BANDON, OREGON: THURSDAY, OCTOBER 1, 1903

Number 39.

LOCAL NEWS.

New Carpet at Furniture Store.
May, grain and feed at N. Lorenz's Store.

A new line of up-to-date millinery at Denholm's.

Open air Concert by Band every Saturday evening.
"Photo" Buttons, 10 to 15c, at Wrenshall's Gallery.

Peter Anderson, of Denmark, had business in town, Monday.

Col. H. H. Ross returned home on Saturday evening from a business trip to San Francisco.

For Sale.—A four room cottage with outhouses, etc., in the center of Bandon. Enquire of Sanderson Bros.

Ice Cream, each Saturday and Sunday, at the Pacific Ice Cream Parlor and Confectionery, until further notice.

You can get some excellent views of the jetty work and other interesting points near Bandon, of Graves, the photographer.

If you want help on your ranch,—write to J. R. Stillwell at Arago. He has Shepherd pups that will be worth the price of ten men.

Monday was the boss day for salmon, for this season, the catch being 1041, or a few fish above the catch of Monday of last week.

The steamer Chico took out a mixed cargo of matchwood, lumber, butter, and other products, among which was about a hundred boxes of apples.

A penny saved is a penny earned. You can save the penny by purchasing your groceries at H. A. Cox. He always keeps the best, and his prices are all right.

Fred Holgren and A. Olson, who have been in Alaska during the fishing season there, returned home last Saturday, having come up from San Francisco on the Steamer Chico.

J. E. Hawkins, and his son Harvey, of Dairyville, were in town Monday, as was also E. A. Thorhaven, from the same neighborhood. The shipment of butter on the Chico called them to town.

POULTRY FOR SALE.—The finest strain of Black Minorcas and Buff Plymouth Rocks. Eggs \$1 per setting. Cocks for \$1 up. Shepherd and Collie pups for sale. J. R. Stillwell, Arago, Oregon.

Rev. Archibald, who visited this locality in the interests of the First Day Advent Church, finished his appointment here last Sunday evening, and left for his home in Southern California, next morning, going by way of Roseburg.

John K. Scott, who has had charge of the Tupper House for the past three weeks, during R. E. L. Bedillon's absence, left Tuesday for Myrtle Point, where he will work in a sawmill. J. T. Mars will look after the hotel until the proprietor returns.

Marshall Sun.—Superintendent Frank Smith, of the Coos River Salmon hatchery, will remove the Remote hatchery from the Coquille and combine it with the Coos River station. The Remote hatchery proved a failure last year, and the officials have decided to utilize what baskets and paraphernalia they can in the Coos River hatchery.

The Steamer Alliance, which sailed from Coos Bay for Portland, on Wednesday of last week, struck bottom on going out when opposite the jetty. After getting outside she was found to be leaking, and although the pumps were of sufficient capacity to handle the water emitted, the Captain decided to return into the bay next morning, and determine the amount of damage. There were some ninety passengers aboard on this occasion.

The Steamer Chico got into the Coquille River on Saturday, being five days out from San Francisco, having called in at Bear Harbor on her way up. She had on board 140 tons of freight, and 14 passengers. Following are the names of the passengers: William Loane, B G Somers, Lewis E. Spear, R H Ross, J A Jacobson, A Olson, A Garfield and wife, N Anderson, F Helgreen, E A Payson, W P Sharp, Ralph Rodgers and C A Rodgers.

Langlois Item to the Port Orford Tribune: J. L. Childs, a former citizen of Curry Co., and now Superior Judge of Del Norte Co., Cal., spent a day with old friends here, last week. Judge Childs, while here, employed O. P. Haagenen, our popular mill man to take charge of his mills, on the Chato, at \$100 per month salary. Judge Childs is a pleasant gentleman, and we hope he will come again, but suggest that he will be a little careful next time about cutting away our best citizens.

New, good and fresh fruits at H. A. Cox's Grocery.

For first class real estate, correspond with Geo. P. Topping.

Efforts are being made to organize a brass band at Coquille City.

Dan Giles gave Myrtle Point a visit last week, returning here on Monday.

