Friday evening at Andrew Forsnes' logging camp, above Parkersburg. It appears that Stora had been helping unload a scow at the camp, and after the task was accomplished, started to take the scow out of the log boom, and in some way missed his footing and fell into the river.

Manager Bedillion, Charles Lorenz, and the Bandon ball team are getting ready to go to Eureka, Cal. Mr. Bedillion will take twelve players with him, having added Drubot, the Marshfield pitcher, and "Scratch" Morrison to his number of players. This addition gives the team three excellent ball twirlers, and provides for accidents. Some twenty odd admirers of the team will go with them, making in all about thirty-five persons. It is not yet decided whether they will await the sailing of the Chico, or go to Coos Bay, and take passage on the Alliance.

Died, Aug. 22, 1903, S. S. Everson. Mr. Everson was born in Aberdeen, Scotland, and when 18 years of age came to America, making his home during the succeeding years in the states of New York, Kansas, Minnesota, and lastly in Oregon. R., and at one time was Colonel of the Second, Kansas, National Guard. The funeral was from the M. E. Church on Sunday afternoon, and the remains were laid away in the I. O. O. F. Coos Bay to be the Terminus.

Special to the Coast Mail.

San Francisco, August 31st.—If George Gould carries out his plans, within a short time he will have reached the Pacific Coast with a railroad in two places, one in California, and the other in Oregon.

While the two roads may retain separate corporation identities, the management will be something like that of the Union Pacific and Oregon Short Line.

By the same interest the Western Pacific is to connect Gould's system at Salt Lake with San Francisco, while the Coos Bay road is to form a link between Salt Lake and the northwestern coast.

It is the intention to build up the port of Coos Bay, which will bid against Portland and Seattle for the great and growing trade between the Pacific northwest and Siberia, China, Corea and Japan.

The construction of the Siberian railroad has given an immense impetus to the trade of the northwestern ports, and Gould, backed by Rockefeller, is determined to have a share of it.

The Coos Bay road has not been surveyed, but as projected in a general way, it is run from Coos Bay, 100 miles north of the California line, southwest through the rich timber and agricultural districts of southern Oregon, across northern Nevada and Utah, into Salt Lake.

Matrimonial Alliance.

A very pretty wedding took place at the home of Mrs. George M. Dyer, Thursday evening, Sept. 8th, at which time, Miss Camilla Lorentzen, of Oakland, Cal., was joined in marriage to Mr. Albert Alton Garfield, of Bandon, by Rev. George Gillespie.

A few minutes before nine o'clock, the strains of Mendelssohn's Wedding March, played by Miss Ethel Dyer, announced the entrance of the bridal party, who, taking their places beneath a bower of white roses, the union was solemnized by the repetition of the beautiful formula of the Presbyterian marriage ceremony.

After the ceremony a dainty repast was served. Only relatives were present. The bride was the recipient of many beautiful gifts.

Mr. and Mrs. Garfield will leave on the steamer Chico for a short wedding trip to California, and on their return will make their residence in Bandon, where they will be at home to their many friends.

The contracting parties are well and favorably known, and have a large circle of friends with whom the Recorder joins in congratulations. A liberal supply of cake is acknowledged.

His Life Saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"B. L. Byer, a well known cooper of this town, says he believes Chamberlain's Colic, Cholera and Diarrhoea Remedy saved his life last summer He had been sick for a month with what the doctors call bilious dysentery and could get nothing to do him any good until he tried this remedy. It gave him immediate relief," says B. T. Little, merchant, Hancock, Md. For sale by C. Y. Lowe, Druggist.

Railroad Terminal.

Eureka, Cal., Sept. 4th—A transfer of realty just recorded, evidences the intentions of the Santa Fe system of establishing a terminus on Humboldt Bay. Three fourths of what is known as the Allen tract has been secured by the Santa Fe people, and a suit in condemnation for the balance of the property is pending. The price paid is reported to have been $75,000.