Mrs. R. F. Shannon has been sick for some time past, and has not yet taken a turn for the better.

Dr. J. C. Snook, Dentist, of Coquille, will be in Bandon, professionally, Monday, October 5th, to remain a week.

John O. Bates and Fred N. Perkins, of Two-mile, were in town, Tuesday, having had business that called them this way.

Clark & Dwyer, of Northern Curry, have gone to Klamath with a drove of cattle to be put on the Klamath County range.

Albert Garfield and bride returned home Saturday from their bridal trip to San Francisco, and will make their home at Bandon.

Attorney A. J. Sherwood and family, spent several days here, recreating on the beach, leaving for their Coquille City home on Monday morning.

Mr. and Mrs. Rolla Davis was made glad by the arrival of a son at their home, the latter part of last week. The new comer tipped the scales at about ten pounds.

Mr. and Mrs. J. T. McCormac, of Marshfield, visited Bandon, Monday evening. Mrs. McCormac remained until Wednesday, and was in attendance at the Degree of Honor on Tuesday evening.

A. G. Hoyt hauled a fine large cooking range to Howell's logging camp, Tuesday. Mr. Howell evidently believes that working men must be well fed to secure the best results in labor.

J. L. Kronenburg, Superintendent of the Coquille Mill and Tug Co., at Parkersburg, went to Bridge, on the Middle Coquille, last week, to purchase a lot of sawlogs for his company.

Enterprise: A man accused of robbing a logging camp, near Riverton, of \$3 and a pair of shoes, was arrested at this place by Marshal Carter, Thursday. Sheriff Gallier came up after the prisoner, and took him back to Coquille for trial. The man was a Prussian, and could not speak English at all.

MARRIED. at Bandon, Sept. 25th, 1903, Justus A. D. Morse officiating, Miss Pearl McCormack to Axel G. Erickson. The F. D. Band paid the newly wedded couple a visit last Monday night, and discoursed some choice music just to start their hand-somely on life's journey. After paying their respects to the bride and groom, the boys returned to town to celebrate. The Recorder joins in wishing the young couple a prosperous future.

Tribune: Capt. Burns arrived at Rogue River, from Coos Bay, last week, with his gasoline boat Alta. He left the bay with the hull of a boat in tow, which he intended to use in making another attempt to navigate the waters of Rogue River by steam. When a short distance north of the mouth of the river, an accident occurred that caused him to let the river boat go adrift. The hull came ashore on Bailey's beach, and it is said, is but slightly damaged, and can easily be floated.

Marshall Sun.—Charles Baxter and bride arrived yesterday from California, where they have been spending their honeymoon. While the Alliance was stopping at Eureka, Monday, Mr. Baxter officiated as umpire in the Eureka-Bandon ball game, which terminated in a victory for the latter by a score of 4 to 1. This gave Charley a good opportunity to size up the relative merits of the two teams, and without qualification or hesitation he ventures the opinion that the Bandon bunch has the best of it by a mile.

W. H. Bolton, superintendent of the Bandon Oil Co., was in town this week, having business which called him here. A reporter approached him and learned that work was progressing nicely at the well, but that there is a scarcity of water on account of the dry weather, which makes it necessary to shut down occasionally to let the supply accumulate. The well is now about 300 feet deep, and the indications are all that could be expected. For the last hundred feet the drilling has been through shale rock.

FOR SALE.—A six acre tract, adjoining corporation boundary; slashed and burned, and logs mostly gone; lies east of town. Also one choice corner lot on corner of Spruce and 4th St., and three nice residence lots fenced and cleared on Bluff Street. For full particulars enquire of J. W. Felton, Bandon, Oregon.

Ellert Dyer has taken a trip to San Francisco, having business of an important nature to look after.

The Latter Day Saints start a projected meeting to-night in Recorder Hall. Elders Holt and Anderson will be present.

There will be a social dance, in Long's Hall, Saturday evening, Oct. 3rd, to which all are cordially invited. Tickets will cost 50 cents, and music will be furnished by the Kimo-McCulloch Orchestra.

Coast Mail: The race problem made its appearance in the Marshfield public school yesterday, when two colored children were presented for admission, which was refused by Principal F. A. Golden. The matter will probably be acted upon by the board of school directors.

The steamer Chico sailed for San Francisco, last Monday, having the following list of passengers: H. Shalton, Mrs. Wilson, John Reed, S. W. Mrs. A. E. Smith, V. R. Wilson, Mrs. Matlock, E. Bauer, R. J. Eager, Miss Minnie Nosler, Ellert Dyer and E. L. Carman. There was a lady passenger whose name we did not learn.

Charles Lorenz, who went to Eureka with the ball team, arrived home Monday, having stopped at Coquille a few days on his return to Coos. Charles is somewhat elated over the success of the Bandon team, and we do not blame him. Victory has perched upon their banner, and Chas. was one of the heavy weights behind the team.

There has been considerable rumor of a disastrous nature, about, as to the effect of financial trouble, of the San Francisco firm, Hulme & Hart, upon business here, they having had some interests at this place, but so far as we have been able to learn, it will not affect interests here, otherwise than of a temporary nature, and that after a month or thereabout, this place will be the gainer in the division and dissolution of the firm.

The new fashion catalogue of Men's, Women's and Children's apparel, household supplies, etc., issued by Weinstock, Lutin & Co., Sacramento, Cal., is the handsomest book ever sent out by them. Many of the illustrations are works of art. The book is free, and valuable to have, whether one craves to buy or not.

Weinstock, Lubin & Co. do the largest mail order trade in the west. That is proof that their goods, prices and service are of exceptional merit.

They Played Ball.
News from Eureka brought the intelligence that the Bandon ball team did up the team of that place in a game on last Saturday, in a score of 4 to 3, and again on Sunday, by a score of 2 to 1.

Bann was pitcher in the latter game, and is reported to have pitched an elegant game, while Streib is credited with a home run, having put the ball over the fence.

Betting was indulged in to a considerable extent, as it is reported to have been "good." The team was to leave for San Francisco, on Monday, having finished up their stay in Humboldt County, and made a worthy record as ball-players.

Initiative and Referendum.
Portland, Sept. 23.—W. S. U'Ron, the "father" of the initiative and referendum, will go to Salem, today, where he will file with the clerk of the supreme court of Oregon, the brief of the appeal from the decision of the circuit court of Multnomah county, in declaring the initiative and referendum unconstitutional. The case has been prepared in two briefs, covering the power of the legislature to declare the existence of an emergency, that a law shall go into effect upon its approval; and on the question whether the decision of the circuit court was correct that the initiative and referendum amendment was not legally proposed by the legislative assembly of 1899, and therefore the vote of the people approving it at the general election in 1902 was void.

Coquille Bulletin: T. L. Graves, the Bandon photographer, was in this place, Tuesday, and closed a deal with J. M. Walker, of this place, for his business here, and will take charge of the same about the first of Oct. Mr. Walker went to Marshfield Wednesday, to join his wife, who has been assisting in Riggs' gallery for about five weeks. We congratulate Marshfield on her acquisition of this couple as citizens.

Ice Cream.
I will serve Ice Cream at my Parlors, west of J. B. Marshall & Son's Store, each Saturday and Sunday afternoon till further notice.

Mrs. E. J. Hite.

J. K. McLeod drove a few miles for R. H. Ross, at his wharf here this week.

The run of salmon, in the Coquille, so far is above the average. The catch Tuesday was 846, and was 726 yesterday.

A full line of Ladies' and Children's Capes and Coats, also Ladies' Dress Skirts from \$1.50 upwards, at Denholm's.

Larceny in a Bank House.
Two foreigners, one giving his name as George Smith, a German, and a Hungarian, who name was unable to learn, are in the toils of the law, charged with larceny from a bank house.

Wednesday morning two men entered the bank house at Sturtevant & Crane's logging camp below Riverton, and stole a pair of shoes and \$2.90 in money. Two men from the camp discovered the robbery, and followed the two suspects up the river bank to Beaver slough, thence up the slough to the junction where they were waiting the train to Marshfield.