This tract, which anjoins the Santa Fe's depot here, together with the terminal site of the old Eel River & Eureka road on the north, and that of the California and Northern Railroad on the south of it, both sites being now owned by the Santa Fe, through the purchase of the two roads, will give them one of the best terminals on Humboldt Bay.

Baseball.

Finished The Season.

The champion ball players, of the Coos County League, furnished a very lively exhibition of ball playing in their last appearance on the home grounds here, last Sunday, and after a hard struggle the Scofields won the day's laurels by a 5 to 3 score.

The team was divided to even up the game, the batteries being McKune and Baum for the "Baums," and Oswill and Scofield for the "Scofields." The usual efforts were put forth, and the hits were few and far between.

Much interest was taken in the old "Has beens," Bob Bedillion and C. Lorenz, who gave many a stunt, convincing the fans that they once played good ball. Each secured a hit for their respective team. King Bob, during practice and part of the game, cut a very interesting figure in red pajamas, which he doffed to uncover a Coquille uniform, and it fit him, too—the uniform.

Our "Spider" pitched in his same old way, as did the "Old General," until he received a severe whack on the elbow, which put him out for the rest of the mix-up.

As our scorer was not available, we can only give the runs by innings.

Runs by Innings	1	2	3	4	5	6	1	8	9	
Scofield's Cotton Tops	1	0	0	1	0	0	0	3	0	—5
Baum's Spiders	0	1	0	0	0	1	0	0	0	—2

Two Women Instantly Killed at Daniel's Creek.

A frightful accident occured on the Daniel's Creek logging railroad about 6:30 yesterday (Friday) morning, by which Mrs. W. C. Bickford and Mrs. O. E. Gipson were instantly killed under the wheels of the logging train. The story of the accident, as told by eye-witnesses, is as follows:

The unfortunate ladies, in company with Miss Bertha Smith, had boarded the train at King's camp to ride down to the river, about 5 miles. The train was loaded with logs, and had stopped at the platform, which is on a level with the top of the trucks.

Mrs. Gipson and Miss Smith had boarded the truck nearest the engine, while Mrs. Bickford got on the pilot of the engine, which was headed toward the load.

As the engine labored in starting, some dirty water and soot was thrown upon the ladies, and as the train was moving very slowly, they stepped off and upon the platform to get on a truck farther back. Miss Smith stepped aboard all right, but when the two older ladies stepped on the truck, one of them lost her balance and seized hold of the other to steady herself, with the result that both fell to the track below, and before the train could be stopped or anything could be done to assist them, the unfortunate ladies had been crushed down, and the first wheel of the truck passed over them, the second stopping on their bodies, both being instantly killed.

There were four logs on the truck, and it took some time to raise the car and release the mangled forms of the two unfortunate victims.

Miss Smith had a narrow escape, as she was seized by one of the falling ladies, but Chas. Kern, who was also on the truck, held her from falling.

W. C. Bickford, the husband of one of the unfortunate women, was engineer on the train. As he was on the opposite side of the cab, he did not know that they were getting off the trrin or on again, and he saw nothing ot the accident.—Coast Mail.

Beware of Ointments for Catarrh that Contains Mercury.

Mercury will surely destroy the sense of smell, and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure, be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by all Druggists. Price 75c per bottle.

Hall's Family Pills are the best.

China's building at the World's Fair will be in Chinese style and with Chinese surroundings. It will serve for reception purposes for the Commissioner, Prince Pao Lun, and will be furnished and ornamented with articles of Chinese make to serve as an exhibit.

Watches!
Are You Aware
That in the course of a year the balance of your watch makes 157,860,000 revolutions?
Think of It.
In time the oil gums, and produces friction, which wears the delicate bearings, destroys their high finish, and perfect fit; thus ruining an accurate time piece.
When you do this do not blame the jeweler because he cannot make it run as accurate as it did before.
An ordinary machine is oiled daily. Your watch from which you expect correct time should be cleansed and oiled once a year.
Do not neglect your watch, but have it repaired by Arthur Rice, the reliable jeweler, who guarantees all his work.