At sight of their followers, the refugees took to the woods and separated.

Different parties traced them to and through this place that night, and Thursday morning, Lee Goodman arrested the so-called Smith at breakfast at the Myers place near Norway.

Pitchwood collared his man and brought him to this city on the first steamer, and shortly after his arrival, he received word that the other man had been arrested in Myrtle Point about ten o'clock that morning.

They have both been turned over to Sheriff Gallier for safe keeping until their hearing, which takes place today at one o'clock.

Both men are foreigners beyond a doubt, as they can scarcely make themselves understood in English.

The missing shoes were found on the first man arrested, but he says they belong to his partner.—Coquille City Bulletin.

The trial resulted in George Smith being bound over to appear at Circuit court.

A Great Sensation.
There was a big sensation in Leesville, Ind., when W. B. Brown, of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief, and soon thereafter effected a complete cure. Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c and \$1.00. Guaranteed by C. Y. Lowe, Crockett. Trial bottles free."

Alliance Gone to Seattle Dry Dock.
The steamer Alliance was put on the beach near North Bend, but the master was unable to determine the damage she had sustained. The reason the extent of the damage could not be ascertained, was because of the softness of the sand into which the vessel sank when the tide ran out, consequently she left her cargo at the bay, and went to Seattle to go on the dry dock for repairs.

The steamer Prentiss went to Portland in her stead. The Alliance is expected to be ready to start South from Portland about October 3rd.

A New Steamer.
Captain Jensen informed our reporter that this trip is his last on the Steamer Chico, as he will stop in San Francisco, when he returns to the city, to watch the finishing and rigging of the new vessel that is being built for the Coquille trade, and of which he will have charge when she goes into commission.

The new vessel is to have a length over all of about 155 feet, 35 feet beam, and 10 feet depth of hold, and a lumber carrying capacity of 350 M feet. She will be fitted up with the latest improvements, will have electric lights and search-light, and is expected to have a speed of about 10 knots, and will have accommodations for about 35 passengers.

The ship is well under way of construction, and Captain Jensen expects that she will be ready to put on the route in about two months. The new vessel is not intended to displace the Chico, but is to add another steamer to the Coquille trade, thus affording the river and valley still better shipping facilities.

The Coquille Valley has wonderful resources in timber, coal, dairy products, stock, fruit, and other farm produce, and greater developments are sure to come.

Captain Martin is with the steamer Chico this trip, and will take charge of her as master after she returns to San Francisco.

Man Lost Overboard.
The Schooner Advance, J. Jorgensen, master, got in this morning, 15 days out from San Francisco. On her arrival we learned that she had lost a seaman, James DeOrsay, of Eureka, on her way up. The accident occurred at 5:20, a.m., Sept. 21st, in latitude 38 degrees, 40 minutes, and longitude 138 degrees, 25 minutes. DeOrsay fell overboard while taking in the side lights, carrying the green one with him.

A rope was thrown over to him, and two life buoys were thrown him, one of which struck him on the shoulder; he failed to take hold of either.

He caught hold of the log line, but let go that, and although the ship's boat was at the spot in three minutes, he had sank.

DeOrsay was unable to swim, and seems to have lost his power to reason or help himself when he fell into the water.

Makes A Clean Sweep.
There's nothing like doing a thing thoroughly. Of all the Salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures Burns, Sores, Bruises, Cuts, Boils, Ulcers, Skin Eruptions and Piles. It's only 25c, and guaranteed to give satisfaction by C. Y. Lowe, Druggist.

Watches!
Are You Aware
That in the course of a year the balance of your watch makes 157,500,000 revolutions?
Think of It.
In time the oil gums, and produces friction, which wears the delicate bearings, destroys their high finish, and perfect fit; thus ruining an accurate time piece.
When you do this do not blame the jeweler because he cannot make it run as accurate as it did before.
An ordinary machine is oiled daily. Your watch from which you expect correct time should be cleaned and oiled once a year.
Do not neglect your watch, but have it repaired by Arthur Rice, the reliable jeweler, who guarantees all his work.
